SAN PEDRO, June 12.—A naval court of inquiry into the causes of the disaster aboard the U. S. S. Mississippi yesterday opened its sessions on the battleship Tennessee early today, while the inquest on the bodies of the victims, started last night, was proceeding simultaneously.

The admiral voiced his deep regret at the disaster and declared that he was at a loss to understand what had caused the explosion.

(Associated Press Leased Wire.)

SAN PEDRO, June 12.—The explosion that killed 48 men aboard the U. S. S. Mississippi yesterday, was not loud enough to be heard outside the gun turret in which it occurred according to R. J. Macavini of San Francisco, boatswain mate of the U. S. S. New Mexico, who was one of the few who escaped from the steel death chamber.

There was a small explosion like a match being touched to a pile of celluloid—just a puff, then a little

flame then a bigger one that filled the turret like a strike of lightning, accompanied by smoke, suffocating smoke.

"The turret was filled with sweating, heated men and was more crowded than usual, because in addition to its regular crew of 47 men, our party from the New Mexico was there.

"The bridge guns had been fired and charge had just been taken out of the gun in the third compartment. Along the wall were empty powder sacks. I noticed a 450 pound sack in the corner nearest the gun carriage just before the trouble occurred.

"Realizing the danger, we jumped for the two hatches leading to the lower deck. Some of us were lucky—only a few though, for the fire ran all over the chamber and blocked the two passageways. "We, who escaped, could hear the shouts of the boys penned in the compartment. They were not burned to death, nor mangled by the explosion. They were most of them just suffocated."

ROY BELLOWES left last night by auto for Ridgefield, Washington, in response to a message announcing the serious illness of his son, Bobbie. Mrs. Bellowes and her mother, Mrs. C. E. Jones, and Bobbie have been visiting relatives at Ridgefield for the past week. It is evident that Bobbie took ill suddenly as no previous notice of sickness was given. Mr. Bellowes left at 8 o'clock last night intending to drive through without stop.

THIS PRESCRIPTION FOR KIDNEYS

No Drugs—Just Roots and Herbs.

6 OUNCE BOTTLE, 75c

Years ago, Dr. Carey said, "When backache comes get after your kidneys—and don't waste any time."

"Right at the start, go to your druggist and ask for Dr. Carey's Marshroot Prescription No. 777; take it as directed until backache ceases and your eyes are clear and bright."

For more than 40 years Dr. Carey specialized in diseases of the kidney and bladder, and when, in the height of his remarkably busy life, he decided to dispense his most effective kidney and bladder prescription through the better druggists, he helped thousands who could not afford to go to him for treatment.

Thousands of unobservant people have kidney ailments and never know it until too late. High colored urine, getting up in the night, and puffy eyes tell the story.

If you even suspect—start today with Dr. Carey's Marshroot Prescription No. 777. It will drive the poisons from your kidneys and your druggist knows all about it.

Nathan Fullerton dispenses lots of it. It comes both in liquid and tablet form: It will help you as it has a host of others. If it should not, if you aren't glad in one week's time that you bought it, money gladly returned—and only 75c. Mail orders accepted.
