Entered as second class matter May 17, 1920, at the post office at Roseburg Oregon, under the Act of March 3, 1879.

ROSEBURG, OREGON, FRIDAY, MARCH 14, 1924.

ARE YOU FOR A PUBLIC LIBRARY?

Are you for a public library building for Roseburg? It should be needless to ask such an absurd question, for we know that a progressive community the size of Roseburg should not be lacking in this respect, but we want you to express your wishes at the voting booth next Tuesday. This is the only conclusive way to cinch a library for the city. Those persons who have been most prominent in the movement for a public library building and the full equipment thereof, have been behind the movement for a long period, and it is little wonder that their patience has not been exhausted before this time.

But, we are glad to say, there is no such thing considered as "leaving the ship" right now when the prospects were never better for concerted effort to establish this much needed acquisition to the city's welfare.

The question is being placed before the people as it rightfully should be. All will have the opportunity of sharing in the benefits to be derived from voting a bond issue to carry the project to a reality. And it is really distressing to note the manner in which the public generally has tossed about this very important asset to the city's accomplishments during the past few years without definite action.

However, the course is now open for concerted effort and deliberate action and there should be no question of the ultimate outcome of the proposed bond issue. It should carry almost unanimously. But to do this it is going to be necessary for the people of Roseburg to shake off that usual lethargy displayed on election day—lack of responsibility for the welfare of their own home town—and get to the voting booth and mark a ballot. You cannot get anywhere by staying home and letting the other fellow do it. This means defeat.

For once and for all, let's put the library project over with a bumper vote and clear the slate for other progressive matters that are constantly commanding the public's attention.

Two propositions are before you as to locations for the library building—one the A. C. Marsters home, the other adjoining the Howell apartments on Jackson street. First, vote yes on the bond issue, then select one of the other proposed sites and vote yes on this measure.

Let's go over the top good and strong Tuesday. But, in order to do this, it will be necessary to get out and vote. You won't get anywhere staying at home and letting the other fellow do it.

Calling at this office today was a local citizen to comment on the "City Beautiful Campaign" now taking good root in this city, and he was wondering if the local telephone company was attempting to knock the program into a "cooked hat" by some crude repair work being done on North Main street. Telephone poles in that vicinity that are on the verge of toppling over and should be replaced by neat, substantial poles, are, on the contrary, receiving a patched job in the shape of a shorter pole being set in the ground as a brace, making a most unsightly appearance to the eye. In conversation with Manager Farrington we were informed that the company is experiencing some trouble in getting the proper poles used by the company, which are of eastern cedar, and that the particular work in question is of a temporary nature to give the poles sufficient strength to carry a new and special service to be established with the Coos Bay section, and that it was necessary to make these repairs at once. Main street residents are not taking kindly to the proposed improvements and hope work of a more substantial and pleasing nature will soon be put into effect.

Your income tax return for 1923 must be mailed tomorrow. Not later than the 31st of the present month your state income tax report should reach the tax department at Salem. Then you have about five days to square yourself with the county for last year's taxes. Who was it that said a tax reduction campaign was going on in this state? And who was the distinguished gentleman that made reference to cutting taxes in two? The greater tax reduction talk the greater increase in the amount you are compelled to pay is conclusively demonstrated in Oregon today. All the promised curaeals are fading into oblivion. But, in the language of a once prominent circus manager, the "people love to be buccooed." They are sure sucking a nicely colored stick of candy dipped into a long glass of pink lemonade—artificially colored by a lot of campaign bunk spread throughout the state.

Roseburg ought to stage a good strawberry carnival and Roseburg schools should participate. It is not only a good advertisement for the city, but our public schools as well. It makes the taxpayer feel a degree of pride to watch the younger generation out on display. He gets a good view of what his money, in the way of school taxes, is accomplishing and an excellent impression of the responsibility entrusted to our school authorities and teachers.

Have you signed up as a Chamber of Commerce member? There's a bunch of fine fellows going over the top every day and the list of new members is taking on a mighty encouraging aspect.

REBEL GENERAL HAS MADE A SURRENDER

(Associated Press Leased Wire.) VERA CRUZ, March 14.—General Eduardo Love, rebel, has surrendered to the federalists with 600 men. He was permitted to retain his command, joining the government forces. Refugees arriving from Puerto Mexico say the rebel General Candido Aguillar has returned to Frontera, leaving General Benito Torruco in command with 1800 men and gunboats. General Jose Dominguez, commanding government forces, is reported at Ojapa waiting reinforcements. A battle for the possession of the port is expected shortly. (Previous reports were that Puerto Mexico had been captured by the federalists under Dominguez.) The rebels are reported to have re-occupied Minatitlan after fighting in which there were 100 casualties. A gunboat participated in the attack.

SIMPLE WAY TO TAKE OFF FAT

There can be nothing simpler than taking a convenient little tablet four times each day until your weight is reduced to normal. That's all—just purchase a box of Marmola Prescription Tablets from your druggist for one dollar, the same price the world over. Follow directions—no starvation dieting or tiresome exercising. Eat substantial food—be as lazy as you like and keep on getting slimmer. And the best part of Marmola Prescription Tablets is they are harmless. That is your absolute safeguard. Purchase them from your druggist, or send direct to Marmola Co., 4612 Woodward Ave., Detroit, Mich.

MAN INDICTED IS SERVING A TERM

(Associated Press Leased Wire.) SALEM, March 14.—Tom O'Brien, alias "one eyed" Tom Gray, who was indicted in Los Angeles yesterday on a charge of being implicated in the robbery of the Arcadia National Bank in the Oregon state penitentiary doing a life term. His career in the Oregon prison has been a varied one and includes a seven year period of freedom dating from an escape in 1911. Gray practically denies that he was implicated in the California robbery. He declares he was working with a construction crew in Nebraska at the time and that he can prove an alibi. Gray was convicted in Multnomah county on a charge of robbery armed with a dangerous weapon and was received at the Oregon penitentiary November 17, 1912 to serve life. He was 23 years old at the time. He was made a trusty December 28, 1916, and March 25, 1917, escaped from the prison farm. He was never heard from again until a few months ago when he was picked up as a suspect at Thermopsis, Wyo. He was identified by prison records and returned to the Oregon prison November 24 last.

MEETING OF APPLE AND PEAR GROWERS.

All apple and pear growers interested in a marketing outlet and who desire to see an old and reliable concern established here are asked to be present.

WRECKED MINE IS BEING EXPLORED

(Associated Press Leased Wire.) CASTLE GATE, March 14.—Exploration last night of the south end of the Utah Fuel company mine number 2 where 173 men were entombed Saturday morning resulted in the finding of 22 additional bodies, bringing the total recovered up to 163. Every part of the mine now has been explored and there are 10 bodies yet missing. Fresh crews have been called to take up the work and a thorough search of the entire mine has been started in an effort to locate the 19 missing bodies. Whether the 10 bodies will be found in nooks and corners or whether the bodies have been burned by the various fires which have occurred in the mine in the week cannot be ascertained until the crews make further search. As soon as all bodies are removed from the mine an investigation will be begun to determine the cause of the explosions responsible for the disaster.
