## PROMISE IS MADE OF PROSECUTIONS

President Coolidge in Address Before New York Republicans Outlines Course.

WILL SHIELD NO ONE

Asks Country to Give Support to Mellon Tax Bill and Reiterates His Opposition to Bonus.

(Associated Press Leased Wire.)  
NEW YORK, Feb. 13.—The country today has the definite promise of President Coolidge that there will be immediate, adequate and unshrinking prosecutions, criminal and civil in the oil land leases.

Last night at the national republican club's Lincoln anniversary dinner, during his first visit to New York since he entered the White House, Mr. Coolidge declared he was "intent on the enforcement of our laws without fear or favor, no matter who is hurt or what the consequences."

"In this effort there will be no politics, no partisanship," he asserted referring to the contemplated oil lease prosecution. "It will be speedy; it will be just. I am just a republican but I can not on that account shield anyone because he is a republican. I am a republican but I can not on the account prosecute anyone because he is a democrat."

The president's reference to the senate investigating committee's disclosures and his attitude toward them aroused the greatest applause of any of the declarations he made in his address, which was heard by 2,000 men and women guests of the republican club. He also referred to the agricultural situation in the northwest and asked the aid of the east in alleviating it. Much of his address however was devoted to a discussion of tax revision with a reiteration of his support of the Mellon bill "without material alteration and compromise."

The chief executive presented an appeal to the country to support him in pressing for passage of the Mellon bill, saying that unless the people "make their wishes known to the congress without regard to party, this bill will not pass."

Mr. Coolidge also reiterated his opposition to the bonus, declaring it would result in inflation and higher prices and adding that "a few months of good times are worth more to the service men than anything they could receive in the way of a bonus."

The president, accompanied on his eight-hour visit to New York by Mrs. Coolidge left for Washington at 12:45 today, arriving at 4:33 p. m. yesterday in the presidential car attached to a regular Washington-New York train, the Coolidges and their party drove through cheering throngs amid a driving snowstorm, directly to the new woman's national republican club. There the president and Mrs. Coolidge shook hands with New York's most prominent women republicans and drank tea with them.

Thence they were hurried to the Waldorf-Astoria, the impending darkness being lighted along the route by flares and photographers.

ed by the president lack the specialized legal experience needed to prosecute the oil suits.

In addition the oil committee has been told by Mr. Strawn that he is a director of the First National and the First Savings and Trust banks of Chicago, both of which have been referred to in committee testimony as "standard oil banks."

WASHINGTON, Feb. 13.—The senate today adopted a resolution of Senator Dill, democrat, Washington, calling upon the state department for copies of all diplomatic correspondence in connection with the senate's ratification of the Columbian treaty which was urged by Former Secretary Fall.

A second resolution by Senator Dill calling for similar reports from the state department as to communications it may have had concerning oil concessions or leases in nine other countries also was adopted.

### Operation Avoided

Portland, Oreg.—"Dr. Pierce's medicine has been so very beneficial to me that I am glad to give my recommendation. Doctors said I would have to undergo an operation, but after taking the 'Favorite Prescription' I found that an operation was not necessary. During one expectant period I suffered with inflammation and became so weak and rundown I could not do my work. Doctors again advised an operation, but instead I began taking the 'Favorite Prescription' and it soon put me on my feet. My health returned, I had practically no suffering, and my baby was very healthy. Since that time whenever I have felt badly I have taken the 'Favorite Prescription.' It always makes me well in no time."—Mrs. Isabella McLachlan, 768 Mich. Ave.

flashlights. They remained in the presidential suite on the third floor of the hotel until 7:30 when they entered the historic grand ball room and were greeted by prolonged cheering by the 2,000 assembled guests.

At the president's table were some 30 distinguished republicans. Mrs. Coolidge heard her husband speak from a box in the balcony, surrounded by flowers.

Mr. and Mrs. William S. Allen, and Mr. H. D. Blair, were among the Oakland residents who spent today in Roseburg transacting business affairs.

### PRETTY WEDDING HELD LAST NIGHT

A pretty home wedding was solemnized at seven o'clock Tuesday evening, at the home of the bride's grandparents, Mr. and Mrs. Ringer Hermann, uniting in marriage, Miss Maybelle Miller, and Merrill Thorne two well known Roseburg young people. The ring ceremony was read by Rev. H. L. Caldwell of the Baptist church, in the presence of a few close friends and relatives. A buffet lunch was served after the ceremony, and the bridal couple left immediately afterward by automobile for Portland and other northern points where they will spend a short honeymoon.

The bride has resided in Roseburg all her life and is a graduate of the Roseburg High School and the University of Oregon. She is a member of Delta Gamma sorority. Mr. Thorne is the son of Mrs. W. J. Clark of this city, and is connected with the Chapman Pharmacy as a druggist. They will reside in Laurelwood where Mr. Thorne recently completed a new bungalow.

### HELPED HER LITTLE GIRL

Children need all their strength for growing. A lingering cold weakens them so that the system is open to attack by more serious sickness. Mrs. Amanda Flint, Route 4, New Philadelphia, O., writes: "Foley's Honey and Tar cured my little girl of the worst tickling cough. I had tried many things and found nothing to help until I got Foley's Honey and Tar." Gives immediate relief from distressing, racking, tearing coughs; soothes and heals. Good for colds, croup and whooping-cough.

### McADOO'S CHANCES TO BE INVESTIGATED

(Associated Press Leased Wire.)

WASHINGTON, Feb. 13.—The question of William G. McAdoo's availability for the democratic presidential nomination is to be put up to a conference of state leaders fostering his candidacy to be held in Chicago at his own suggestion.

In a letter to David Rockwell, convention manager in charge of his rational headquarters at Chicago, Mr. McAdoo last night asked him to call the conference to determine whether

his service as counsel in the handling of the Mexican interests of E. L. Doherty "is prejudicial in the cause of progressive democracy."

He also recommended that "progressives outside the democratic party, representatives of labor, representatives of the farmers and any others you may think advisable," be invited to participate "in order that we may get as far as possible a true index of public opinion."

ations for a settlement." "You wanted to hold the summons as a club to force a settlement, with Mr. Bonfils Denver Post?"

Stack said L. L. Aitken of the Pioneer company started settlement negotiations and said Sinclair should settle. A conference was arranged with Sinclair in New York and in September the witness said "Sinclair and the Pioneer company sent word they wanted to meet us in Kansas City."

"Did you and Mr. Bonfils consider the easiest way to get money out of Mr. Sinclair was to continue pounding Sinclair's leases in the Denver Post?" asked Chairman Lenroot. "I'm not managing editor of the Denver Post. I know nothing of its policy. I was interested in getting my money."

"But you wanted Bonfils to assist you?" "In an honorable way, yes."

WASHINGTON, Feb. 13.—Kary C. Schuyler, a Denver attorney, wired Senator Walsh, today that he has in his possession correspondence which he thought the senate oil committee should have. Senator Walsh said he would be summoned.

At the same time the Montana senator received a telegram from D. A. Stackelbeck of the Denver Post, saying he had good reasons to believe that the correspondence in Schuyler's possession was "sensational."

Stackelbeck's telegram follows: "Have good reason to believe that Karl C. Schuyler, Denver attorney has sensational correspondence in his possession regarding Teapot matter. I believe he should be subpoenaed and asked to bring any correspondence he had with him by newspaper publishers."

Schuyler's telegram said: "I acted as personal counsel to John Leo Stack in connection with his contract with Pioneer Oil company and his claims arising therefrom. Charges have been made in the local newspapers, which by implication, involved me in wrong doing in connection with the subject matter. I also have in my possession certain correspondence I believe that your committee should see and hereby request opportunity to appear before you at earliest convenient time. Please wire."

WASHINGTON, Feb. 13.—There

were further indications today of impending developments of first importance in connection with the designation of government counsel to prosecute the oil lease cases.

The question was talked over with President Coolidge by Chairman Lenroot of the oil commission and Senator Curtis of Kansas, the republican senate whip and afterward there was increasing evidence that the committee would refuse to give approval to one of both of the men nominated as counsel by the president.

Meantime some of those intimately acquainted with the trend of developments believe that voluntary changes may be made in the president's selections precluding the necessity of adverse action.

WASHINGTON, Feb. 13.—J. Leo Stack, a Denver oil man, testified today before the senate oil committee that Pioneer oil company officials had told him confidentially a week before Teapot Dome was leased that Harry F. Sinclair was to get the lease.

WASHINGTON, Feb. 13.—President Coolidge apparently is preparing to withdraw from the senate the nomination of Silas H. Strawn of Illinois as special government counsel in the oil lease cases.

It is possible that the name of Altee Pomerene, Mr. Strawn's colleague, also will be withdrawn. James R. Garfield of Ohio, who was secretary of the interior under Roosevelt may be chosen as counsel in place of Mr. Strawn.

WASHINGTON, Feb. 13.—A prediction that public opinion will force President Coolidge to remove every official connected with the oil reserve leases was made today by Senator Robinson, Arkansas, the democratic leader in reply to the president's refusal to accept the senate's advice and immediately ask for the resignation of Secretary Denby.

WASHINGTON, Feb. 13.—Confirmation of the two men chosen by the President, Silas H. Strawn of Illinois, and Pomerene of Ohio is opposed by some democratic senators who have taken leading parts in the oil industry and there is a disposition among the republican senate leaders to believe that Mr. Strawn at least will fall of confirmation.

Whether Mr. Pomerene also will be denied senate confirmation is more uncertain. The committee probably will not act before tomorrow. Those opposing confirmation take the position that the two men selected
