Sgobel & Day of New York and Portland have arranged with Foster Butner to handle apples and pears for them this season. Fruit will be received and loaded at the Umpqua Broccoli Exchange warehouse, Douglas street and S. P. tracks.

Sgobel & Day are distributors of fruit in all the markets of the world and, so far as possible, sell upon an f. o. b. basis.

Growers are advised to talk over with Mr. Butner the sale of their apples and pears. Reasonable cash advances in addition to packing supplies will be available.

DANGER OF FOREST FIRES IS LESSENER

The cooler wet weather of the past few days has greatly relieved the fire situation, according to Forest Supervisor Carl B. Neel. Although there will be no relaxation of vigilance the rain is giving the forest workers a breathing spell, as it lowers the danger of fire for a few days, and also gives an opportunity to burn the brush which has been cut down by road and trail workers. Because of the dryness of the surrounding timber, it has been impossible to burn the slashings up to the present time, but this work is now being done, while the forests are damp enough to prevent any danger.

MONGOLIAN PRINCE OPPOSES INVASION BY CHINESE ARMY

(By Associated Press.)
PEKING, June 19.—In spite of the resentment felt by the Mongolians toward their Russian masters, it is doubtful whether they would welcome release at the hands of the Chinese in the opinion of Prince Na, one of the senior Mongolian nobles who, with nine other princes has become an exile rather than submit to Russian rule.

Na is more than 60 years of age. He was one of 24 princes who ruled one of the four provinces of Outer Mongolia before Baron Ungern-Sternberg and his "red" troops took possession of the country some five years ago. At that time the Russian invaders and their following of young Mongols gave the Mongol princes their option of submitting or leaving their country. Ten out of 83 chose exile.

There have been various reports in circulation to the effect that Chinese military authorities were considering plans for the recovery of Mongolia by means of an armed expedition. Interviewed on the subject, Prince Na who in spite of his long absence appears to have kept in touch with events and conditions in his own country, expressed the opinion that such an effort would be ill advised. In the first place, he said, it is doubtful whether such an expedition could be successful, and in the second place it is an open question whether the Mongols themselves would welcome a Chinese army in their territory.

At present, the prince continued, the Living Buddha or Hutuktu, the head of the Mongol government, is a prisoner in his temple property in Urga. He is totally blind, but in spite of his infirmity he, like all the minor officials throughout the country, is kept under close surveillance by the Russian rulers. Individual Mongols are forced to pay much heavier taxes than under their native princes. The Russian forces are not proportionally large, but their authority extends pretty thoroughly over all the territory of Outer Mongolia.

Inner Mongolia remains loyal to the Chinese government, being designated as the Three Special Areas, Jehol, Chahar and Suiyuan. Prince Na felt that the present regime in Outer Mongolia could not survive, but he does not anticipate a resumption of authority by the old princes and the Hutuktu. That day has passed, he said. In its place he hoped for an eventual reorganization by the Mongols under the protection of the Chinese government.

RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenburh, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenburh has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James H. Allen, of Rochester, N. Y., the discoverer of Allenburh, who for many years suffered the tortments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenburh decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. Nathan Fullerton, Roseburg, Oregon, can supply you.

SUBMARINES SIDE SWIPE IN MANEUVER

(Associated Press Lensed Wire.)
WASHINGTON, June 19.—Two submarines sideswiped each other while engaged in underwater maneuvers yesterday off San Diego, California. Vice-Admiral Wiley, commanding the battleship fleet reported today to the navy department. The vessels were the S-33 and S-35 and Admiral Wiley said there had been no injury to personnel on either ship and that the S-33 had escaped uninjured while the S-35 received slight damage to the hull. Repairs to the S-35 are being made by the submarine tender with the flotilla.

New Treatment For Varicose or Swollen Veins

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength), at Nathan Fullerton's and start to reduce the veins and banches at once.

Physicians recommend Emerald Oil. It is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal. It is guaranteed.

So marvelously powerful is Emerald Oil that enlarged glands, veins and even goitre disappear when used steadily.
