

# Fun in California

NAME your fun and you'll find it. California can't come you, but you CAN come to California, and conditions are favorable for your coming now. Come to golf or hike on lake or boat or fish or camp. Come for fun—dignified, joyous, rollicking, boisterous fun, but come for fun!

Clear the fogs of a year's work from your mind. Sweep away and come to play. Here where sea and mountains, rivers, valleys, great forests, glorious highways, vast parks and enthralling scenic wonders are joined to make California—**is FUN!**

Here's fun for the banker, the artist, the craftsman, the girl, the boy, the bride and groom, the busy man. Come and immerse yourself in the joys of a happy holiday—for it's playtime, and California lies invitingly by the western sea. See San Francisco—as distinctly different and fascinating a city as you'll find anywhere, and the coolest summer city in the country.

Low fares, and a world of diversion. Smooth highways and legion natural beauties. Come and have your fun!

**Giant Redwoods**  
Short trips out of San Francisco take you to the great Redwoods of California. Seeing these giant trees will change your present conception of things that grow. Don't miss seeing the Redwoods, just one of hundreds of California attractions.

Wants Inc., Room 627 140 Montgomery Street - San Francisco

## ORDER FORBIDS EATING OF CATS

The Chinese people have been forbidden to eat cats and a most severe penalty provided for any one violating this restriction, according to a letter received by Mr. and Mrs. Albert Arraham from their daughter, Dorothea, who is an instructor in home economics in the True Light schools at Canton, China. The Chinese are fearing another outbreak of bubonic plague, and are endeavoring to get rid of all of the rats in their country. Cats are a great delicacy in China and are one of the chief items of diet, but in order to dispose of the rats, the Chinese health authorities are ordering that not cats shall be eaten while there is danger from the plague.

## MATTEOTTI MURDERER MAKES CONFESSION

(Associated Press Leased Wire.)  
ROME, June 21.—The newspaper Messagero says that Amerigo Dumini, under arrest in connection with the supposed murder of the socialist deputy Matteotti, has made a confession implicating as investigators of the crime some of those under arrest and others and indicating that murdered deputy's body was disposed of by being burned. Matteotti, according to this confession, was killed almost immediately after he was kidnaped. The body was taken to the forest of Vico and hidden behind a fence, but the same night one of the men who had taken part in the murder, went with a companion to the scene and removed it to a new hiding place.

## STARTS IMPROVEMENTS

The construction of a new modern front for the Douglas Abstract building, was started today by Contractor Metzger. A new and attractive front has been designed by Architect F. A. Alley, and the building, with the improvements already made in painting and remodeling, will be one of the fine appearing business houses of the city within a short time. The public library in the rear of the structure will be closed Monday and Tuesday, while repairs are being made, but it is expected that the library will be open again on Wednesday.

## REEDSPORT ELECTS SCHOOL OFFICERS FOR NEW TERM

At the annual election of school district No. 105, held Monday evening at 8 p. m. at the city hall, J. W. Reeder was elected to serve in the place made vacant by the expiration of George W. Staples' term. About 50 people were present at the meeting. Mr. Reeder and H. L. Chapin were candidates. C. C. Caw was elected clerk. At the meeting of the board members, Stanley D. Chapin was named chairman of the board. Next Monday the meeting of the Union high school district No. 11 will be held. Each of the district will name members on that board.—Port Umpqua Courier.

## COOKING SCHOOL GREAT SUCCESS

(Continued from page one.)  
to be inspected for elimination owing to their excellence. I am more than pleased with the interest and enthusiasm here in the school and hope that the ladies of Roseburg have enjoyed it as much as I have."

Satisfaction was expressed over the awards made by the judges, and in each case, the awarding of the grand prize in each division was especially appreciated by the recipient as they did not already own the articles. An unusual coincidence was the awarding of the electric range to Mrs. A. C. Kidd, who had already placed her order for a range with Hudson Electric Store.

The News-Review wishes to extend their thanks to the judges, the Douglas County Flour Mill, the Douglas County Creamery, McKean, Darby and Baldwin, Peoples Supply, California Oregon Power Company, Carr's Store, Hudson Electric store, Fisher's Store, Chapman Pharmacy, A. Salzman and to anyone else for their donations, and their co-operation without which the cooking school would not have been such an outstanding success. Through the Roseburg News-Review the school was well advertised to the most remote parts of Douglas county, as evidenced by the entries in the contest from nearly every outlying town and district in the county.

To the many housewives who entered into the contest, the News-Review is especially grateful. The baking contest is the true barometer of the success of the cooking school, and the sincere efforts on the part of the many who brought their entries, emphasized strongly the interest taken in the school, and the practical and lasting benefits from its sessions. The News-Review will make the school an annual event hereafter, and every effort will be made to make the school stronger and bigger next year.

The cooking school has demonstrated beyond question the fact that home products are equal, if not superior, to many of the highly advertised, imported materials used in the average kitchen. An effort was made in the school to use home products wherever possible, and the success met with is ample demonstration that there is no logical reason why these products should not be in first demand locally.

## LETTERS FROM THE PEOPLE

### CHILD LABOR AMENDMENT TO CONSTITUTION FAVORED

Editor of News-Review: May I call your attention to the fact that I was misquoted in my letter of June 9th. The mistake was this: "Laws that are good, are only for the minority."

It should have been, "Laws that are good only for the minority." There is another very important and much controverted question that probably will come before the next legislature, that is an amendment to the national constitution for the child labor law. If elected and in the event the proposed amendment comes before the legislature, I pledge my support to the measure.

Our future progress depends upon the intellectual capacity of the youth of today, without education their capacity will be limited or diminished. Children under eighteen years old should be in school receiving an education and developing their physical forces. Instead of having their minds and bodies stunted in a factory.

There is plenty of grown ups who would like to have the work.  
C. E. GOODMAN,  
Oakland, Oregon.

## Can We Pay Your Fuel Bill For the Next Two to Four Years

### YOU DO THE FIGURING

**A Roper With complete Oven Control sells at \$75.00 less \$15.00 for your Old Range.**

Subtract this amount from the price of the range you may have been looking at and divide the difference by 4. This will give you the approximate number of months that the difference in price would pay your fuel bill.

**Is Not This Worth Your Consideration?**

Then too—the Roper Automatic range is absolutely guaranteed for 5 years—and will last twice as long as an electric range (and costs about 1-3 as much) with no upkeep.

Make your kitchen as modern as the rest of your home by installing a Roper Automatic Gas Range with complete oven control. It will bake better than any range you can buy at any price.

If it is heat, you can do it better with gas.

# Southern Oregon Gas Co.

340 No. Jackson St.

Automatic Gas Ranges can be had in complete white or gray enamel finish.

## SHERIFF STICKLES RESIGNS

Sheriff Fred Stickles, of Eugene, was in Roseburg yesterday attending to business matters. Mr. Stickles has tendered his resignation as sheriff of Lane county, the resignation to become effective on July 1. He has been elected to the office of secretary and manager of the Security Savings and Loan association of Lane county, and will devote his entire time to that business in the future.

## MOUNT EVEREST IS STILL UNCONQUERED

(Associated Press Leased Wire.)  
LONDON, June 21.—Mount Everest, the greatest irregular cone in the Himalayas whose peak constitutes the outermost point on the earth's crust, still is unconquered. The third expedition of intrepid climbers, like its predecessors has failed, two of the explorers perishing in the final effort.

While the disaster occurred probably a fortnight ago, full details have not yet come through. Brief despatches received by Sir Francis Younghusband, president of the Royal Geographical Society, indicate that the two victims, George Leigh Mallory and A. C. Irvine, succumbed when the climbers were caught by a monsoon. The end came after the explorers had won their way by hard struggles through weeks of terrible blizzards to a position which promised them a chance of success. It is believed the expedition was abandoned.

Mallory engaged in a former attempt but Irvine was a new member of the party.

Everest's peak is 29,002 feet above sea level. The 1922 expedition was six thousand feet below the summit when forced to abandon the attempt.

## CALL ISSUED BY FEDERATED CHURCH

(Associated Press Leased Wire.)  
WASHINGTON, June 21.—Declaration that the time has come for the churches to organize and mobilize for constructive programs to establish world peace, is made in a call issued today by the executive committee of the Federated Churches.

"Let them (the churches) refuse unequivocally to support paganism and policies or acquiesce in colossal and provocative preparation for super-pagan wars," says the appeal. Let them declare that, for nations no less than for individuals, the wages of sin is death and that evil is to be overcome with good."

## DAILY WEATHER FORECAST

U. S. Weather Bureau, local office, Roseburg, Oregon, 24 hours ending 5 p. m., June 21, 1924.

## RIDDLE SCHOOL ELECTION HEAVY

The school meeting held at the assembly room of the local school house last Monday afternoon was attended by a good crowd, 65 votes being cast for the various offices.

For the three year term to succeed P. A. Wilson, deceased, two candi-

dates were nominated, D. S. Beals and Geo. J. McClane. The vote gave Beals 44, and McClane 24, and Mr. Beals was declared elected.

For the two year term to succeed Carl P. Cloud, resigned, J. M. Cornutt and H. H. Horton were nominated and the former was elected, receiving 60 votes to the latter's 8.

I. A. Dean was reelected clerk by acclamation. On the proposition of consolidation of the districts there were 53 for consolidation and 1 against.

In district No. 20 the consolidation was defeated by a vote of 25 against 5 for.

In district 20 P. K. Houston was reelected as director and T. J. Am-spoker was reelected as clerk.

After Using Four-Wheel-Brakes you will never go back to a car without them.
