SALEM ELKS TO BUILD NEW HOME

(Associated Press Leased Wire.) SALEM, Feb. 14.—One hundred and fifty thousand dollars, exclusive of furnishings and the cost of the property, is to be spent by the Salem lodge of Elks in the erection of a new temple, the building committee of the lodge decided last night. The architect has been instructed to submit plans at once and building operations will be started this spring.

BENSON AND HIGH SCHOOLS ROBBED

The High School and Benson school were both entered last night by unknown persons who procured about \$60 from the high school. The robbery was undoubtedly the work of some student who had knowledge of the fact that some money was procured yesterday from the Kerr Nursery by the school children. The pupils at the Benson school yesterday turned in their money, amounting in all to about \$38. This money in turn was taken to the high school, where it was placed in one of the office desks. In Superintendent Hamm's desk, a small sum taken in for tuition had been left, and one of the teachers had put several dollars in Principal Johnson's desk, the money having been turned in by students for subscriptions to a magazine to be used in school work.

It is believed that the thief, or thieves, went first to the Benson school where desks were overturned, drawers pulled out and considerable confusion caused by the search for money. Finding nothing there the high school was entered and the desks forced open and the money left there taken.

The robbery was reported to the sheriff's office today and a finger print expert has been spending the day in an effort to obtain evidence to aid in locating the guilty parties.

GOVERNOR PIERCE APPEALS TO PRESIDENT COOLIDGE TO SUPPORT McNARY-HAUGEN BILL IN BEHALF OF CONSUMERS OF U. S.

(Associated Press Leased Wire.) SALEM, Feb. 14.—By telegraph Governor Pierce today made a direct appeal to President Coolidge to support the McNary-Haugen bill. The governor refers pointedly to the President's Lincoln Day speech and makes his appeal "on behalf of the producers of America's bread" and urges the president to use the power of his office for the reduction of the consumers' taxes "by reducing the tariff on articles of common sense application and for the reduction of freight rates to a point such that the farmer can dispose of products at a profit."

Remedies that have been suggested for the plight of the farmer, the governor declares fail to reach the root of the problem and he emphasizes the point that the farmer is "buying under a protective tariff and is compelled to sell on a free trade basis."

"I have followed with deep interest press reports of your Lincoln Day speech and particularly that portion respecting agricultural," says the governor's telegram. "I have for more than a third of a century been in the active business of raising wheat. Based on that experience and the knowledge of farming conditions of today, I am taking the liberty of calling your attention to pertinent facts relative to the agricultural situation which I fear have been overlooked. It is not credit that the producers need. It is not a change to diversified crops alone nor is it within the power of the producers to work out their own salvation as has been suggested. Those plans fail to reach the root of the problem. The producers need above everything else a reasonable price for their products. Today prices in most cases are far below the actual cost of production. For everything

Timber Sources Moving Westward.

The center of the lumber industry is migrating to the West, which movement has been going on quietly and steadily since about 1900, when the cut in the Lake State pineries began to dwindle. The South has been the chief source of lumber for the greater portion of the country; now this source of supply is falling rapidly and production in the West is increasing. This means among other things that the national forest lands will be more and more drawn upon for supplying timber for various purposes.

KENNETH WILLIAMS, HOME RUN STAR, IS VISITOR IN THE CITY

Kenneth Williams, runner-up for the champion home run hitter of the world, was a visitor in Roseburg today for a short time. He is enroute to Portland with Does Burgess, Roseburg boy, who was well acquainted with Williams during the time the ball star resided in Grants Pass. They are going to Portland to witness the fight between Gorman and Dundee tomorrow night.

Kenny held second place for home runs last year, Babe Ruth leading him. He slammed out 29 homers while playing with the St. Louis Browns, the team for which he has been playing during the past six years. His batting average last year was .257, the highest average he has attained during his ball career.

He leaves in about two weeks for Mobile, Alabama, where he will go into training for the season. He is a likeable fellow, a lover of the baseball sport, and in spite of his honors won in the east is most unassuming. He dislikes to talk of his own accomplishments, but on the contrary, has nothing but praise for his teammates and other ball players who occupy the top rung in the ladder of stardom. Williams is well known on the coast, having played several seasons with Portland. He claims this is God's country and in an interview this morning with a News-Review representative stated he would not trade one square inch of Pacific coast soil for all the land east of the Rockies.

He loves to talk baseball and he warmed up to the subject this morning, discussing the wonderful pitching ability of Walter Johnson. It is a baseball education to discuss the subject with Williams, who is far from

R. H. S. TEAMS TO DEBATE TOMORROW

The local high school debating teams meet representatives of the Eugene high school in two forenoon battles tomorrow evening. The negative team for the Roseburg school debates here and is composed of Harvey Roser and Paul Geddes. The affirmative team will go to Eugene to defend the title there. Hall Seely and Robert Starrett are the members of this team. Both debates are to be held tomorrow night and will be based upon the state income tax question which is the state question for debate in the league. A number of songs by the combined glee clubs and individual numbers by the separate clubs will precede the debates here. All four of the R. H. S. debaters have spent several months in the study of the debate and a good showing is expected on the part of both teams. For the past two years the local debaters have won the district championship and tomorrow's contests will determine whether they will retain it this year.
