## POLITICS BEGINNING WARM UP AS PRIMARY ELECTION DATE NEARS; MANY CANDIDATES OUT

Both Parties Have Well Filled Ticket to Place Before Voters on May 16—Roseburg Residents Will Be Required Also to Vote Upon Fire Truck Bonds in Order to Determined Council's Authority.

With the primary election due on May 16, a great deal of political gossip and forecasting is being indulged in by the voters of the city. This being presidential year, it is expected that the vote will be split, although the registration does not altogether bear out this expectation, as the registration books show more voters than at the last election. Each of these, however, is due to the revision of the books, which resulted in the names of many persons who have moved away or died being removed.

The primary election today started out in the ballot boxes and all necessary preparations have been taken care of. The materials have all been prepared and distributed to the various precincts and the election supervisors are out earlier than at any time in many years.

Included in the election supplies are printed instructions to the election officials. In past years it has been the habit of election officers to bring up everything in the ballot boxes at the close of the election. This year, however, registration and everything else went into envelopes and were sealed up in ballot boxes. This has resulted in a great deal of trouble and confusion as well as an extra expense to the taxpayers.

This is particularly true in the case of the registration cards. These cards are supposed to be returned outside the ballot boxes so that the names may be placed on the books. The law provides that the county clerk is to open the books and insert the names of the voters for the next election, and consequently many names of persons who signed blank cards are not in the poll books.

The law also provides that one name be returned unsealed so that the official count is made before the official count is made, but very few election officers comply with this provision. Many do not even post statements outside of their polling places. This year's election there are to be many contests in both parties for nomination to various offices.

## FUNERAL SERVICES MRS. WORK MONDAY

(Associated Press Leased Wire.)  
WASHINGTON, May 10.—Funeral services in the East room of the White House will be held Monday afternoon for Mrs. Hubert Work, wife of the secretary of the interior, who died suddenly yesterday.

Use of the executive mansion, which in the past, has rarely been the scene of final obsequies over any president's and members of their immediate families was tendered to Secretary Work by President Coolidge.

Plans were made for burial at Arlington National cemetery.

## FLIERS REACH ATTU ISLAND

World Flight Aviators Make 530 Mile Jump in Safety, According to Message.

NO TRACE OF MARTIN

Additional Preparations for Exhaustive Search Now Under Way—Planes Sent from Seattle.

(Associated Press Leased Wire.)  
CORDOVA, Alaska, May 10.—Three United States army aviators encircled the globe, landed safely at Attu island at 9 p. m. Pacific coast time yesterday, after a journey of 530 miles from Atka island in the Aleutian archipelago, according to a wireless message received here.

Meanwhile no word has been received here concerning Major Frederick L. Martin and his mechanic, Staff Sergeant Alva L. Harvey. Cannery vessels and coast guard cutters were still continuing to comb the Bering sea. Dog teams, carrying numerous searching parties, were scurrying overland between Chignik and the extreme southwestern tip of the Alaskan peninsula.

Additional preparations to make the search an exhaustive one, were being rushed at Seattle, Wash., where a JN-6 Curtiss airplane will be shipped aboard the U. S. coast guard cutter Bear on her arrival there late Sunday or early Monday.

From Attu island the fliers will traverse the longest single flight on their schedule, an 878-mile jump to Paramashiru island, Japan.

CORDOVA, Alaska, May 10.—No indication as to the whereabouts of Major Frederick L. Martin, missing army flight commander has been found by the U. S. coast guard cutter Algonquin, which has returned to Dutch Harbor on Unalaska island for fuel, according to a wireless message received here.

The Algonquin has been searching in the Pacific Ocean south of the Alaska peninsula and in the Bering sea north of the peninsula for Major Martin and his mechanic.

The Algonquin reported Bristol Bay in the Bering sea again closed to navigation on account of ice.

## EXCLUSION BILL EFFECTIVE JULY 1

New Agreement Reached at Conference Over Provisions Immigration Bill.

WILL GO TO THE HOUSE

New Report Will Follow Same Procedure as Old One and Will Go to House Monday, Then Senate.

(Associated Press Leased Wire.)  
WASHINGTON, May 10.—The Japanese exclusion provision in the immigration bill will become effective July 1, 1924, under a new agreement reached today by house and senate conferees.

The compromise reached today is substantially that reported as the first agreement of the conferees, which was reconsidered in deference was made necessary when the house yesterday refused to approve March 1, 1925 as the effective date.

The only other important change made in the conference report was removal of the requirement that alien seamen entering the United States ports must have landing cards identifying them. The new report will follow the same preliminary procedure accorded the first one. It will be reported to the house Monday and if accepted there, will go to the senate.

As it now stands the exclusion provision contains no reference to the negotiation of an agreement for abrogation of the gentlemen's agreement, and the president has told the conferees that in any case no time for such negotiation would be left if exclusion is to become effective next July 1.

The house conferees are understood to have told their senate colleagues that in view of the temper of the house, as demonstrated in yesterday's debate and on two roll calls it would be futile to make any further attempt to put through conference report postponing the effective date.

The senate leaders, in addition, are doubtful whether the president's postponement plan would receive senate approval even if it passed the house. The exclusion provision approved today is identical with the section in the bill as it was passed in the house.

## GUARD ENCAMPMENT BEFORE GOVERNOR

(Associated Press Leased Wire.)  
SALEM, May 10.—A delegation of 55 representatives of the Oregon national guard, most of them officers, led by Col. Hiram U. Welch of Portland, waited upon Governor Pierce last night and pleaded with him not to issue an order that will prevent the annual encampment of the guardsmen being held in California. Some pressure has been brought up on the governor to countermand the order because of the prevalence of the foot and mouth disease in that state. The governor said today he had not decided what he would do, but that if he deems the danger serious he will order on notice of 10 days before the encampment is scheduled to open.

The governor today received a lengthy petition from Coos Bay dairymen urging that the quarantine be not modified and that the governor do all in his power to prevent the disease reaching this state. They declare that if the disease were to break out in Coos county they would be ruined.

## BLOODHOUNDS SEARCH FOR WIFE KILLER

(Associated Press Leased Wire.)  
SEATTLE, May 10.—Fifteen deputy sheriffs with bloodhounds were searching the foothills of the Cascade mountains 15 miles southeast of this city today for B. D. Swartwood, convicted of having slain his wife with a shotgun.

Mrs. Swartwood was killed early today. Neighbors said that six children of the couple were in the Swartwood home, on Jenkins Prairie between Maple Valley and Covington, when the tragedy occurred.

## SERIOUS FIRE AT WALDORF-ASTORIA

NEW YORK, May 10.—Tons of water were poured into the Waldorf-Astoria hotel today to subdue a fire, which, starting in a sub-basement carpenter shop, nearly trapped kitchen employees and spread to the floor before it was checked.

Thousands of Fifth Avenue pedestrians thronged to the scene; traffic was demoralized and firemen were cut off from apparatus until police reserves were called to keep lines clear. The fire burned for an hour and a half.

The loss was estimated at \$150,000.

## HUTCHINSON IS FOUND GUILTY

Life Imprisonment Recommended by Jury as Punishment for Wife Slayer.

CASE IS SENSATIONAL

Courtroom Crowded During Closing Hours of Trial—Relieved Death Penalty Not Given.

KEISO, Wash., May 10.—Eldon Hutchinson was convicted of murder in the first degree today by the jury which tried him for the slaying of his young wife. The jury recommended life imprisonment. The verdict was reached at 4 a. m. and was announced when court convened.

The jury's verdict was reached after eleven hours' deliberation. Sentence is to be pronounced by Superior Judge Homer Kirby within three days.

Hutchinson evinced little surprise but seemed relieved because there was no death penalty. The county jailer stated. The trial lasted four days before a jammed courtroom. Hutchinson, who had confessed the killing of his wife, pleaded not guilty on account of insanity. No mention of insanity was made in the verdict.

The mutilated body of his girl wife, Ollie Hutchinson was found in the house occupied by them in West Keiso, February 13. The killing has occurred about 10 days earlier.

Notes found in the house written by the husband said he intended to end his own life. He was arrested a few weeks later when he appeared at the home of his father at Pilot Rock, Oregon, after having fled into central Oregon.

## FOUR KILLED IN CROSSING ACCIDENT

(Associated Press Leased Wire.)  
CHICAGO, May 10.—Four men lost their lives today when a Chicago, Milwaukee and St. Paul passenger train crashed into their automobile near the May Fair station in the northeastern outskirts of the city.

The dead were: Joseph Marzello, Sylvester Sullivan, Paul Zedell and Thomas McNamara all of Chicago.

## REVENUE BILL AS APPROVED BY SENATE DIFFERS SLIGHTLY FROM THAT PASSED BY HOUSE

Sections in Which Differences Occur Will Be Worked Out in Conferences—House and Senate Agree on the Important Provisions of Bill—Reductions Are Approved By Both.

(Associated Press Leased Wire.)  
WASHINGTON, May 10.—The tax reduction bill was passed today by the senate.

It provides for a 25 per cent cut in income taxes payable this year and permanent revision downward of practically every federal tax.

The democratic proposals for reduction in the income schedules, modification of the corporation tax and full publicity of tax returns constitute salient provisions of the measure.

This and other changes made in the bill as passed by the house must now be taken up at a conference between members of the senate and house.

The senate wound up debates on the tax bill and brought the measure to final passage without modification of the domestic income schedules put in over the protest of the republican organization.

In the closing hours of the discussion a third and final vote on Secretary Mellon's proposal to limit tax reductions on incomes derived from tax exempt securities was passed in elimination of the provision, 45 to 37.

As the final roll call approached a plan to attach the McNary-Haugen farm relief bill to the revenue measure as a rider collapsed after republican leaders had promised to give the farm bill precedence on the legislation program.

More than two of the three hours open for debate today were consumed in discussion of the tax exempt provision. Although debate was automatically shut off at 2 o'clock amendments still were in order.

An amendment by Senator Reed, democrat, Missouri, restricting deduction on account of interest payments or business losses, "incurred for purposes of evading the tax" was adopted without a record vote.

Toward the end republican administration spokesmen took the floor and emphatically denied responsibility for the measure as it now stands.

They described it as "bearing no resemblance whatever to the scientific plan of the secretary of the treasury," as tending to increase rather than decrease the errors and inequities of the present law and as the product of non-descript majorities swept together for the purpose.

Senator Brandegee of Connecticut announced that he and other republican senators would vote for final passage of the bill "solely on the theory that we are voting to send it to congress where there is a chance at least that it will be materially improved."

Chairman Smoot of the finance committee read in a summary of the drastic alterations which have been made in the Mellon proposals and Senator Moses, republican, New Hampshire, asserted that to make the measure a perfect example "an amendment should now be added, creating a federal corporation with a billion dollars capital for the purpose of paying all federal taxes."

The finance committee chairman declared the senate had cut taxes \$111,500,000 below the figure allowed in the bill as framed by the finance committee.

"This is in addition to the estimated deficit of \$59,000,000," Senator Smoot said, which would have resulted in the treasury next year through reduction on the basis of the committee bill alone.

If pending extra appropriation bills all are passed, Mr. Smoot declared, and if the senate bill becomes a law, a treasury deficit of \$475,000,000 is in sight for next year. He included among the extra appropriations covered by the estimate the bonus bill, Bureau pension bill, veterans' bureau re-organization and postal clerk salary increase bill.

Without a record vote the senate adopted just before the final roll call an amendment by Senator Simmons, democrat, North Carolina, increasing from \$2,000 to \$2,500 the exemptions for heads of families with incomes of \$5,000 and over. Heads of families with incomes of less than \$5,000 now have such an exemption.

The vote on final passage of the bill was 69 to 15.

Twenty-nine republicans and the two farmer-labor senators voted with a solid democratic lineup for the bill. The opposing voters were cast by Senators Ball, Delaware; Cameron, Arizona; Colt, Rhode Island; Cummins, Iowa; Edge, New Jersey; Fess, Ohio; Lodge, Massachusetts; McKinley, Illinois; Moses, New Hampshire; Norbeck, South Dakota; Pepper and Reed, Pennsylvania; Phipps, Colorado;

Wadsworth, New York and Watson, Indiana, all republicans.

Those voting for the bill were democrats, Ashurst, Bayard, Brundage, Bruce, Caraway, Dial, Dill, Ferris, Fletcher, George, Gerry, Glass, Harris, Harrison, Heflin, Jones of New Mexico, Kendrick, King, McKellar, Mayfield, Neeley, Overman, Pittman, Raibson, Ranadell, Reed of Missouri; Robinson, Sheppard, Shields, Simmons, Smith, Stephens, Swanson, Trammell, Underwood, Walsh of Massachusetts; Walsh, of Montana.—38.

Republicans: Borah, Brandegee, Brookhart, Bursam, Capper, Curtis, Dale, Fernald, Frazier, Godding, Hale, Herrell, Howell, Johnson of California, Jones of Washington; Keyes, Ladd, McLean, McNary, Norris, Oddie, Shortridge, Smoot, Spencer, Stanford, Sterling, Warren, Weller and Willis.—29.

Farmer-Labor: Johnson of Minnesota and Shipstead.—2.

Total 69.

The republican leader, Senator Lodge of Massachusetts, explained on the floor his vote against the measure, enumerated the features which led him to conclude that it was a "bad bill." It destroyed the Mellon rates, he said, made great additions to corporation taxes, introduced provisions for publicity which would paralyze business throughout the country if carried to the extent to which it can be carried and cut off taxes which should have been kept on. The effect of the bill, Senator Lodge said would be to put the revenue of the government so far below expenditures that it would lead inevitably, in his opinion to the necessity for loans in the coming year.

WASHINGTON, May 10.—The scope of tax reductions provided in the senate revenue bill differs slightly from that proposed in the bill as passed by the house.

The vital sections of the measure, however, were transformed in the senate to conform to the program of the democrat-republican insurgent coalition as contemplated with compromise.

## M'ADOO'S STRENGTH GROWING IS CLAIM

Chairman of Democratic Candidate's Campaign Optimistic After Return From Trip East

(Associated Press Leased Wire.)  
CHICAGO, May 10.—A total 425 delegates favorable to the candidacy of William G. McAdoo for the democratic presidential nomination was claimed last night by David Rockwell, chairman of the McAdoo for president committee, upon his return from a ten day's eastern trip.

He declared Mr. McAdoo had annexed a new strength of 158 delegates in the past 10 days, adding that events of this period "have demonstrated with the utmost conclusiveness that William Gibbs McAdoo will be the nominee of the democratic party and asserting that pale reflection of Calvin Coolidge know that they have no chance from the people against this twentieth century prototype of Andrew Jackson."

The forces of Senator Oscar Underwood allowed McAdoo to win north Carolina's 24 delegates by default, the statement said, adding that the democratic Washington state convention had also endorsed McAdoo.

South Carolina this week added 16 delegates the statement continued and in California McAdoo carried every county and secured 26 delegates as his candidacy was endorsed by Oklahoma democrats. The Connecticut delegate of 15 members was termed "friendly to Mr. McAdoo."

"This total," the statement concluded, "is growing so fast that opponents of Mr. McAdoo are fruitlessly turning from candidate to candidate in an effort to discover someone whom for their own unhallored purpose they can defeat him."
