ROSEBURG, OREGON, TUESDAY, JUNE 17, 1924.

SPORTS AS A UNIFYING FORCE

If the politicians and orators were asked what are the great forces binding this country together, they might reply quite truly that our love of democracy and the admiration felt for our national leaders were prominent forces in creating this unity. But splendid as these influences are, they are not the only common interests that tend to hold the country together. Something could be said as to the power of athletic sports to create community feeling, and break down social differences. The crowd that gathers at a baseball game, for instance, is a really amazing demonstration of this spirit. The college professor and the man who can scarcely read a newspaper, both find keen pleasure in watching this triumph of athletic skill. They may become friends while discussing the points of the game. People are sharply differentiated by their occupations. Class distinctions and feelings grow out of these differences, and do a great deal of harm. It is a mighty fine thing when all such differences are forgotten for an hour, and people of all types rub up against each other in common admiration of one thing. It was held to be beneficial when young men from all kinds of homes were thrown together in army life. It often works out a similar result in schools and colleges, when young men from all environments play side by side. They are likely to think more kindly of each other in later years. A benefit is gained when sports like baseball are encouraged as an adjunct to business life. When a team is formed to represent a factory or other place of business, a tie of common interest is formed between the office and the workshop.

Yesterday's school election was one of the liveliest ever held in Roseburg. The vote registered was far the biggest recorded in the history of the city and sets a new record for interest displayed in the welfare of the public schools. This was a fine spirit to show and one that is bound to bring good results. When the public becomes fully awakened to the needs of our public schools that interest is sure to spell progress. There is nothing to be gained by an inactive public that fails to rally to our educational institutions and yesterday's record vote is conclusive evidence that our citizens generally are taking an active part in the schools. The position of school director calls for men of more than ordinary ability, and if given the time and attention that such honor deserve, great sacrifice on the part of those elected is the compensation for their services.

Japan is attempting to inflict a boycott on this country in various ways in retaliation for our foreign immigration attitude, as recently expressed by congress. Anti-American demonstrations are also being staged in many parts of that country, all of which goes to prove that the yellow race would have been mighty glad to continue slipping hordes of their natives into this country to compete with American workmen and lessen the standard of our citizenship by compelling them to meet Japanese competition, a level of living entirely foreign to real Americans.

We have passed that period of the year when rain is expected, so we might just as well decide to get along without any liquid refreshments. Anyway, it is far better to be a little dry than experience a down pour like that visited upon Johnson City, Tenn., last Saturday when several towns were wiped out and numerous persons killed and injured. There is still plenty to be thankful for in this great old state of Oregon.

The Democratic national convention is the next big attraction in world affairs. Then the two big political institutions will get down to business for the fall campaign.

They shouldn't put so many eating places along the automobile roads that it will give a person indigestion to look at them.

It is declared that more leaders are necessary and plenty of people are offering for the job.

Anyway, regardless of the dry weather, we pulled a big crop of votes yesterday.

A cooking school is a good place for newlyweds to get first hand information.

TORNADO KILLS 20 IN SOUTH DAKOTA

(Associated Press Leased Wire.)

SIOUX FALLS, S. D., June 17.—With twenty reported dead and damage of more than a million dollars, South Dakota set to work today to establish communication with the storm swept area.

Wires were down in may of the sections where the storm spent its fury and eleven of the deaths were unverified. Estimates of property damage, varied from $1,000,000 to $10,000,000.

Washington Springs is believed to have suffered most from the tornado.

We have specials each day in used furniture at Powell's.

MANY MOTORISTS VISIT OREGON

Records of Secretary of State Show Large Number of Tourists During May.

LAW IS MANDATORY

All Foreign Cars Must Register Upon Entering State—Records Show Bulk of Travel From South.

SALEM, June 17.—The extent of motor travel from other states in Oregon during the current year may be forecasted from the fact that during the month of May 7,081 motor vehicles licensed under the laws of other states were registered under the Oregon non-resident law. Of this number the greatest registration was of California cars, of which there were 3,921. Next in number is 1,795 cars from the state of Washington and third, 538 cars from the state of Idaho. The largest number of registrations was at the Ashland station where 1,793 cars were registered during the month. The Medford station followed with 972 registrations during the same period and the Portland station was third with 737 registrations. The total number of vehicles registered between January 1 and May 31 was 16,781.

Notwithstanding the law is mandatory, the impression seems yet to prevail among some motorists that the registration requirement is discretionary with the moton vehicle owner. This is not the case. The law requires that motorists coming into the state shall immediately register at some duly accredited station and receive evidence thereof in the form of a sticker which is attached to the windshield of the car registered. While the law requires the motorist to make the registration within 72 hours, it is specifically intended thereby that such registration shall be immediately made by the owner upon bringing his car into the state. There are no exceptions whatever to this requirement and it makes no difference whether the motorist may remain in Oregon for but a few hours a few days or a few months.

The registrations indicate that the travel is principally from the south as the great bulk of the registrations are made at the southern Oregon stations. The following statement shows the number of registrations to May 31 at the respective registration stations:

Albany, 237; Ashland, 4,686; Astoria, 105; Baker, 169; Bend, 164; Corvallis, 10; Eugene, 559; Gold Beach, 35; Grants Pass, 1,047; Klamath Falls, 760; La Grande, 203; Marshfield, 96; Medford, 2,639; Milton-Freewater, 7290; Nyssa, 1; Ontario, 540; Pendleton, 359; Portland, 2,295; Roseburg, 524; Salem, 1,091; Seaside, 1; The Dalles, 486; Inspectors, 54; total 16,781.

Some of the stations have been established but a short time and are on the more or less remote highways, while those points at which the large registrations are made are on the main highways and gateways to the state.

Motorists coming into Oregon are from practically every state as indicated by the following statement showing the number of vehicles registered to May 31, from the respective states:

Alabama, 9; Arizona, 142; Arkansas, 12; California, 9,539; Colorado, 157; Connecticut, 6; Florida, 7; Georgia, 2; Idaho, 999; Illinois, 53; Indiana, 11; Iowa, 47; Kansas, 86; Kentucky, 1; Louisiana, 4; Maine, 3; Maryland, 2; Massachusetts, 6; Michigan, 32; Minnesota, 4; Mississippi, 4; Missouri, 31; Montana, 140; Nebraska, 16; Nevada, 79; New Hampshire, 3; New Jersey, 6; New Mexico, 29; New York, 20; North Carolina, 5; North Dakota, 29; Ohio, 34; Oklahoma, 63; Pennsylvania, 22; Rhode Island, 1; South Dakota, 19; Tennessee, 3; Texas, 105; Utah, 76; Virginia, 5; Washington, 4,628; Wisconsin, 21; Wyoming, 42; District of Columbia, 6; Alaska, 6; Canada, 107; Hawaii, 6; Old Mexico, 2; Guam, 1; Panama, 1.

Assuming that there are three occupants of each car, the visitors to Oregon thus far this year by motor cars exceed 50,000 and as the heavy travel is during the months of June, July, August, and September, undoubtly several hundred thousand motorists will visit Oregon before the year passes.

During the period between April 25 and May 31, $3,406 was received in motor vehicle license fees from cars which had previously been registered under the laws of other states. These cars were registered from states as far east as New York and as far south as Texas, indicating that the owners thereof had either taken up residence after coming to Oregon; or while therein disposed of the cars. Under the Oregon law, the permit issued is for 90 days, residents of Oregon who have been in other states during the time the motor vehicle licenses are annually renewed and taken out licenses under the laws thereof, can not claim exemption from the Oregon license for the 90 day period, as they are subject to the license laws of the state of which they are residents, notwithstanding for their temporary convenience they may have secured a license of the state in which they were then sojourning or visiting. The Oregon law further provides that immediately upon the purchase by a resident of Oregon of a motor vehicle registered under the laws of another state such license numbers are immediately void and the owner shall register such vehicle in the manner required by residents of this state. The Oregon law also provides that a resident of Oregon shall not use in Oregon any motor vehicle registered and licensed under the laws of another state.

NOTICE OF BIDS FOR COUNTY AUDIT

Notice is hereby given that sealed bids will be received by the county court of Douglas county, Oregon, for the audit of the books of the Sheriff, Treasurer and County Clerk for the year 1923. Bids to be filed with the county clerk on or before 2 o'clock p. m., of Wednesday, July 2, 1924. A sufficient bond will be required for the faithful performance of the work in a sum equal to one-half the total amount of the bid.

The court reserves the right to reject any and all bids.

By oder of the County Court.
IRA B. RIDDLE, Co. Clerk.

NOTICE of sale of government timber, General Land Office, Washington, D. C., May 15, 1924. Notice is hereby given that subject to the conditions and limitations of the acts of June 9, 1916, (39 Stat., 218), February 26, 1919 (40 Stat., 1179), and June 4, 1920 (41 Stat., 758), and departmental regulations of April 14, 1924, the timber on the following lands will be sold July 7, 1924, at 10 o'clock a. m. at public auction at the United States Land office at Roseburg, Oregon, to the highest bidder at not less than the appraised value as shown by this notice, sale to be subject to the approval of the Secretary of the Interior. The purchase price, with an additional sum of one-fifth of 1 per cent thereof, being commissions allowed, must be deposited at time of sale, money to be returned if sale is not approved, otherwise patent will issue for the timber which must be removed within ten years. Bids will be received from citizens of the United States, associations of such citizens and corporations organized under the laws of the United States, or any State, Territory, or District thereof only. Upon application of a qualified purchaser, the timber on any legal subdivision will be offered separately before being included in any offer of a larger unit. FRANCE WILL NOT EVACUATE RUHR

(Associated Press Leased Wire.)

PARIS, June 17. — The declaration of Premier Herriot's cabinet, submitted to parliament today, affirms that the Ruhr will not be evacuated until the guarantees provided in the Dawes report have been set up.

Other features of the declaration include a pronouncement for the restoration of normal relations with Russia.

Gaston Doumergue, France's new president, in his first message to parliament today, declared Germany before Dawes' report was put into effect, must prove her good faith. Such good faith is insisted, must come from facts and not from mere engagements without previous assurance of fulfillment.

"France's conciliatory spirit, which is sincere and indisputable," he continued, "can not go so far as to lull her vigilance and make her forget the lessons of the past."

The president laid stress on the statement that France could not renounce her own force nor the control which the treaties give her the right to exercise over Germany.

MOTOR ASSOCIATION OFFICIALS HERE TODAY

Several officials of the Oregon Motor Association will arrive in this city this afternoon to hold a conference with members of the Chamber of commerce relative to establishing a tourist's bureau in connection with the Chamber of Commerce office. Plans of the Motor Association will be explained and it is hoped that the tourist's bureau will be opened in the very near future as there are now a great many motor tourists on the Pacific Highway and there is need of a fully equipped bureau.

NOTICE OF GUARDIAN'S SALE

Notice is hereby given that by virtue of an order, judgment and decree of the county court for Douglas county, Oregon, given, made and entered of record on the 24th day of May, 1924, I will offer for sale and sell at private sale for cash in hand, all of the right, title, estate and interest of Donivan S. Denning, a minor, in and to the following described real property, to-wit: The southeast quarter of section eight, in township twenty-three south of range eight west of the Willamette Meridian, in Douglas county, Oregon, containing 160 acres. That the interest of said Donivan S. Denning in and to said real property, is in fee simple.

That I will receive bids or offers for said real property on Friday the 27th day of June, 1924, and until the same is sold, and will sell the same to the person offering the highest sum therefor for cash in hand on and after the 27th day of June, 1924, and until the same is sold. Bids or offers may be addressed to me at Looking Glass, Oregon, or at the law office of John T. Long, in Roseburg, Oregon.

JEFFERSON WILLIAMS,
Guardian of the person and estate of Donivan S. Denning a minor.
