

GRAND JURY WILL MEET ON MONDAY

Many Cases to Be Considered During Coming Session District Attorney Says.

FOUR MEN ARE HELD

Jury to Investigate Charges Against Four Men Now Held in Jail for Various Crimes.

District Attorney Guy Gordon announced today that the grand jury term starting on Monday, May 19, will be fairly heavy although it is expected to have most of the work out of the way before the end of the week. A great deal of investigation is to be done, after the criminal cases have been disposed of. Several men are being held for action by the grand jury, and their cases will be taken up immediately upon the opening of the grand jury term.

Nels Larsen is in jail charged with robbing two transients at West Fork during the latter part of March. Larsen denies the charge, although the man described by the two men was found in his possession. They claim that he held them up at the point of a revolver and robbed them of \$14. Only a small amount of money was found on him when he was arrested. Larsen is not his true name, but he has consistently refused to give any other. He is endeavoring to keep the news of his arrest from his parents, and will give no name other than the one he has adopted. His finger prints were taken recently and sent to the state penitentiary, but they did not correspond to any prints there, indicating that the young man has not previously been in trouble.

Fred Bauer is awaiting action by the grand jury in connection with the robbery of Culver's store. Bauer, who has served two terms in the pen for robbery, is said to have confessed the crime. He was arrested at Medford, and three guns stolen from the store on April 23, found in his possession. When first arrested he learned however that a gold piece stolen from the store was a highly treasured keepsake, having been presented to George Culver by his mother. Bauer admitted the theft and informed the officers where he had passed the coin in an effort to recover it for the proprietor of the establishment which he had robbed.

Joseph Bollaz is held in jail on a charge of attempting to kill L. P. Rapp, of Oakland. Mr. and Mrs. Bollaz, it is alleged were separated, the man having deserted his family. Mrs. Bollaz obtained employment at Rapp's farm near Oakland, and worked there for several months before her husband returned. He attempted to force her to go to Washington and is said to have abused her. Rapp is said to have gone to the house, and Bollaz picked up a rifle and attempted to shoot him. It is alleged. The rifle, however, was not loaded, and the hammer fell on an empty chamber. Rapp swore out a complaint and had Bollaz arrested. The woman is now suing for a divorce.

W. S. Marney is to come before the grand jury on a charge of passing worthless checks. He was formerly a butcher at Canyonville and resided at Tiller for a number of months. Before leaving for Klamath Falls he is alleged to have passed a number of checks without funds to cover them. He was arrested at Klamath Falls and furnished bail to guarantee his appearance in court here.

In addition to these cases there are a number of matters, particularly liquor law violations and non-support cases to be heard, and investigations to be made, according to Attorney Gordon.

BARN AT TRAINING SCHOOL DESTROYED

SALEM, May 15.—The destruction of a barn at the state training school for boys, late yesterday, in which six horses lost their lives and a large amount of feed and equipment was destroyed, has again brought the attention of the state board of control sharply to the question of whether a new school is to be built on a new site yet to be selected.

The board had reached no decision in the matter today. Governor Pierce, state treasurer Myers and superintendent L. M. Gilbert of the school went to the home of Secretary of state Koser, who is ill, and a conference was held on the question. Myers favored completing the present site. There was some talk in the discussion today about keeping the present school as a reformatory for youngsters who are on the border line between a training school and the penitentiary.

The delay in reaching a decision has become wearisome to welfare workers in the state, particularly in Portland, who have made several trips to Salem to discuss the school question with members of the board.

LOS ANGELES POLICE HEAR STRAIGHT TALK FROM THEIR CAPTIVES

LOS ANGELES, May 15.—Chief of Police August Vollmer and his police captains recently instituted a new form of conference when they held a round-table discussion on crime. It causes, and means for its prevention with the inmates of the Lincoln Heights jail here.

At a luncheon in the jail the prisoners, at the invitation of the chief, told the arms of the law, just what they thought of policemen, courts, and law enforcement in general. Chief Vollmer said he learned much from the conference, including the following:

The character of men arrested should be more closely investigated by the arresting officer. A court should be established to handle vagrants exclusively. A sympathetic officer should be appointed to hear the pleas of these vagrants and those arrested on other petty charges. Some of the remarks by prisoners that led up to these conclusions were:

By an Irish prisoner, called by his co-inmates, Sam: "Those cops pinch us because that's their business and they don't care if we're innocent or not. If they get nothing real against us, we're canned on a charge of being vagrants and a boob judge gives us 90 days for having an empty stomach."

By an educated prisoner, who said he had made it his business to study crime from both sides: "There is, apparently, only one thing for a man to do when he is broke and hungry, and that is to knock off somebody. I believe that the majority of small crimes is caused by that reason and no other."

By a gray-haired inmate, whom all saluted as Vincent: "Conditions are not going to be a bit better until the public is taught to place trust and confidence in the police department, and there will not show that trust and confidence until the department merits it. At present some policemen will lie and cheat to convict a man."

Chief Vollmer asked for names of the officers who did this, but at a warning from other prisoners, the bootlegger sat down.

DEMOCRATS PLAY REPUBLICAN PARTY

FLINT, Mich., May 15.—The republican party has no policy it desires to avow and the administration lacks any record of accomplishment. Alfred Lucken, temporary chairman declared in the keynote speech at the democratic state convention here today.

"It has been an administration without a real leader at any time," Mr. Lucken asserted. "Without a United Policy on any great question, with no important measures adopted, relief for the people, an administration trucking to the great interests and plunderers the taxing powers for their own private benefit, through the Fordney-Cumbe act, and now finally exposed to the country as reeking with corruption in high places."

He criticized Secretary Hughes for the disarmament conference, which he termed "futile and fruitless" and denounced President Coolidge for his appointment of C. Bascom Simpson as secretary to the president, opposition to the passage of the soldiers' bonus and the recent action on Japanese exclusions and his failure to name Judge Kenyon as attorney-general.

The Gobblers Association of Oakland will receive bids for 4 lunch, 6 soft drink, and one general grand stand concession for their big July 4 celebration. Awards to be made May 24. Bids may be offered on separate concessions or as a whole. The committee reserves the right to reject any or all bids. For further particulars and location of the several stands apply to E. E. Leas, member executive committee, Oakland, Oregon.

McADOO IS WINNING TENNESSEE PRIMARY

NASHVILLE, Tenn., May 15.—Twenty-eight delegates to the democratic convention for Davidson county met Saturday, in addition to the 128 voted for in yesterday's preferential presidential primary are yet to be named, according to the plan adopted by the county committee.

The word of the primary call gives this authority to the election committee of five. This arrangement, it is contended by McAdoo leaders, will present an opportunity of revising the result of the election yesterday by nominating 28 additional Underwood men and thus wiping out the McAdoo majority.

McAdoo swept the county in yesterday's election. He received 603 votes in the county convention, while his opponents obtained 443.

Trambitas showed O'Donnell after the fourth round and repeatedly shook him with left hooks and rights to the body and head. On the tenth O'Donnell tottered and almost went down under a rain of Trambitas' punches. O'Donnell weighed 137 1/2, Trambitas 135 1/2.

KENTUCKY IS SOLID FOR WM. G. McADOO

LEXINGTON, Ky., May 15.—Kentucky's delegation of 26 to the democratic national convention was instructed for William Gibbs McAdoo after his supporters for adoption of the unit rule by the state convention which adjourned here early today after a session marked by great commotion and disorder. The unit rule was adopted over Oscar Underwood, U. S. Senator from Alabama, who asserted their intention to take an appeal from the decision before the national convention at New York since two delegates from the ninth Kentucky district had been instructed for Underwood.

BISHOP'S TENURE WILL BE TEN YEARS

SPRINGFIELD, May 15.—The limitation to eight years of the bishop's tenure in any one area, formerly definite, was approved by the Methodist Episcopal general conference here today. The change was regarded as radical and opponents of the measure said it would decrease the effectiveness of Episcopal supervision.

The resolution as adopted read: "The general conference instructs the committee on episcopacy that in assigning bishops to residential episcopacy the committee shall have in mind the principle of a maximum of continuance (tenure) of eight years in any given residence."

"The episcopacy committee has found that too long continued occupation of a residence does not make for the most fruitful service by the bishop or for the fullest development of the area," said Dr. D. G. Downey, chairman of the committee. "The change suggested will make for greater enthusiasm and efficiency."

The conference approved the episcopacy committee's non-concurrence in memorial for the discontinuance of their system for the election of provisional bishops and for resuming the practice of electing missionary bishops. The committee's resolution for more frequent changes in the presidential supervision of annual conferences by the bishops was approved.

Among the bishops who may be affected by the ruling are Bishops Joseph P. Berry of Philadelphia; Theodore S. Henderson of Detroit; Luther B. Wilson, of New York; Edwin H. Hughes of Malden and William M. McDowell of Washington.

Petitions for the retention of Bishops Hughes and Wilson have been filed by the delegates. Sun Proof Hose, "A1" in quality. A red hose made on coast for coast conditions. Churchill Hdw. Co.

LIBERTY THEATRE

Nature in her majestic grandeur is unfolded upon the screen. The laying of a railroad in this virgin country with its many men, horses and steam shovels feverishly working like a lot of ants; the cutting down of the big trees and then sawing them up into merchantable lumber, are all shown as they are really taking place in this storehouse of Nature. To this are added the beautiful views of the forests, the streams, the mountains and the peaceful valleys. With Jack Hoxie as the featured player, supported by an excellent cast, "The Broken Spur" is a strong, interesting western picture at the Liberty Theatre Friday and Saturday.
