ROSEBURG, OREGON, THURSDAY, AUGUST 14, 1924.

THE MODERN VIEW OF CHARITY.

The people who undertake to manage philanthropies for the benefit of people who have had misfortunes and difficulties, find that they have to adopt a somewhat different attitude from that of old time charitable work. The word "charity" is out of favor in many quarters. Some organizations call their charity departments "volunteer service," or some other name that seems to make this kind of effort look different.

SAN FRANCISCO, Aug. 14.—Colonel W. D. Greeley, chief of the United States forest service here to personally supervise the fighting of fires in California's national forest, prepared today to leave for a two-week inspection tour of reserves in the northern part of the state. In company with Paul G. Redington, district forester, Colonel Greeley will make a complete survey of the northern area and then enter the southern district for a similar period. Plans to combat what was characterized as an extreme fire hazard period and part of the tour were announced by Colonel Greeley. He said that a reserve force of experienced forest rangers from other western states would be concentrated in California within the next two weeks, to be available for emergency.

MAN WHO SAILED IN DORY THOUGHT LOST

MANILA, Aug. 14.—It is believed that Ira Sparks of Peru, Indiana, who sailed from Honolulu in January for the Holy Land in a 23 foot dory perished off the coast of Zamboanga. A deserted boat named "Dauntless, Honolulu" has been found stranded on Gausan Island on the eastern coast of Zamboanga according to a telegram received by consular headquarters. There was no trace of Sparks. Sparks arrived in Honolulu from San Francisco in a packing box aboard one of the trans-Pacific steamers last year. On his departure in the dory he announced that he was bound for the Holy Land to seek the true word of God. He arrived at Tanjau, Surigao province, Philippine islands, March 22, and soon afterwards announced his intention of continuing his journey to Singapore and thence to the Holy Land.

LETTERS FROM THE PEOPLE

THE TRUTH ABOUT DRAIN'S TREATMENT OF MOTORISTS

In the News-Review of the 8th appeared an article taken from the Eugene Register stating that unfair means were being used by the officers of Drain, Douglas county, Oregon, in getting fines out of motorists, etc. Now, Mr. Editor, please give me space in your valuable paper to state facts. The person or persons making such statements as appeared in the article above mentioned, is either misinformed, or a dirty, low down, barefaced liar. There never has been a dollar fine imposed on any motorist who was not running 30 miles or more through the streets of our town it is a fact that there are from 25 to 50 motorists who drive through out town from 30 to 50 miles per hour, with utter disregard for the safety of others. The information for the article, seemed to have been gotten mainly from A. D. Addison who stated that he was picked up by the Drain speed cop while running safely within the speed limits. The city recorder's records show that A. D. Addison was turned in as making 25 miles through the business part of our town, and 35 miles in both the north and south ends of town, to which charge he pleaded guilty. It is a known fact that there is an organization in this state that is trying in every conceivable manner to give Drain and other small towns a black eye because they have a speed cop and are trying to enforce the laws. One of the officers of this organization told our city recorder to let the tourists from other states go, but if you catch an Oregon man speeding, soak him. Our police officers are paid a salary and not a per centage of fines as they would have you believe. Law abiding people are perfectly safe in Drain, but if you are a law violator look out, we might get you. Thanking you Mr. Editor for your space, I am Yours Respectfully, LEE BARKER, Mayor, City of Drain.

THEATRES

LIBERTY THEATRE: You, who are always glad to hear of something really worth while in motion pictures, will be interested to know that "Her Own Free Will," starring Helene Chadwick, will play at the Liberty Theatre tomorrow and Saturday. Here is a photograph with a plot that is "different"—a gripping drama of a wonderful man and a headstrong, yet warm-hearted woman and of the great conflict of their wills. You remember "A Woman of Paris?" The little ironies of fate that made it a great picture? In "Her Own Free Will," Destiny weaves her thread in the same powerful manner. Helene Chadwick was never seen to better advantage. Her supporting cast is comprised of some of the most able players on the screen. "Her Own Free Will" is the screen version of the story by Ethel M. Dell known as "the novelist who never has had a failure. Antlers Theatre: The Antlers theatre has certainly been lining up a great lot of pictures for its patrons recently. Now comes the announcement that the management has booked "Second Youth," a distinctive feature, heralded in big and little towns, north, east, south and west of here as one of the cleverest treatments of the modern woman question ever put on the screen. "Second Youth" is one of the funniest screen plays imaginable, but it is nevertheless a presentation some views on life today which will make the little flappers, the shop girls, the office workers and even the society women believe that life is very much worth living. In the cast are Alfred Lunt, Henri Palmert, Walter Catlett, Herbert Corbett, Johnny Howland, Lynn Fontanne, Lameden Harre, Faire Bimby, and Winnifred Allen. Albert Parker directed this picture for Distinctive Pictures Corporation, for John Lynch's adaptation of the famous novel by Helen Uppgraft. A young business man will tell you Roseburg's greatest need and how to attain it in ten minutes allotted to him. Thursday evening, court house lawn.

BOY SCOUTS PROVE POPULAR IN MEET

COPENHAGEN, Aug. 14.—A large attendance at an entertainment given last night by the American Boy Scouts, attending the international boy scout conference here, in honor of American Minister Prince and Mrs. Prince, was delighted when the American diplomatic representative took the center of the stage and performed an Indian dance while he sang the famous "Wild Song of the Pueblo Indians." The entertainment began with a campfire dinner when the guests dined in the costumes of the American Indians and sang the Indian songs in honor of their hosts.
