STRAWBERRY CARNIVAL EXPECTED TO BE ONE OF BEST EVER PRESENTED IN ROSEBURG

Committees in Charge of Program Have Arranged for Many Interesting Events During Three Days of Coming Festivities—Merchants Responding Well With Subscriptions.

A great deal of enthusiasm has been shown on the part of the merchants of the city, and with intense interest in all parts of the city, there is no question but that the coming strawberry carnival will be one of the best the city has ever enjoyed. O. C. Cooney, who has been in charge of the carnival, reports that the merchants are greatly interested and that a number of them have already doubled the amounts they pledged to make the carnival a success.

Arrangements which have been made for an event which will be of interest to all who attend. In addition to the many local attractions which have been planned, the city has secured an amusement which will bring three rides, a merry-go-round, ferris wheel and whip, which will provide amusement at all hours of the day and late every night. This carnival brings several candy stands, which will have stands of balloons, canes, dusters, and novelties without which no carnival is complete. The committee will permit no gambling or games of chance or

ORPHAN IS ARRESTED

(Associated Press Leased Wire.)
BEAVERTON, Ore., May 12.—Lynn Beyer, 15-year-old orphan was arrested this morning by postal inspectors on a charge of robbing the postoffice at Reedville, a little town near here, Sunday night. About \$20 in stamps and currency were taken. The officers stated that some of the stolen stamps were found on the boy.

PAYMASTER STILL MISSING

(Associated Press Leased Wire.)
CHICAGO, May 12.—Mrs. Rosemary Cooper Karalle, wife of Lieutenant Lester B. Karalle, missing naval paymaster, who disappeared from the Bremerton, Wash., navy yard a week ago, has no clue to his whereabouts, agents of the federal bureau of investigation of the department of justice said today.

HIGHWAY CELEBRATION

(Associated Press Leased Wire.)
ASHLAND, May 12.—A celebration of the dedication of the Ashland-Klamath Falls highway will be held Wednesday, June 4, on the highway at Haynes's prairie. It was announced here that the chambers of commerce of Klamath Falls and Ashland are sponsoring the event and an elaborate program is being prepared.

CHALLENGE HURLED TO McADOO QUARTERS

(Associated Press Leased Wire.)
CHICAGO, May 13.—A challenge to supporters of Wm. G. McAdoo for the democratic presidential nomination to go on record in favor of the repeal of the democratic convention rule requiring a two-thirds majority for the nomination has been issued by George E. Brennan, Illinois democratic leader.

Mr. Brennan's statement followed a claim made at Nashville by David Ladd Rockwell, McAdoo's manager, that at the New York convention the former secretary of the treasury will have "6483, or over 100 more than a majority of the convention."

WHEELER INQUIRY IS ABOUT TO END

(Associated Press Leased Wire.)
WASHINGTON, May 13.—The senate committee, investigating the indictment of Senator Wheeler, was called into executive session this morning to consider the question of ending the inquiry.

Chairman Borah was ready to close the hearings yesterday but Senator Sterling, republican, S. D., objected, saying the chairman had "summoned all the witnesses to date" and that "people outside" might want others called.

BOOTLEGGERS FREE AFTER BEING CAUGHT

(Associated Press Leased Wire.)
WASHINGTON, May 13.—When the Harding administration took office in 1921, prohibition agents were engaged in "cleaning up the liquor situation in Washington," the senate Daugherty committee was told today, but 34 persons and places purveying intoxicants all escaped prison.

H. C. Burton, former agent for the prohibition unit, but now in the service of the governor of Ohio testified he was one of the men assigned to the work late in February, 1921, a few days before the inauguration, with five associates and the local police, he made the arrests, he said, and served the warrants on "bootleggers operating mainly through the hotels."

All the cases were good enough for conviction, Burton asserted, but the persons arrested were allowed to forfeit small bonds, and in some cases to return to their occupation undisturbed.

BRAKES INSTALLED ON GIANT AIRSHIP

LAKEHURST, N. J., May 13.—Brakes on an airship with five 400 horsepower engines that will run forward or reverse without reversing gears will be introduced in the United States when the new German-built zeppelin flies this summer from Friedrichshafen to Lakehurst, a distance of 4,500 nautical miles.

With powers of braking and reversing the motors, naval officials said today, the ZR-3 could easily be put to her mooring mast and slowed down when running before a strong wind. Captain Ernest A. Lehmann, who came to the United States to arrange for the delivery of the ship said the ZR-3 would revolutionize aviation in this country. More than 44 tons of useful load can be shot through the air at 30 miles an hour, by the ZR-3, he said. Provision has been made for 20 passengers and baggage.

The ZR-3 probably will be put into commercial operation within a year, it is stated.

FLIGHT AROUND THE WORLD IS CONTINUED

(Associated Press Leased Wire.)
ABOARD U. S. COAST GUARD CUTTER HAIDA AT ATTU ISLAND Alaska, May 13.—(by wireless to the Associated Press via Bremerton)—Tuning up of three army planes flying around the earth was completed here today, and there was every expectation that they would take the air tomorrow morning for Japan.

(Associated Press Leased Wire.)
CORDOVA, Alaska, May 13.—With calm weather forecast for today at Attu Island, where three United States army cruisers arrived Friday from Atka Island, 530 miles to the northwest in the Aleutian Island group, it was said that the personnel of the group would hasten preparations for the next jump tomorrow of their world encircling flight, 1878 mile trip to Paramashira Island in the Kurile group, Japan.

Meanwhile, Major Frederick L. Martin, commander of the expedition, and his mechanic, Staff Sergeant Alva L. Harvey, who crashed into a mountain 100 miles northwest of Chignik April 30 and who reached Port Moller on the Bering Sea coast safely May 10, were to leave today aboard either the U. S. Coast Guard Cutter, Algonquin or the Pacific-American Fisheries vessel the Catherine D. en route to Seattle and Washington, D. C.

From the latter place the men were expected to proceed for India where they will again assume the leading role of the globe-encircling flight.

(Associated Press Leased Wire.)
BELLINGHAM, Wash., May 13.—Major Frederick L. Martin, returning commander of a squadron of American army flyers, flying around the earth, left Port Moller, Alaska, at midnight, a radiogram received here by Archie W. Shields, Alaska manager of the Pacific-American Fisheries, indicated.

(Associated Press Leased Wire.)
BELLINGHAM, May 13.—The radiogram came from Captain Knight, master of the steamer Catherine D. The message said that the Catherine D arrived at Port Moller at 8 o'clock last night and was expected to depart in four hours for Bellingham.

Major Martin and Staff Sergeant Alva Harvey, were aboard when the message left the Catherine D. They were bound for Washington D. C.

PRIMARY ELECTION BALLOTS PRINTED

On page five of today's edition of the News-Review appear sample nominating ballots for the primary election to be held on Friday of this week. These ballots are the same as the primary ballots which will be available at each precinct voting place, except that the numbers of the respective candidates may not appear in the same order, as the law requires a rotation of names in order that each candidate's name may appear at the head of his division an equal number of times with each of his opponents. Except for this fact the ballots are identical and are offered to give voters an opportunity for ample study of the ticket before going to the polls.

VETO IS SUSTAINED

(Associated Press Leased Wire.)
WASHINGTON, May 13.—President Coolidge's veto of the Bursum pension bill was sustained today by the senate.

The action crowned with success the first attempt of Mr. Coolidge to block legislation by exercise of the veto power.

The president disapproved the bill because of the expense involved. The measure would have granted pension increases to the veterans of several wars.

The vote to over-ride was 53 to 25, one vote less than the two-thirds required.

WASHINGTON, May 13.—The Bursum pension bill, amended in several respects, was re-introduced late today by Senator Bursum, republican, New Mexico. The new draft would fix the pensions of Mexican and Civil War veterans at \$60 a month, an increase of \$10 over the present basic rate and would pay from \$30 to \$40 a month to widows, according to their age.

DOCTORS MEET IN CITY TODAY

Thirty Prominent Physicians Meet in All-Day Session at Elks Temple.

ADDRESSES ARE GIVEN

Resolutions of Condolence Adopted Over Death of Grants Pass Physician—Business Session.

The thirty-third annual meeting of the Southern Oregon Medical Association convened at the Elks temple this morning, with Dr. C. B. Wade of this city presiding. Dr. Wade is president of the association and Dr. Shoemaker vice-president. Approximately thirty physicians from all parts of Southern Oregon were present and a great deal of interest was shown.

Dr. G. C. Bellinger, superintendent of the state tuberculosis hospital; Dr. C. Ylness Moore, of Portland; Dr. E. W. Rokey of Portland; Dr. Lyle B. Kingery, of Portland; Dr. Ira B. Bartle, of North Bend; Dr. Fred G. Stricker, secretary of the state board of health; and Dr. E. B. McDaniel, president of the state medical society, were among the prominent physicians from outside the district who participated in the program for the day.

Other doctors registered were: Wm. W. P. Holt, R. J. Conroy, A. F. W. Kresse, R. W. Clancy, E. B. Pickel, J. J. Emmens, W. R. Adams, R. E. Green, and J. C. Hayes, Medford; F. G. Sweedenburg, Gordon MacCracken, J. W. Gregg, and E. A. Woods, Ashland; W. H. Flanagan, J. C. Smith, Ralph W. Stearns, Grants Pass; C. B. Wade, A. C. Seely, George E. Houck, B. R. Shoemaker, W. C. Bell, Roseburg; W. H. Heckman, Central Point; I. E. Barrett, Riddle; E. B. Wainwright, Oakland; R. F. McKaig, Yoncalla.

The meeting started at 10 o'clock, and was opened by a short address by Dr. Wade.

A very interesting lecture, illustrated by lantern slides, was given by Dr. G. C. Bellinger, who gave some very instructive information regarding the handling of tuberculosis cases, particularly as the work is done in the state hospital.

This was followed by a discussion opened by Dr. Green of Medford. An exceptionally fine paper on "What Shall We Feed the Baby?" was presented by Dr. C. Ylness Moore, a specialist in this line. His talk was greatly appreciated by the physicians, who participated in a very enthusiastic discussion immediately following.

A committee consisting of Doctors Seely, Pickel, and Gregg, was appointed to draw up a resolution of condolence to forward to the family of Dr. S. Loughridge, of Grants Pass, who was killed in an automobile accident recently.

At one o'clock the doctors enjoyed a luncheon at the Palace of Sweets, and at 2 o'clock returned to the Elks Temple for the afternoon session.

Several interesting papers were presented in the afternoon meeting, and a business session was scheduled for a late hour today.

WASHINGTON HAS BAD FOREST FIRE

OLYMPIA, Wash., May 13.—A bad forest fire was reported three miles west of Clallam in advance reaching the office of the forest supervisor here today from Robert Coombs, district forester in charge of the storm zone on the Olympic peninsula.

Men and fire fighting equipment were being transferred from the Beaver Falls region to combat the new blaze.

MAY RELEASE CASHIER

(Associated Press Leased Wire.)
PORTLAND, May 13.—W. J. Johnson, former cashier of the Bank of Jacksonville, may get out of the state prison soon, but it will simply be to face a federal charge of forging indorsements to liberty bonds, according to Assistant U. S. District Attorney Thomas Maguire whom obtained from Federal Judge Bean today reductions of Johnson's bond from \$10,000 to \$5,000.

He said Johnson had told him he could raise \$5,000 and that, if the government would accept that amount he could be at liberty pending the conclusion of the federal court case, if he is released from the state charge.

Maguire indicated that the state pardon board is considering the release of the southern Oregon banker, who has been in the penitentiary since 1920.

PACIFIC U. ENDORSED

(Associated Press Leased Wire.)
CHICAGO, May 13.—A motion to enter into close relationship with Pacific University was unanimously adopted by the board of education of the United Presbyterian church, in session here. The University is at Forest Grove, Oregon.

FAVORABLE REPORT

(Associated Press Leased Wire.)
WASHINGTON, May 13.—Favorable report of the Hoch resolution to direct the interstate commerce commission to investigate the railroad rate structure to gain an adjustment was ordered today.

MAKES NEW DISCOVERY

(Associated Press Leased Wire.)
NEW YORK, May 13.—Dr. Miller Reese Hutchinson, a member of the naval advisory board and for many years chief engineer of the Edison laboratories, today announced he had discovered a chemical compound, which, used in commercial gasoline, would eliminate all danger from toxic discharge of carbon monoxide from automobile engines. The discovery, he said, was reached after experiments prompted by recent numerous reports of deaths and partial asphyxiation from inhaling the deadly fumes.

FATE OF KIYOURA MINISTRY UNKNOWN

(Associated Press Leased Wire.)
TOKIO, May 13.—Although the voice of the electorate has spoken its disapproval of the government, the fate of the Kiyoura ministry will not be definitely known for approximately a month. The question of resigning was debated at length today by the cabinet and an agreement was reached to reserve decision until after the state celebration early in June of Prince Regent Hirohito's wedding.

Final returns on Saturday's parliamentary elections show that the combined opposition to the government will have 277 of the 464 seats in the new house, while the government of Premier Kiyoura will command only 120.

TILDEN WILL JOIN DAVIS CUP PLAYERS

(Associated Press Leased Wire.)
NEW YORK, May 13.—Virtual assurance that William T. Tilden, would be a member of this year's Davis cup tennis team was contained in the announcement today that the national champion would withdraw his decision if the United States lawn tennis association would call a special meeting to re-consider the player-writer rule which next year would move Tilden from the amateur to the professional ranks.

Late last night, George W. Wightman, president of the U. S. L. T. A. announced that he would recommend that such a meeting be called by the executive committee of the association. Tilden also agreed to abide by the meeting's decision in event the vote should uphold the player writer interpretation which caused such a furor in tennis circles since it was adopted in March.

PROBE PHONE RATES

(Associated Press Leased Wire.)
WASHINGTON, May 13.—Congressional investigation of telephone rates and service throughout the United States and of the organization of the American Telephone and Telegram company and its relations with other corporations was proposed today by Representative O'Connor, democrat, New York.

FOR MINE SAFETY

(Associated Press Leased Wire.)
CINCINNATI, Ohio, May 13.—Equipment valued at more than half a million dollars, and designed to save life, labor and material in the mining industry was placed on display at the national exposition of coal mining machinery and equipment, opened here last night, by the American Mining congress.

The program has been prepared so it will not conflict with the annual meeting of the National Coal Association, which opens tomorrow. Among the speakers who will address the two organizations are S. R. Crowell, president of the National Retail Coal Merchants' Association; Melville E. Stone, counselor of The Associated Press, and George H. Cushing, editor, Cushing's Survey.

BEND MAN INJURED

(Associated Press Leased Wire.)
BEND, Ore., May 13.—J. Ryan, one of the principals in the Bend bonus case who were convicted by a federal jury recently of using the mails to defraud was seriously injured in an auto accident near here late yesterday.

It is feared that Ryan, who is now in a hospital may have a fractured skull.

SPECIAL CITY ELECTION FRIDAY

Voters of City Will Be Required to Pass on Proposed Fire Truck Bonds.

MORE POWER IS ASKED

City Council in Resubmitting Measure Feels That It Should Be Given More Discretion.

Roseburg voters on Friday will receive not only the regular party tickets, but will also be handed a special city ballot upon which they will vote regarding the issuance of \$15,000 in bonds for the purchase of a fire truck and fire equipment.

At the recent state election this measure was proposed to the voters and was carried by a large majority. The amendment provided that the council should purchase a "triple combination fire engine of standard make having a capacity of 1,000 gallons per minute." This meant a fire engine combining a chemical engine, hose cart and water pump, the latter being of sufficient size to pump 1,000 gallons of water every minute. Such an engine would operate at any capacity up to 1,000 gallons, the latter being the maximum. The provision "standard" prevented the purchase of any equipment other than that manufactured by one of the large fire apparatus supply companies. There are numerous concerns making fire engines known as "assembled" apparatus, in which the chassis is built in one factory, the pump in another, the body in a third and so on, but these cannot be classed as "standard."

The council, after a brief investigation, declared that the phrasing of the original amendment constituted a "joker" and claimed that the hands of the council were tied in such a manner that the city's best interests were not being served. It was felt by the council that the citizens of the city should have sufficient confidence in the council to permit that body to buy the fire apparatus which it deemed best, and that no restrictions of size or kind should be provided, such details being left exclusively to the judgment of the council.

It was also the contention that the manufacturers of "standard" apparatus, combine to hold up the prices of their equipment and that by throwing bids open to all concerns including assembled machines, that the city could obtain a lower price.

With this purpose in mind the council is resubmitting the measure, the new amendment merely providing that the city council shall issue \$15,000 in bonds for the purchase of fire equipment. This amendment allows the council to buy anything from the best piece of machinery which may be procured for the money to the smallest fire engine which can be bought, the discretion of the council being the sole determining factor.

It is the purpose of the council to call for bids for a fire engine and let the various companies submit their own proposals. Bids will be received on all kinds of engines, from 250 gallons per minute up and the council can then proceed to accept the bid which it believes to be to the city's best interests. Money left will be devoted to the purchase of other equipment needed to bring the fire department up to a more efficient basis.

City Attorney Wimberly has held that the voting down of the amendment now offered does not constitute a cancellation of the previous amendment. The former vote will stand regardless of the action taken at this election, but if the new measure is approved the council will merely be given more authority and latitude in its action. If, on the other hand, the measure is defeated the former bond issue will still be valid, and the council must proceed to buy the equipment specified under that amendment.

MAY SELL STOCK

(Associated Press Leased Wire.)
NEW YORK, May 13.—The financial district hears that the Shell Union Oil corporation of Delaware, controlled by the Royal Dutch Shell interests, plans to sell its stock interest in the Union Oil Company of California at a reported price of between \$25,000,000 and \$30,000,000.

CASHIER BEING SOUGHT

(Associated Press Leased Wire.)
MARSHFIELD, May 13.—John Lindsay McDaffie, cashier of the California and Oregon Lumber company at Brookings, Curry county, is being sought on a warrant charging defalcation. Officers had a report that the shortage may reach \$10,000. McDaffie came from Arkansas two years ago. He disappeared from Brookings last Friday night.
