MANY COMING FOR COMMUNITY DINNER

Arrangements are maturing for one of the most delightful membership dinner meetings that the Chamber of Commerce has ever fostered for next Wednesday evening at the South Methodist Church. The arrangement committee has been able to secure a dinner that will be the last word in taste and speed of service. The program committee will have a number of delightful musical numbers to be given during the program, and the ticket committee from Umpqua Chiefs started out at 10 o'clock this morning with the firm determination to sell at least 200 tickets for the event.

The secretary of the Chamber of Commerce visited Myrtle Creek, Riddle and Canyonville yesterday afternoon in company with T. H. Ness, and found the business men there a unit in wishing to cooperate to the fullest extent. There will be at least a half dozen business men from each of these towns present Wednesday evening. A telephone message to Reedport yesterday brought a response that a number of business men would attend the dinner from that city and Gardiner. With the towns north already promised to cooperate it would not be a stretch of imagination to state that 250 boosters will sit down to the dinner Wednesday evening.

The dinner will start promptly at 6 o'clock and will be over by eight o'clock so that the program will not drag, and all attending will still have the evening for any other engagements they may have.

The secretary will have tickets for sale so that any who have been missed by the committee may call at the Chamber and secure reservations there.

Salem, Oreg.—"I consider Dr. Pierce's medicines are the very best that can be used by those who are in need of medical aid. When I was growing I became run-down and suffered with irregularities, but after taking Dr. Pierce's Favorite Prescription I got strong and had no more trouble. I have also taken Dr. Pierce's Golden Medical Discovery and found it an excellent purifier of the blood and for disordered stomach. I highly recommend both of these medicines of Dr. Pierce's as I have found them good and reliable."—Mrs. Alice D. Myers, 1175 Market St.

NOTICE TO EXTERMINATE GROUND SQUIRRELS

Every person, firm, co-partnership, company or corporation residing on, owning, leasing, occupying, possessing, or having charge of, or dominion over land, building, wharf, or dock, infested with digger ground squirrels in Douglas county, Oregon, is hereby notified to begin at once to effectively exterminate and destroy all such digger ground squirrels.

The following poison for mixing and instructions for use thereof is the method most expedient and effective to be used for the extermination and destruction of such ground squirrels and is hereby recommended, to-wit: alkaloid strychnine used on either barley or wheat, barley preferred, mixed according to the following formula and manner, to-wit: Barley, clean grain, 16 quarts; Strychnine, (powdered alkaloid), 1 ounce; Bicarbonate of Soda (baking soda) 1 ounce; thin starch paste, 3-4 pint; heavy corn syrup, 1 pint; glycerine, 1 tablespoonful; Saccharine, 1-8 ounce.

Mix thoroughly in a clean vessel, 1 ounce of powdered strychnine (alkaloid), 1 ounce of common baking soda, and 1-8 ounce of saccharine. Over this pour 1 pint of thin, hot starch paste and stir well. (The starch paste is made by dissolving 1 heaping tablespoonful of dry gloss starch in a little cold water, which is then added to 34 pints of boiling water. Boil and stir constantly until a clear thin paste is formed.) Stir in 1 pint of heavy corn syrup and 1 tablespoonful of glycerine, making sure that none of the heavy syrup paste sticks to the bottom of the container. Pour this mixture over 16 quarts of good cleaned barley and mix well so that each grain is coated.

From the date hereof until May 1st is the most effective time to poison and destroy the digger squirrels, as they are just emerging from their hibernation; they are hungry and food is scarce.

This notice is published pursuant to the statute in such case made and provided and for two consecutive weeks or three issues, and all persons described therein are required to take notice thereof.

Dated and first published this 7th day of March, 1924.

SUNDAY DINNER—12 to 8

STATEMENT MADE FOR CITY COUNCIL

(Continued From Page One)

then its members should be recalled. They are unanimous in their opinion that there should be real competition, which does not exist under the present conditions.

"It is not believed that the voters of the city intentionally tied the hands of the council. It is believed that the vote for the fire truck was an expression of the people that they desire better and more adequate fire protection, and that they did not intend to specify any particular kind, style or size of apparatus, but intended that such discretion be left in the hands of the council. But this amendment did not work in that way, and consequently the council desires to resubmit the proposition in such a way that authority would be given to purchase the fire apparatus deemed best for the city.

"There has been considerable criticism concerning this action, and, on the other hand, many people have expressed approval.

"At the last regular meeting Russell Wilson appeared before the council in reference to the A. G. Long company. The council stated that it did not intend to convey the impression that the A. G. Long company had anything to do with the situation, but Mr. Wilson persisted in his presentation of the fire truck matter. He stated that he did not represent the company, but that he was friendly with them, and also stated that he represented some of the taxpayers of Roseburg. The tax rolls have been investigated but we cannot find where he is a taxpayer, at least under the name of Russell Wilson.

"The council believes that there is no general dissatisfaction over the delay, and if there was such dissatisfaction that there would be a big delegation appear rather than one man.

"I believe that the city council is composed of men who have the city's interests at heart. They are willing to give of their time without recompense to the city's work and I do not believe that they intend to do anything which is not for the city's advancement. None of them have their hands behind their backs and are not working for any particular interest. I believe that they can be safely trusted to do what is right. It is only good business to secure the greatest competition in a matter involving the expenditure of such a large sum of money and after all proposals are in, and the most thorough investigation is concluded the council can be expected to secure for the city a fire engine which will as near meet the needs of the city as the funds will permit.

The election at which the bond measure will be resubmitted will take place in connection with the primaries on May 16th.

dicted. I asked for my money back when I was indicted."

(Associated Press Licensed Wire.)

WASHINGTON, March 21.—John Goroni, of the Alps Drug company of New York told the Daugherty investigation committee today that W. A. Orr had told him Howard Manning, who had a desk in the "little green house on K street," got \$2 a case on liquor withdrawals which he arranged.

Goroni said he once paid \$2,000 to Orr.

Goroni said he also conferred with Thomas B. Felder regarding seizure of seven thousand cases of Scotch whiskey. Felder said he was a friend of the attorney-general, the witness said, and told him to go home and that he would get the liquor "sooner or later."

Goroni said the money, in \$10,000 bills, was collected from "other parties," one said to be John Lynn, a liquor dealer who hanged himself.

The \$50,000 was a balance, the witness said, that Lynn owed to Orr and Owen Murphy on "withdrawal papers."

The money was for business of five drug companies in New York and Brooklyn, Goroni said. Orr previously testified to aiding the companies, but said the most he could remember handling was \$6,000.

"Orr was selling withdrawal permits for \$15 a case," said Goroni, who said that every company got back \$1 a case.

Goroni said he had paid Murphy "around \$150,000."

The first papers he got, Goroni said, were for withdrawals of whiskey from the Overholt Distillery at Pittsburgh. Other papers were on the Sherwood distillery, Baltimore; the Kentucky distillery company and a Maryland distillery.

The committee today took up the brokerage transactions of Jess W. Smith and Roxie Stinson, his divorced wife, hearing W. R. A. Hays, Columbus, Ohio, broker.

Hays, manager of the Columbus office of Samuel Ungerleider and company was called in connection with Miss Stinson's testimony of "blind" accounts under the titles of William R. A. Hays nos. 2 and 3, Attorney-General Daugherty had no accounts with his firm, Hays said.

A miscellaneous account under his own name, showing 175,000 in Sinclair and Mexican Oil stock within a few months was identified by Hays, but he said he couldn't recall the customers trading in it. Hays said that Attorney-General Daugherty had traded with him in another brokerage firm before he went with Ungerleider.

At this point Wilson J. Lambert, attorney for the McLean newspapers said Jap Muns, connected in testimony with flight films "deals" who failed to appear yesterday, had not been served with a subpoena but would appear. Former Senator Chamberlain of Oregon and Daugherty's counsel, asked that a subpoena be issued for Frank A. Vandenberg. The question was postponed until later.

Jesse W. Smith, Hays resumed, had a brokerage account at Ungerleider's.

"What was the account W. R. A. Hays, number 2," Senator Wheeler asked.

"That was the account of Miss Stinson, former wife of Mr. Smith," said Hays.

There was an account "W. R. A. number 2" in the Ungerleider books. Hays said that was "merely a miscellaneous account."

Senator Wheeler read transactions in the number 2 account showing purchases and sales of oil stocks. There were transactions in Sinclair and Mexican oil aggregating \$75,000, Senator Wheeler said. "I have no recollection of those," Hays asserted.

ENGINEER TO START WORK AT THE UMPQUA

REEDSPORT, Ore., March 21.—Members of the U. S. government engineering crew which has been working at Tillamook on the harbor survey have arrived in Reedport and are preparing to commence survey of the inner harbor of the Umpqua. The crew is to work under the direction of Resident Engineer R. W. Williams. If the appropriation is sufficiently large the project will be extended to include the stretch of the Umpqua Mills and Timber company property.

COWS MUST BE TESTED FOR TUBERCULOSIS

Dr. W. C. Belt of the county health department is sending out notices to all parts of the county, stating that in compliance with the laws of the state every cow producing raw milk products for human consumption must be tuberculin tested and free from tuberculosis. Such tests should be made once each year. Every dairy selling raw milk is required to register with the county health department. The department hopes to have all cows tested by August 1.

DEGREE WORK PUT ON

Last Thursday evening Azalea lodge I. O. O. F. with the assistance of the degree team of Roseburg conferred the first degree on two new members, says the Riddle Enterprise. About 50 of the Roseburg brothers were present also some from Myrtle Creek.

After the ceremony was over the members with their guests sat down to an oyster supper with coffee and cake served by some of the Rebekahs. The I. O. O. F. members are very thankful to the ladies for their services.

Tonight the 2nd degree team from Myrtle Creek will be up and assist the local three-linkers in getting on the second degree.
