

"I cleared my land at lower cost by using PACIFIC STUMPING"

"ACRES of land now in profitable crops where nothing but stumps grew before—that's what Pacific Stumping did for me and did it at lower cost." Many ranchers around here say this from actual experience. Pacific Stumping gives you one-half more powder for your dollar—shoots sticks for stick with any standard stumping powder, but you get 142 sticks of Pacific Stumping as against 100 sticks of the others. It will not freeze or give you a headache from handling. We sell Pacific Stumping and other du Pont dynamites. See us before buying your next supply.

MINE DELEGATES BOO SECRETARY DAVIS

(Associated Press Licensed Wire.)
INDIANAPOLIS, Jan. 31.—Howls and boos greeted James J. Davis, secretary of labor, when he was introduced by President John L. Lewis to the biennial convention of the United Mine Workers of America here today. Lewis had asked for a respectful hearing for a "member of the president's cabinet."

While the tumult proceeded, Lewis again took the floor and shouted at the top of his voice to make himself heard.

"The honor of your organization is at stake. You are on trial before the country. Exercise self-restraint that our organization not be publicly shamed."

He then requested those unwilling to hear the speaker to leave the hall. After prolonged hand-clapping, Secretary Davis began to speak.

LIEUTENANT GRIFFIS ON WAY TO AMERICA

(Associated Press Licensed Wire.)
BERLIN, Jan. 31.—The understanding was that Captain Hoover Griffith was preparing to cross the German frontier this morning on his way to Paris, possibly ahead of the time for the formal announcement of his release to be made in Berlin.

The foreign office explain the reticence observed with regard to the Griffith case yesterday as "due entirely to the made of journalists through which the case of this magnitude must pass."

HAMPTON, Jan. 31.—Captain Hoover Griffith, who was released from jail at Munich yesterday after serving part of his sentence for the attempted kidnapping of Gustav Bergdell, an alien draft evader, tonight went aboard the steamship Albert Bullin, bound for New York.

Griffith arrived here today with several hundred dollars. One of the conditions of Griffith's release was that he should leave Germany immediately.

J. W. Tolman said through New Orleans, that the 25-acre tract belonging to Mary Aiken, the property is situated in Kalamazoo, and Mr. and Mrs. Lawrence Huthbert were the purchasers.

REICH CAPITOL IS INQUIRY SCENE

Committee of Experts Settle Down to Work on Germany's Budget.

CO-OPERATION IS GIVEN

German Government Aiding in Every Way to Show Experts She Is Unable to Pay Reparations.

(Associated Press Licensed Wire.)
BERLIN, Jan. 31.—The scene of the inquiry into German finances shifted to the capitol of the Reich today as the first committee of experts, headed by Brigadier-General Charles G. Dawes, settled down to work on Germany's budget and currency problems.

Assurance of the complete cooperation of the government and of its financiers and banks, it appeared, would make the expert's task chiefly that of formulating their conclusions from the vast amount of data which will be laid before them. The government itself has prepared a budget for the current year, computed on a gold basis, which it hopes will help stabilize the mark and facilitate the flotation of a new gold currency issue.

With this financial statement to work on, the experts also will be confronted with exhaustive information on Germany's financial condition, including a statement of the reparations payments in cash. They will also be supplied with full information on the Reich's railways which it is expected will figure largely in the expert's final plans for the salvation of German finances.

Many prominent industrialists, have signified their willingness to give the committee all facts and figures at their disposal. Hugo Stinnes and several leading bankers are among those who indirectly have agreed to offer a testimony.

Tomorrow will find the second committee, headed by Reginald McKenna of Great Britain opening its inquiry into exported German capital, the return of which, it is put, is of first importance in putting Germany on a "paying basis" from the standpoint of the reparations committee. The members of the second committee, including Henry M. Robinson of Los Angeles, Calif., arrived from Paris last evening.
