To Broccoli Growers!

January 18, 1924.

AFTER investigating conditions in a number of Eastern markets, in addition to conferring with leading produce men representing practically every important market in the United States and Canada, it gives me pleasure to announce that prospects appear favorable for marketing the coming crop.

We are glad to inform our members that the Roseburg loading station is under construction, and private railroad track—6-car capacity—has been placed. Offices and loading sheds will be completed in ample time for handling the crop.

The following is an estimate of our loading capacities for the coming season:

Roseburg	30 cars per day
Dillard	4 cars per day
Greens	4 cars per day
Riddle (3 warehouses)	8 cars per day
Edenbower (team track)	2 cars per day
Sutherland	3 cars per day
Myrtle Creek	1 car per day
Total Capacity	52 cars per day

The Roseburg station is located at the corner of West Douglas and the S. P. railroad tracks.

Temporarily, our office is in the rear lobby of UMPQUA HOTEL.

Respectfully,

FOSTER BUTNER, Manager
UMPQUA BROCCOLI EXCHANGE, INC.
