ROSEBURG, OREGON, SATURDAY, JULY 12, 1924.

AN OLD FRAUD AGAIN.

Again the resurrection plant bobs up under various attractive names in tempting advertisements-beware, cautions the United States Department of Agriculture.

In past years various concerns have advertised this plant for sale under different names, and usually at prices far in excess of its market value. It is often sold by these concerns under the name of "rose of Jericho" or "rose of Sharon" and said to be obtained from the Holy Land and to have been mentioned by "Solomon, Isaiah, and other prophets." The circular of one dealer which calls it "Semper Viva or Rose of Jericho" and offers it for the modest price of 25 cents, describes it as "a deodorizer" and "a preventative of disease." Claims are also made that it is "a preventative of moths and that if a few are scattered about the house they will keep out mosquitoes."

Another concern calls it the "Persian Plant" or "Cinnamon Rose", mentioned by Isaiah in the Bible, and attempts to illustrate its appearance by giving a very poor figure of some cultivated primrose. The plant is said to bloom every thirty days, bearling "the most fragrant flowers in existence." Resurrection plant is, of course, not a seed plant, bears no flowers and is odor-Jess, although the specimens sold by such concerns are often ar-Stificially scented.

A correspondent in North Carolina has recently sent the Department of Agriculture a specimen of this plant put up by an alleged "importing" company of New York, Jerusalem, and Montreal, and sold as "Genuine Rose of Sharon." After giving directions for growing the plant, the circular states: 'Do not cut slips from these plants, as they propogate from seed. The roses go to seed only in Palestine." The regular price of this company is for plants "potted, in blossom, 25 to 28 inches growth, red, white, or pink, \$12.00; the bulb dormant, red, white or pink, \$2.75. As a special advertising offer, a set of "three colors is sold for \$2.75, or one "bulb" for 95 cents.

The true "Rose of Jericho" is a small white-flowered annual of the mustard family. It is a native of desert regions from Arabia and Syria to Algeria, and is supposed to be the "rolling thing before the whirlwind" mentioned in Isaiah, After flower--ing, the leaves fall off, and the branches become hard and woody and roll up into a ball, bearing the seed pods inside. In this -state the plants, uprooted by the wind, are blown about the desert. When the winter rains fall the branches spread back, the pods open, and the seeds quickly germinate. Dried plants retain for years the property of opening when moistened, although they do not "come to life" in the proper sense of the words. The plant was brought back to Europe by the Crusaders, and is the subject of many legends and much folklore.

NOT THE TIME TO QUIT.

Disinclination of able men of affairs to accept public office is one of the outstarding misfortunes of present-day politics. More strong men are needed, yet every day one, or more, is found putting aside opportunities when he could bring his experience and his talents into play for the public service. It is no less regrettable to find men retiring from office where they have rendered honest service because they consider the times hopeless for the work that needs to be done for the good of the

An outstanding instance of the latter situation is the refusal of Representative Jost, of the Kansas City district of Missouri, to stand for re-election. In a letter to political friends he says he cannot afford to take time from his business for the hopeless hatta be buyin' kiddle cars for the task of trying to break the grip that blocs and groups of selfish interests hold on congress. He denounces the radical, sovialistic and plain partisan alliances in the late session of congress. He says:

"The present public distemper of the country must run its course. People will finally realize that presperity depends upon something else than a legislative fiat, and that nothing but harm can come from any law passed to favor a certain and special class. The sound principles on which the fathers grounded this republic are out of fashion now, but ultimately will again be in favor."

Representative Jost's constituency should reply to his letter in the words of the dying Lawrence, "Don't give up the ship." -Cincinnati Inquirer

"The home of the saved will be the earth made new. Here will be the city of God, the New Jerusalem, a city 375 miles long and the same in breadth, according to the descrip-tion of it given in Rev. 21. This glorious city, with its wall of Jasper glorious city, with its wall of Jasper and precious atones, its gates of pearl and street of gold, will be the capitol of the earth after it has been purified by fire," declared Evangelist Thuemier in his lecture at the tent on North Rose street, between Oak and Washington streets, last night. His theme being "The Home of the Saved."

"Christ paid in man's stead the penalty of the law, and purchased with His blood all that had been lost by sin. This world is now 'The purchased possession,' as it is called in Eph. 1:14. This was prophesied by Micah, who wrote: 'And thou, O tow-er of the flock, the stronghold of the daughter of Zion, unto thee shall it come, even the first dominion; the kingdom shall come to the daughter of Jerusalem' Micah 4:8. Christ is the 'tower,' and 'stronghold' of His people, He will be king over the earth, and His redeemed will share with Him in this dominion. The kingdom and dominion, and the greatness of the kingdom under the whole heaven, shall be given to the people of the saints of the mest high, whose kingdom is an everlast-ing kingdom, and all dominions shall

ing kingdom, and all dominions shall serve and obey Him. Dan. 7:27.

"This present world is doomed to destruction. The day of the Lord will come as a thief in the night; in which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat; the earth also and the works that are therein thall be burned up. 2 Pet. 3.10. How, then, is the promise made to Abraham and all the faithful to be realized? The answer is that a new earth will be created to take its place "Nevertheless we, according to His promise," says Peter, "look for new heavens and a new earth, wherein dwelleth righteousness," 2 Pet 3:13. The prophet John wrote: "I saw a new heaven and a new earth, for the first heaven and the first earth were passed away; and there was no more sea." Rev. 21:1. This will be in fulyear.
