

I ALWAYS THANK FRIEND WHO TOLD ME OF TANLAC

Mrs. Severs — Three
Years Ago Tanlac Brought
Me From Stomach
Trouble.

Any of my friends get sick,
the first thing I do is to tell them
of Tanlac. It is the enthusiastic
endorsement in which Mrs. E. Severs, 1433
Oakland, Oakland, Cal., expresses
her faith in the famous medicine.

"I will always feel thankful to the
friend who suggested Tanlac. It gave
me a wonderful appetite, relieved
every vestige of stomach trouble and
built up my strength and energy till
I felt fine in every way. Tanlac's
splendid benefits have proved last-
ing, too, for I am still enjoying the
best of health."

Tanlac is for sale by all good drug-
gists. Accept no substitute. Over 40
million bottles sold.

INTERNATIONAL PRES. KIWANIS PASSES THRU

Roseburg Kiwanians met their in-
ternational president, Edmund Arras,
and his wife at the northbound Shasta
yesterday afternoon and presented
them with a beautiful basket, in the
center of which was a quart of rich
cream and around the bottle was
banked choice Umpqua Valley straw-
berries.

As a border to the basket some won-
derful Roseburg rose buds were plac-
ed. It was the prettiest arrangement
of Umpqua Valley products possible
and when Mrs. Arras glimpsed the
present she went into ecstasy over
the gift. The Kiwanis president was
told of the strawberry carnival here
and it is possible that he will make
mention of it when he addresses the
Kiwanis meeting in Salem today.

Windows of the Switchboard

A SIGNAL shows on the switch-
board, a telephone number is
asked for, and a wire highway is
created over which two persons may
send their words and thoughts, one
to the other.

Over forty million times a day
these messages pass over the wires
of the Bell System, to attract nego-
tiations between buyer and seller,
to keep homes and hearts united, to
summon aid or protection in emer-
gencies.

To find the worth of this service
would mean to look into nearly
every home and office, nearly every

shop and factory, in America, to
watch how the nation's habits of
life are geared to the power of com-
munication.

The telephone operator cannot
follow her work to its results, but
she can appreciate its importance.
In her keeping is part of a great
mechanism of nation-wide inter-
communication, but those whom
she serves and the benefits of her
service remain unknown. Each sum-
mons for her cooperation is of equal
urgency, for each helps to further
the progress of the community and
the nation.

THEATRES

Liberty Theatre
A picture to make you think even
while you are being entertained to
the nth degree. That is "By Divine
Right" at the Liberty theatre, with
Elliott Dexter starring. It is his own
production for Grand-Asher and he
has made a film which the public will
simply go into ecstasies over. It is
human, full of beauty and drama, with
two great thrills, and a marvelous
cast. R. William Nell produced the
picture and did a wonderful piece of
work which should bring him addi-
tional laurels. Showing tonight and
tomorrow only.

Majestic Theatre
The smell of the pines and the big
lumber camps, the thrill of falling
trees and a ride through rapids con-

trusted with the routine of an office
in New York and the glitter of so-
ciety is found in "The Love Bandit",
the Charles E. Blaney production
which will be shown at the Majestic
theatre tonight.

As a stage play this melodrama
made a hit throughout the country
and the picture version presented
with the same appealing style and
technic under the mastery super-
vision of Charles E. Blaney is sure to
recapitulate the stage success of the melo-
drama.

Thrills that were hinted at in the
stage version, such as the thrilling
ride through the rapids in a canoe, the
leap from the bridge, the fight on the
floating logs are visualized forcefully
in the film version.

It is evident that the picture was
made in one of the famous lumber
camps of the Maine woods for one
sees tall timbers felled, logs floated
and carried to the mill to be sawed
into lumber.

that to use good paint, where needed, is the cheapest in the end policy.

Heath & Milligan Paint Products are good and dependable. Each one, and there is
one to meet every need, is the equal in every respect to the highest grade product made,
representing, as you no doubt know, 68 continuous years of paint making experience. They
spread easily and over a greater surface, hide better, and wear longer. To be sure of durable,
economical, and lasting results, always look for the dependable trademark on the package before
you buy. When undertaking an important job, your painter's advice is good advice to follow.
