Thousands Have Tobacco Stomach

The excessive use of tobacco is one of the most common causes of indigestion and stomach inflammation. When you smoke or chew makes a difference. The highly irritating juice of the weed is swallowed and the inflammation of the stomach may end in gastritis or chronic inflammation.

Tobacco "stomach" produces a number of distressing symptoms—loss of appetite, then an occasional attack of indigestion. For your food sours at times and a peculiar burning in the stomach. These attacks occur with increasing frequency as time goes on. If neglected, the condition becomes chronic, resulting in loss of weight and general poor health.

Smith Bros' M. A. C. Stomach has proven wonderfully successful in all forms of digestive trouble. Sold on a positive guarantee of cure back if the first bottle fails to cure stomach inflammation or dyspepsia. The very first dose should place. Nothing on earth like it. You can get a large bottle for \$1.25. Fullerton Drug Store will supply you. (Mail orders accepted.)

THEATRES

ANTLERS THEATRE

"The Specks," a little 98-foot per inch has accomplished the impossible. The vessel completely circumnavigated the globe after sixteen months of trials and hardships on the seas, making one of the most amazing world-encircling voyages on record.

Under her own power she left the Hudson River in August, 1921, cruised down the Atlantic coast to Florida, crossed across the Caribbean to the Panama Canal and into the wide expanse of the Pacific Ocean. It was in that her ordeal began. Instead of sailing for Hawaii as so many little ships do, she set her course to the South Seas, making stops at Tahiti, Samoa and the Fiji Islands, leaving Australia by way of New Caledonia and so on into the East Indies and back into our western world by the Indian Ocean.

The Paramount pictureization of the epoch-making adventure comes to Antlers Theatre Friday for a one week run. The manners, customs, religious ceremonies of savage tribes, and a thousand interesting things are graphically pictured.

LIBERTY THEATRE

Douglas MacLean's newest comedy, "The Yankee Consul," will be its first appearance upon the screen at the Liberty Theatre. This exceptionally funny film was adapted from the Broadway musical comedy stage hit of twenty years ago when first presented by Raymond Hitchcock to the public. While it was an acknowledged success as a play, it was a bigger laughing vehicle for screen than his recent "Going to the Sun" which was uproariously funny. MacLean has surrounded himself with a most capable and clever company of players, including the comely and fascinating Patry Ruth Miller, as heroine. Others are Stanhope Wincroft, Arthur Stuart Hall, Eula Jensen, George Periolato, Fred May, L. C. Shumway, Eric Mayne, and Fred and Bert Hadley. The picture was directed by James H. Stone, the same man who directed MacLean in "The Hottentot" and is unquestionably the best work he has yet done. At the Liberty Theatre Sunday, Monday and Tuesday.

Simple Home Treatment For Swollen Veins

If you or any relative or friend is troubled because of varicose veins, or aches, the best advice that anyone can give is to get a prescription that many physicians are now prescribing. Ask Nathan Fullerton for an original prescription bottle of Emerald Oil (strengthen) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are at normal size. Emerald Oil is a powerful, yet harmless germicide and results are guaranteed. Nathan Fullerton.
