ELKS DANCE THURSDAY

A regular informal Elks dance will be held on next Thursday night for all of the members. Cards and dancing for all and a real time is the prospect. Be there, Bill!

SENATORS PLEDGE SUPPORT FOR BILL

Mrs. Carl Winberly, chairman of the legislative committee of the American Legion Auxiliary, Department of Oregon, recently wired Senators Stanfield and McNary, urging their support of the bonus bill and urging them to work against amendments. In answer to her telegram she has received the following:

"Senate considering adjusted compensation legislation. It is the general opinion among senators that the house bill can be passed over the veto of President if not amended. But if amended by inclusion of cash option will fail. I shall support bill as it is passed in the house. Pleased to have had your opinion on this important subject."

"CHAS. L. MCNARY."

"As a member of Finance Committee urged report as it was made by committee. I also urged giving bonus bill preference over revenue bill before Senate and shall earnestly favor passage as reported and oppose any amendment by senate."

"ROBERT N. STANFIELD."

Large number of new rugs now in stock at Powell's.

COOLIDGE ISSUES WARNING OF FIRE

The beginning of Forest Protection Week for 1924, marks the fifth annual observance of the national movement to stamp out forest fires in the United States.

"In the proclamation I issued designating April 21-27, inclusive, as Forest Protection Week, I stated that the most formidable agency of forest destruction is fire, and that of all forest fires reported each year 80 per cent are the result of human carelessness," says President Coolidge in a statement issued from the White House.

"I desire again to call the Nation's attention to the seriousness of man-caused fires in the United States, and to urge every citizen to give thought to the matter of preventing the unnecessary waste of our fast-dwindling timber supply."

"The Secretary of Agriculture, whose Department has charge of our 146 National Forests, informs me that during 1923 about 11,000,000 people visited these Federal Forest areas for recreational purposes."

"I believe these figures eloquently tell the part of the wooded area of the United States play in the wholesome activities of our people. In fact, American character and American customs are largely the result of the influence which our forest background has exerted upon our Nation's history."

"Our civilization is largely dependent upon the unrestricted use of wood. But America's magnificent timber supply now needs replenishing. About 81,000,000 acres of idle forest land should be growing timber crops. Fire is an outlaw that not only destroys growing timber, but retards and kills young trees from which new forests must come."

"Fortunately the solution of the forest fire menace lies largely in our own hands. It is my earnest hope that as citizens of the United States we shall learn to abhor fire in our woods just as we now abhor fire in our homes."

BROCCOLI SEED FOR SALE

Not F. Valentine—imported seed. Strain is about 10 days later than F. Valentine; heads self-protected; and know white. The finest strain to existence. Price, per pound, \$25.00, per ounce \$1.75. Orders taken for any quantity. Fred Schmidt, Dillard, Oregon.

WINCHESTER WATERS TO BE REOPENED

The stretch of water between the Winchester dam and the new highway bridge are to be reopened to fishermen upon the order of the state game commission effective on May 3. The waters were closed last year, when poachers were taking hundred of salmon from the fast water below the dam. It is believed however, that there will be no more illegal fishing there and the commission desires to reopen that part of the stream. And at or May 3 fishermen will be allowed to angle in those waters again.

Ladies, keep your hair in curl by using "Hair Hold." Does not make it greasy or sticky. Easy to apply. Ask about this at Crocker's Drug Store.

CANDIDATE FOR COMMISSIONER

I hereby announce myself to republican voters of Douglas Co., as candidate at May primaries for office of county commissioner. Mac W. Daugherty, Yoncalla, Ore. (Paid Adv.)

I hereby announce myself to the republican voters of Douglas county as a candidate at the May primaries for the office of County Commissioner. Harry B. Eccleston, Drain Oregon. (Pd. Adv.)

FOR COUNTY SCHOOL SUPERINTENDENT

I hereby announce my candidacy for the office of county school superintendent subject to the will of the republican voters at the May primaries. (Paid Adv.) O. C. BROWN.

For Raw Sore Throat

At the first sign of a raw, sore throat rub on a little Musterole with your fingers. It goes right to the spot with a gentle tingle, loosens congestion, draws out poisons and pain. Musterole is a clean, white ointment made with oil of mustard. It has all the strength of the old-fashioned mustard plaster without the blister. Nothing like Musterole for croupy children. Keep it handy for instant use. To Mothers: Musterole is now made in milder form for babies and small children. Ask for Children's Musterole. 35¢ and 65¢ in jars & tubes; hospital size, \$3.

SUPERSTITION vs OIL FACTS

Is it bad luck to break a mirror? No, that's just a superstition. And the current belief that "eastern" oil is in some mysterious way "better" is another. When you pay a fancy price for "eastern" you are paying just so much needless tribute to unwarranted prejudice.

The Best Crude Is Western Crude

As a matter of fact, the most suitable crude for the production of motor oil is Western Naphthenic Base Crude, obtained from Pacific Coast wells. And the most advanced and efficient refining process yet developed is the high-vacuum process, the patents on which are owned by this Company.

You can drain and refill your crankcase every 500 miles—which is good practice regardless of the kind of oil used, as any automobile manufacturer will tell you — and still save money if you use Zerolene. And your car will get better continuous lubrication, as proved by your increased gasoline mileage, smoother operation, and reduced carbon deposits.

Better Gasoline Mileage — Less Carbon

Extended tests conducted by this Company in the laboratory and on the road show that the Zerolene-lubricated car averages about 5% better gasoline mileage than when other oils are used. Carbon deposits are also less, chiefly because of the selected western crude from which Zerolene is made.

Insist on Zerolene even if it does cost less.

This Company is convinced that Zerolene will lubricate the modern automobile as well or better than any other oil offered to the public at no matter what price. A series of independent and impartial reports showing the experience of large users with Zerolene motor oil has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company sales or service station representative or any Zerolene dealer for a copy.

STANDARD OIL COMPANY (CALIFORNIA)

CANDIDATE FOR SHERIFF

I hereby announce myself a republican candidate for sheriff of Douglas county, at the May primaries. Frank M. Hopkins, Canyonville, Oregon. (Pd. Adv.)
