

ER ASSESSMENT ANGES EXPLAINED

1900 pound fat producer, Bessie Snowball de Kol, was found to be infected, and within an hour thereafter a large number of other members of the herd went down.

Among the animals in this herd are such world famous animals as Tilly Alcartra, Sir Pictorje Ormsby Mercedes 37th, Sir Anggie de Kol Mead, and the world's record heifers, Miss Anggie Ormsby Segis and Rosamines Korndyke Beauty, and the state record cows, Norma Korndyke Cornucopia, Carrie Tritonia Ormsby, Eva Colantha Hubbavale, and a large list of 1900 pound yearly record cows and 30 and 40 pound seven-day record cows.

The herd also includes Miss Aaralia de Kol Mead, and Miss Aaralia de Kol Anggie, 100 per cent sisters whose average of over 1100 pounds of butter for their seven nearest dams is the highest in the world for a like average. Two sons and one daughter of these great heifers were also destroyed, these three all having averages of over 1100 pounds of butter for their 15 nearest dams, the only three animals in the world with a like average.

American judges and foreign breeders who have seen the greatest herds in the world, have been unanimous in the opinion that Mr. Hartsook had assembled the greatest herd of black and whites ever gathered together in one collection. It must be remembered that he purchased his foundation animals during a period of three or four years when a very large number of high class herds were being dispersed by other breeders, and he bought only the tops from more than 60 such high class herds.

While Mr. Hartsook bought top animals, and consequently paid top prices in open competition with other breeders, yet it has always been a recognized fact that his purchases were made with extraordinary care. As an example of this care, it is doubtful if any other man ever purchased so many high class animals and made it a strict rule as Mr. Hartsook did to personally watch the milking of every female of milking age one or more times before he bought her.

The great \$27,500 bull, Sir Anggie de Kol Mead, previously mentioned, is lost to the breed through the destruction of this herd, he being one of the three sons of the famous Miss Valley Mead de Kol Walker. It is an undoubted fact that no calamity in history has ever brought about the destruction of so valuable a breeding herd as the Hartsook herd, and at this time it is entirely impossible to estimate the loss to the breed and the dairy industry in general.

DOCTOR USES PLANE.

LEWISTON, Idaho, May 6.—When John Thomas, a farmer living many miles northeast of here, found there was an urgent need for a physician in his home he telephoned to Lewiston for his family doctor telling him to come in an airplane.

The physician being familiar with topographical features of the district, chartered a plane and within 30 minutes after receiving the call had landed in a clover field near the house. Under most favorable road conditions, the trip by automobile requires about three and one half hours.

BACK BAD TODAY?

Then Find the Cause and Correct It As Other Roseburg Folks Have.

There's little rest or peace for the backache sufferer.

Days are tired and weary—

Night brings no respite.

Urinary troubles, headaches, dizziness and nervousness, all tend to prevent rest or sleep.

Why continue to be so miserable?

Why not use a stimulant diuretic to the kidneys?

Use Doan's Pills.

Your neighbors recommend Doan's.

GREATEST HOLSTEIN HERD IS DESTROYED

California stockmen, farmers and
fruit growers, have organized in an
effort to spread information concern-
ing the hoof and mouth disease in
that state. They are making a deter-
mined effort to have the embargo
against fruits, vegetables and other
products modified and are setting
forth the claim that no danger exists
in the shipping in to unaffected
states of such products. The organi-
zation is sending out frequent bulle-
tins giving facts concerning the pro-
gress of the disease and the state-
ments of men concerned with its con-
trol. One of these bulletins tells of
the destruction of the world's great-
est Holstein herd as follows:

In spite of every human precaution
that could have been taken to safe-
guard the herd, for weeks previous to
the outbreak, the world famous herd
of registered Holsteins owned by
Fred Hartsook, Lankershim, Cal., be-
came infected with foot-and-mouth dis-
ease, when the famous 40 pound and
