Mr. Hilton and his wife are leaving on the evening train for their new location.

Will Speed Road Work—
Unless the contract is let and work begun on the Myrtle Point section of the Roseburg highway this year, the road will not be completed for use next summer, in the opinion of H. B. Van Duser, member of the state highway commission, who reached Marshfield today on a combined business and pleasure trip, says the Marshfield News. In order to expedite this work it is probable that the commission will advertise for bids on the section, setting the date for opening bids late in August or early in September, to permit granting the award after the bond issue is authorized, if passed by Coos county voters. Van Duser and his family will be joined here tonight by C. H. Purcell, in charge of the federal bureau of public roads in Oregon, and will go south over the Roosevelt coast highway.

NEW HOSPITALS TO BE BUILT

WASHINGTON, July 18.—(A. P.)—Steps taken by the Veterans Bureau to hospitalize the sick of the world war will be considerably advanced when the seven new tuberculosis and neuro-psychiatric hospitals or additions, just completed at a cost of many thousands of dollars, are ready for opening. Four more hospitals and many new additions are in the course of construction.

The hospitals and supplementary units just completed were built by the construction division of the army quartermaster corps, the navy bureau of yards and docks, treasury supervising architects and the Veterans Bureau, and will provide approximately 2,690 beds for tubercular and neuro-psychiatric patients. Under the newly enacted Reed-Johnson veterans' relief act, extending the tubercular presumptive period to Jan. 1, 1925, many former service men are expected to be treated in the new institutions.

The hospitals just completed are:

Chillothe, O., 452-bed neuro-psychiatric, built by the war department.

Knoxville, Iowa, 456-bed neuro-psychiatric addition, constructed by war department.

Northampton, Miss., 462-bed psychiatric, built by the war department.

Chelsea, N. Y., 400-bed tuberculosis, built under the first Langley bill by the supervising architect of the treasury.

Little Rock, Ark., 203-bed addition for neuro-psychiatric patients, built by the Veterans' Bureau.

More than 1,200 additional beds will be made available for sick veterans with the completion of the following institutions:

Camp Custer, Mich., 527-bed neuro-psychiatric, completion estimated around August 15.

St. Cloud, Minn., 262-bed neuro-psychiatric, August 15.

Livermore, Cal., 268-bed tuberculosis, 10 per cent ahead on contract which calls for completion March 15, 1925.

Contract recently was let for a 250-bed tuberculosis hospital at Aspinwall, Pa., and work is expected to begin soon. All of the hospitals and additions recently built or building are of modern, fireproof construction.
