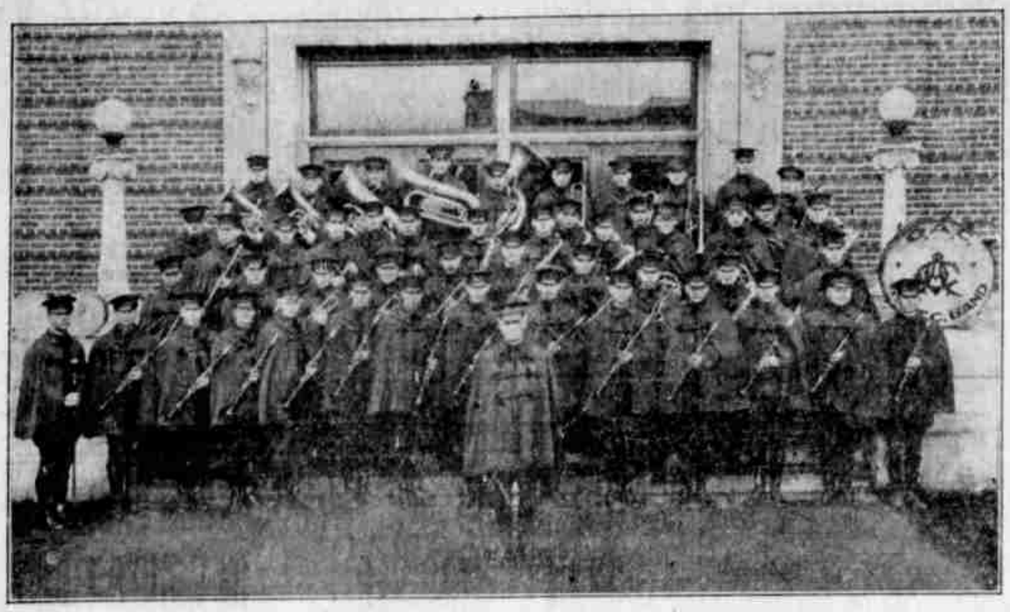
O. A. C. Military Band to Play Here Tuesday



The Oregon Agricultural College military band will give a concert and dance here at the Armory March 18, when it stops on its nineteenth annual concert tour through Southern Oregon and northern California. Thirty-six men will be selected from the college organization by Captain H. L. Beard, director for 19 years, to make this nine-day tour during the college spring vacation. The trip is being made in a special car to save time.

By giving concerts and dances at the towns visited, the organization is made self-supporting. The band orchestra which plays at most of the student body dances and many private receptions at Corvallis is considered one of the best on the college campus. Many of the young musicians in the college musical organization were leaders in well known bands of the state. The drum major led the Scots band of San Jose, Cal., that won first place in the marching contest at San Francisco more than a year ago.

Several trips have already been made since school started last October. It accompanied the college football team to Boise for the Idaho-O. A. C. game on Armistice day, to Portland for the Multnomah club-O. A. C. game on Thanksgiving day, and to Eugene for the annual U. of O.-O. A. C. game. On each trip made the band was well received.

Stops will be made at Roseburg, Medford, Weed, and Yreka, California, Klamath Falls, Ashland and Grants Pass. With the experience and training the band has had this year and with the many skilled and well known musicians composing different sections, the band should make an even greater impression on the towns visited on this tour than it did on its tour of southern Oregon four years ago.

OTTO HARTWIG IS BADLY INJURED

President of State Federation of Labor in Serious Auto Accident.

THREE OTHERS HURT

Hartwig Severely Bruised and Has Broken Rib and a Fractured Jaw—Accident Near Astoria.

ASTORIA, March 13.—Otto R. Hartwig, president of the state federation of labor was seriously injured and three other occupants of a bus owned by Columbia Stages Inc., are in a hospital here following a highway accident this morning one mile east of Kerry.

The stage, driven by A. W. Maguire, struck an abutment to the concrete bridge when the lights went out suddenly as it was rounding a curve.

Hartwig, the most severely hurt of the four, has a broken rib and a fractured jaw, attendants at the hospital announced after an x-ray examination this morning. Several stitches were taken in wounds about his head and his eyes were swollen shut. The other injured are:

K. M. Maguire, driver, face badly cut and wrist probably broken.

Mr. Schoenbeck of Evenson, rib broken and body bruised.

The fourth man, whose name was not learned, received a slight cut under the chin and was discharged from the hospital. A fifth occupant of the stage, who escaped uninjured walked away from the accident scene before assistance arrived.

All passengers were asleep when the crash occurred, but Hartwig said today that the lights had gone out on two occasions while he was awake.

Guire declared he had been having trouble with the lighting system on the whole trip from Portland and that the lights failed again just as the machine hit the curve just before reaching the bridge.

The stage, although damaged remained upright after the crash.

Hartwig, who has been prominently identified with Oregon labor for years, was on his way to Astoria to address the Kiwanis club at its noon luncheon today.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed-up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

UMPQUA CHIEFS TO SPONSOR CARNIVAL

A lively meeting of the Umpqua Chiefs was held last evening at the office of A. T. Lawrence. The boys were all pepped up with enthusiasm and several matters of importance were brought before the gathering for final dispostion.

Considerable discussion was had in reference to staging Roseburg's annual strawberry carnival, but definite action was postponed until it could be ascertained whether or not it will be possible to get the co-operation of the local schools to take part in the festivities. This is a matter that will be disposed of at a meeting of the school board this evening at which a committee from the Umpqua Chiefs will be present. If it can be arranged for the pupils to take part in the parade during one day of the three days' program the carnival is assured and the Umpqua Chiefs will sponsor the event and put on a three days' program. The dates have been only tentatively set, but it was thought that May 22, 23 and 24 would be the opportune time. These dates come during the closing days of school at which time the students will be busy with their examinations and other school responsibilities and their assistance, which is paramount, had not been fully determined as yet. It is hoped they will be able to take part in the program which will assure a feature of the event. The committee to meet with the school board will report their findings at a special meeting of the Chiefs to be held next Wednesday evening. If the school can cooperate one of the best strawberry carnivals ever held here is assured.

CANNERY TO MEET WITH SUCCESS

Local Plant Enjoying State and Nation-Wide Reputation for Excellence.

EXTENSIONS PLANNED

Only Advertising, Co-operation and Support Needed to Place Cannery on Highest Plane.

A series of articles written exclusively for the Roseburg News-Review by Channing Howard Cook, author, lecturer and traveler.

The success of the Umpqua Valley Cannery for the year 1924 is assured although prices for canned goods are not all that they should be. The present demand shows quite an increase and the demand is constantly growing stronger. The Umpqua Valley Canning company will in the very near future enjoy a state as well as nation-wide reputation for its excellent products.

The cannery is having no trouble in the disposal of its product, although the plants are run to capacity. On the contrary, some orders have had to be turned back on account of lack of facilities to fill them.

The cannery most certainly proved to be a most welcome asset to Douglas county, especially Roseburg, as the monthly pay roll is said to be in the neighborhood of approximately $8,300.00 when the plant is in full operation.

The major portion of the fruit sent out by the cannery has been sent out to jobbers and the general trade, bearing the regular plant label. However, some goods carry very attractive labels such as "Roseburg's", "Umpqua Chiefs", etc., which will help considerably in putting Roseburg on the map.

The Umpqua Valley Canning company is said to be one of the few canning plants in the United States which has been successful in producing a cauliflower pack.

During the past season more than 300 cases were shipped out mostly to eastern and southern points. The demand is for more of their product; in the east the demand is constantly growing. It is reported that one of the states in the south land has placed a large order for this spring's pack.

During the past season more than 300 cases were shipped out mostly to eastern and southern points. The demand is for more of their product; in the east the demand is constantly growing. It is reported that one of the states in the south land has placed a large order for this spring's pack, and taking into consideration the fact that much larger acreage has been planted to broccoli this year than last, that the out-put should be in excess of 400 cases this season.

Broccoli shipments last year totalled approximately 250 carloads, the cars going in the main to Canada and the northwest. The crop of 1924 is claimed will reach between 500 and 700 carloads.

Brocoli comes on the market as a rule in March, starting the later part of Februray when other green stuff is very hard to obtain, and quite naturally commands a high price. Broccoli easily has the advantage over the cauliflower owing to its fine quality.

A cash market enables the growers to realize on their crop without any delay.

Two new organizations are now in operation which expedite the successful handling and marketing of broccoli. A new ware-house and loading platforms have recently been built, and facilities will be ready to handle the crops with the least trouble and delay.

The cannery is owned by a company principally of Douglas county men as stockholders: president, John Busenbark; vice-president, W. O. Clinger; secretary, J. F. Heidenreich; manager and treasurer, A. J. Geddes. The board of directors is composed of John Busenbark, D. B. Bubar, W. O. Clinger, L. R. Skinner and S. D. Cooley.

The famous Umpqua Valley, and especially Roseburg, have received much publicity pertaining to the broccoli and its high quality.

The climate is ideal, and everything points for continued success for the cannery and the growers, and with every one working in harmony together, advertising and boosting, you will be able in the near future to make the Umpqua Valley and Roseburg as well known in all parts of the United States as it is to the pioneers of Douglas county.
