## Y. STOCK MARKET

(Associated Press Leased Wire.)  
 NEW YORK, Jan. 28.—Considerable irregularity developed at the opening of today's stock market. Most of the rails held firm, but fresh selling broke out in the American B. which dropped 1/8. Standard, which yielded fractional, American Car and Foundry, and American Oil and Pacific Oil fell up fractionally to a new high of 1922.  
 The market continued spotty in early dealings. General Electric broke five points in reflection of Federal trade commission's complaint against it and other companies of an alleged monopoly in radio devices. Famous Players and National Chemical each dropped more than two points and the Pan-American interests extended their losses. Tide-water Oil and Atlantic refining each advanced about 1/8 and good also were recorded. Atchafalaya, The American Tobacco, Air Reduction and Corn Products up 1/2 to 2 points. Foreign news opened higher.

## KNOWERS TO HANDLE

Collected Will Be Spent  
 America, Says Major-General Allen.

Major-General T. Allen, national chairman of the American committee for relief of the children, received by Robert Oregon state chairman, last at headquarters, 715 Corbett Portland, is that all money collected in this country will be used for foodstuffs in America for shipping to Germany. There the material is distributed by the American Red Cross, who have organized to great work.  
 Major Allen also wired the Oregon state relief funds are being collected in Berlin and Bremen for places for aiding women and children. This is vouched for by several investigators there.  
 The German-speaking churches of 28 churches of all denominations and 23 societies, following takes at a mass meeting at the set of this campaign, have contributed several thousand dollars to this relief fund. It is also noted that they have been collecting funds regularly for at least years to alleviate suffering in active land.

## OF HELP IS SMALL

Save Any Starving German Babies?  
 cents a day, in American will save one starving German that war-ridden country, according to a schedule worked out by American committee for relief of the children, which is now gathering a fund of \$10,000,000 for this throughout the United States.  
 Major-General Henry T. Allen, commander of American troops in Rhine, as national chairman, and Colledge, Herbert Hoover and others of their type have indorsed campaign.  
 Mr. H. Strong, who was state chairman of the Hoover food campaign in 1921 in Oregon, is state chairman in this campaign, with headquarters in room 715 Corbett building.

## OPENING UP A NEW COUNTRY

Territory of Quintana Roo, Yucatan, Being Developed by Aid of Caterpillar Tractor.  
 A territory covering 18,000 square miles, which is only 600 miles south of New Orleans and reported to be almost unknown, has been invaded by an American caterpillar tractor. This territory, twice the size of Massachusetts, possessing vast unexploited natural resources, practically without population and nearly 300 miles from north to south, possessing a coast line of probably twice that length, is called the Territory of Quintana Roo, Peninsula of Yucatan, Mexico. The government is territorial, the capital is Santa Cruz de Bravo, a town of about 2,500 midway down the Mexican Gulf coast and most of the remainder of the 9,000 population are located in the villages of Payo Oblepo, Cozumel and Becalar.  
 Modern transportation facilities are non-existent, but the advent within the past month of the caterpillar tractor in the forests of Quintana Roo is the initiation of the development of its soil, which is claimed to be suitable for the production of corn, cotton, beans, coffee, indigo, rubber, sugar cane, tobacco, sweet potatoes, pepper, vanilla, henequen and tropical fruits, in this rich and unexplored section.

## GIRLS STARVE TO STAY THIN

Malnutrition Causes Many Ills of the Modern Flapper, According to One Physician.  
 He is a serious young doctor with his office in the upper fifties. Among his patients are young women of the type that will be known to history as the flapper.  
 "They aren't well and they aren't ill," the young doctor complained indignantly to a New York Globe writer. "There's nothing the matter with them except malnutrition. It takes almost an hour sometimes to examine one of this type of patient, only to find that her heart, lungs, stomach are all in excellent condition. There is nothing particularly wrong except that she is far under weight."  
 "When I tell this type of patient that the answer is always the same. 'Heavens, doctor,' they shriek. 'I wouldn't put on any more weight for the world. Why, I might get hippy. And I could never wear knickers for golf any more, for there is nothing I dislike so much as hippy women in knickers.'  
 "Again the protest is this: 'Why, doctor, if I got fat I might lose my nice ankles, of which I am proud as the stork in the fable. And just when short skirts are coming in again. Oh, no doctor, I couldn't think of getting fatter now. It would quite spoil my type.'  
 "And so they go, with lowered vitality and less resistance to colds and all kinds of disease, just for the sake of style."

## DAMASCUS A BEAUTIFUL CITY

Homs, Hama and Aleppo Also Are Among the Near East's Attractive Places.  
 Damascus is considered one of the most beautiful cities of the East. All along the road from Beirut to this ancient city in the desert there are camel trains, almost in a continuous line, carrying the grain of the plains to the sea and bringing back the produce of the Western World. The bazaars of Damascus are the most interesting in the Near East, although they are not so extensive as those of Constantinople. After Damascus, Homs and Hama, on the road to Aleppo, attract attention, set as they are in the midst of wild, desert country, but refreshed by never ending water. Homs is the center of a great grazing country, and Hama, with its ancient waterwheels pumping water in primitive fashion, is the center of an important silk industry and market. Aleppo is a source of delight, for her bazaars are more primitive than those of any other city in the country and for the same reason full of charm. One can buy any produce of the Near and Farther East from these merchants, the produce of the looms of Persia, the silk of China, brought thousands of miles by caravan, and wonderful brass and inlay work.

## CHURCH ON THE ROOF

A roof garden has been installed on the top of the new \$250,000 Methodist Episcopal church at Austin, Tex. Lacking the lawn which usually surrounds churches in cities the size of Austin and smaller, and on which the night services of summer may be held, the board of stewards decided to build a roof garden where the congregation may worship in the outdoor breezes. Over the four-foot parapet wall, which will surround the roof garden, the congregation will look on the east into the grounds of the state capitol. Special electric fixtures, attached to the walls, will illumine the garden. Movable seats will be installed, and special arrangements made for seating the choir of the church.

## JUDGED BY EFFECT

A small boy visiting his indulgent aunt partook heartily of cake and jam. When asked if he hadn't had all that was good for him, he replied that he didn't know yet.  
 "Well, you're a funny boy," said his aunt. "When will you know?"  
 "In half an hour. If I'm not ill in half an hour, I'll be sorry I didn't take more; and if I'm ill I'll be sorry I took so much. That's the only way to tell that I know of."
