ROSEBURG, OREGON, THURSDAY, JULY 31, 1924.

APPEALING TO NEWCOMERS.

It is claimed that 20 per cent of the population move every five years. The American people are on the go, and millions of folks are constantly shifting around from one place to another.

Some observers of the ways of the sports declare that gambling does not flourish on the big scale it used to. This may not mean that the former gambling element have become virtuous.

The Department of Commerce announces that, according to returns received, there were in Oregon, for the calendar year 1923, 7,132 marriages performed and 2,894 divorces granted.

Some people dislike very much to give up a political job, even though their services are not satisfactory.

Definite announcement that work on the North Umpqua highway is to start at once is certainly pleasing information to all Douglas county.

Early prices set for this year's prune crop ought to be an incentive for the growers to harvest a good, clean pack.

A taxpayer needs to be wide awake when he makes out his income tax return, but it may become necessary to put him under ether when he comes to pay the bill.

Only a little more than a month and the kiddies will be swinging their books under their arms and plodding to the "little red school house."

If a politician talks, then it is claimed his ideas are all wrong, and if he doesn't talk, then it is said that he has no mind of his own.

It has been said many times that everything comes to him who waits—but the waiting gets mighty tiresome sometimes.

The American army aviators are still hopping around the earth—with a stop here and there.

JOHN COOLIDGE TO

REMAIN AT HOME

WASHINGTON, July 31.—Plans made by President and Mrs. Coolidge to permit their son John, to attend the summer military train at Camp Devens, Mass., have been abandoned and John will remain with his parents at the White House until fall, when he enters Annapolis college.

It was the desire of Mr. and Mrs. Coolidge at the time school closed last June that both John and his brother, Calvin, attend the camp but since the death of the latter's mother the question of John's attendance has been held in abeyance. John has been cited for almost all of his time with his mother and his presence was deemed to be a constraint so that the president decided it would be better for him to remain here until school opens. This would have been John's second summer at Camp Devens when he was taking the training a year ago when his father became president.

The reply said also that the imperial government "is making extreme efforts to pursue and punish the persons who caused and perpetuated the killing of Mr. Imbrie and will not hesitate to take any kind of a step in this connection."

Concerning the question of security for American citizens in Persia and particularly government officials the communication said: "The Persian government has always considered and will continue to consider this as its positive duty and gives assurance that it will by no means hesitate to fulfill this duty."

REPUBLICANS MAY CONCEDE WISCONSIN

(Associated Press Leased Wire.) WASHINGTON, July 31.—With Senator La Follette and his followers in control of the republican organization in Wisconsin republican congressmen are seeking means of putting the names of Coolidge and Dawes on the ballots for the November elections in that state.

Republican managers have been advised that the La Follette electors will appear under the republican emblem on the Wisconsin ballots, and that a vote for the republican ticket in the state in November will be a vote for Senator La Follette and Wheeler.

Some republican managers were not disposed to enter the republicans nominees under an independent heading, feeling that Senator La Follette might just as well be conceded his home state.

William J. Butler, chairman of the republican national committee, discussed this question with Wisconsin leaders during his stay in Chicago and, according to reports received in Washington, has decided to permit the "regular republicans" of the state to determine what move shall be made.
