**CONTEMPT CHARGES
HEARD THIS P. M.**

(Associated Press Leased Wire.) PORTLAND, May 15.—Hearing on contempt charges brought against persons alleged to have circulated political tickets in violation of a court injunction restraining the circulation of the tickets was set for this afternoon before Circuit Judge Hingham following the refusal yesterday by Presiding Judge Tarzwell to sit in the case. Tarzwell, who issued the restraining order, stated that he did not feel qualified to determine whether his court had been held in contempt by those against whom he issued the order. The defendants in the case include Fred L. Gifford, an organization calling itself the Oregon Federation of Patriotic Societies, the Ku Klux Klan, W. D. Quinn, and the Southwick Press. The action was brought on the complaint of an organization claiming to be the real Oregon Federated Patriotic Societies, which charged that the tickets were being distributed in spite of the restraining order.

and short haul sections of the interstate commerce act. Senator Brookhart, republican, Iowa, declared he had been conservative in his estimate that one billion dollars could be cut from the nation's railroad freight charges without reducing the labor pay item. At least \$400,000,000 could be saved annually he said "by cutting out the inside grafting companies which now cut in on railroad earnings."

He said there was no logic in the separate operation of pullman, tank and refrigerator cars. He listed telegraph and express facilities among the activities which should be operated by the roads.

Senator Foss, republican, Ohio, declared it had not been shown that cheaper operation of the non-related activities would result under unified control and Senator Norbeck republican, North Dakota, said the savings indicated would not equal the aggregate wage increase granted on railroads since 1916.

**ROTARY CLUB HAS
LIVELY MEETING**

Dr. A. C. Seely spoke before the Rotary club today on "Boys and Their Care." His talk proved very interesting to the members of the club and was followed by a few excellent suggestions made by a visiting member. At the next meeting of the club the eighth grade graduates of the public schools of the city will be entertained and Cary has a good line of advice that he will give the boys. Several alleged telegrams were received today from the Grants Pass Rotary club stating that considerable silverware had been missed since the Roseburg delegation visited that city last week, the only clue to the lost goods being a handkerchief picked up with the initials "L. J. B." A local barber has been suspected of the devilry. An attendance contest has been established in the club with Ole Johnson and Jack Singer as captains of the teams. The contest will continue until January 1, at which time the losing side will give a banquet to the entire membership and their wives. The Coos Bay club has also challenged the Roseburg club to submit its attendance for the next two months, with a view of giving the winners in the contest a banquet at the end of the period.

**TO MOVE OFFICE TO
ABSTRACT BUILDING**

The work of remodeling the Douglas Abstract building is being rushed in order that the rooms may be completed by the first of June, so that the Chamber of Commerce office may be moved from its present location to the Abstract building on that date. As soon as the Chamber of Commerce moves, J. F. Barker, owner of the building, in which the office is now located, will completely remodel that structure. It is to be extended clear through from Jackson to Main streets, and both fronts will be improved, and the exterior tinted and painted. The building will then be occupied by Mrs. L. B. Moore with her studio and instrument sales rooms. Mrs. Moore expects to open a business handling all kinds of musical instruments and supplies, along with her studio of music.

The Abstract office is being greatly improved, and use is being made of space which formerly has been wasted. The stairway leading to the lodge rooms has been changed from Jackson street to the Washington street side, and a new entrance cut there. The old stairway has been removed and a partition run lengthwise through the main front room, giving a fine office space on the south side. The abstract company's division will be more handily arranged and better lighted than previously, while ample room is given for the chamber of commerce office.

At the present time the public library is situated in the back of the abstract building, and it probably cannot be moved until the first of July, as it will be impossible for the Marsters property to be improved and made ready for the library before that time.

**HUSBAND SAID
WHY NOT TRY IT**

Wife Said She Would. Result, Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

East Hardwick, Vt.—"Last winter I was not able to do any work at all. I had backache, headache, side ache, and was sick all the time for six months. We read about Lydia E. Pinkham's Vegetable Compound in the newspapers, and my husband said to me, 'Why don't you try it?' So I said I would, and he went and got me a dozen bottles. It has done me more good than I can ever tell, and my friends say, 'What have you done to yourself?' You look so well. I tell them it is the Vegetable Compound that makes me so well and strong. There is no use to suffer with backache and pains. I will tell every one what it has done for me." —Mrs. FRED, PUMO, Route No. 2, East Hardwick, Vermont.

Housewives make a great mistake in allowing themselves to become so ill that it is well-nigh impossible for them to attend to their household duties. In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use. For sale by druggists everywhere.
