YONCALLA POST-OFFICE IS ROBBED

In broad daylight thieves entered and advised given the parents, between 9 o'clock and noon on Sunday and took about \$30 from the cash drawer. A side window was forced open and the thieves entered the building in that way. They opened the till and took all of the cash in sight and then fled, leaving no clue. Local officers are endeavoring to get some trace

of the persons responsible, but have been unable to find any trace of them. It is possible that the same men who robbed the Riddle postoffice broke into the Yoncalla building.

SPUR TRACK MAY BE LENGTHENED

Power Company Negotiating for Extension of Spur on North Side.

GOOD IMPROVEMENT

Extension of Tracks Would Eliminate Eye-Sore Now Caused by Old Rock Quarry.

The California Oregon Power Company is negotiating for the extension of the Kenna railroad spur in North Roseburg, and it is possible that this track will be extended in the near future to connect with the company's land adjoining the substation in the northeastern part of the city. The power company has a large tract of land there, not now occupied, and it is desired to use this land for warehouse and storage purposes, but before this can be satisfactorily done the spur must be extended.

The lengthening of the spur will be a decided improvement, for it will result in the filling in of the big quarry hole near the Benson school. This quarry was used when the city was doing some of its first paving, and since then it has become an eye-sore and a danger. It is filled with water most of the year, and is a breeding place for mosquitoes and flies and a catchall for rubbish. Many complaints have been made regarding the quarry, and its removal to make way for the railroad spur extension would be a great benefit.

The extension of the spur would also probably have a stimulating effect on industry. It would open up considerable land in North Roseburg which is suitable for industrial purposes, but which is not now served by railroad transportation.

The California Oregon Power company will put in a spur suitable for the handling of cars loaded with pole and heavy machinery and equipment so that the improvement would be of a substantial character.

URGES CAUTION IN SHIPPING PRUNES

CORVALLIS, Aug. 19.—Caution as to sale of Willamette valley green prunes on the consignment basis is urged by C. J. Hurd, marketing specialist for the Oregon Agricultural college extension service. For the first time in many years heavy green prune shipments are being made from the Willamette valley, because of the almost total failure of the Idaho and Milton-Freewater prune crop where buyers generally get their supply.

"Sell for cash any amount the buyers are willing to use," Mr. Hurd advises, "but be very careful about making consignment shipments. It looks as though the quantity of green prunes going out of the valley this year will be as great as that shipped from Idaho, eastern Oregon, and eastern Washington last year, when the supply was greater than the demand and growers lost practically their entire crop as well as thousands of dollars paid out for boxes and freight."

Reports come from Douglas, Marion, Yamhill, Lane, Polk and Clackamas counties that green fruit shipments are being made but there is a seemingly unaccountable variation in the price being paid. In some sections \$20 a ton is the going price while in others 60 cents for a packed "soft-case" of 18 pounds is quoted. Con-

MRS. BUSH TELLS OTHER WOMEN

How Pains in Side and Dragging Down Feelings Were Relieved by Lydia E. Pinkham's Vegetable Compound

Massena, New York.—"I had terrible pains in both my sides and a dragging-down feeling that affected me so that I could hardly walk, and I got run-down. Friends who had taken Lydia E. Pinkham's Vegetable Compound advised me to try it and I have taken it with the best results. I do my housework and also some outdoor work on the farm. The Vegetable Compound has given me back my health and I cannot praise it enough. I am perfectly willing that you should use these facts if my letter will help other women who still suffer."—Mrs. DELBERT BUSH, R. F. D. 1, Massena, N.Y.

The spirit of helpfulness shown in the letters we are constantly publishing is worthy of notice. These women know by experience what Lydia E. Pinkham's Vegetable Compound will do. Your troubles are the same as theirs.

If you have pains and a dragging-down feeling and are nervous and irritable, profit by Mrs. Bush's experience and give the Compound a trial.

shipment shipments are also listed.

In most cases picking has begun too early, believes Mr. Hurd, and as a consequence the fruit is sent out under-ripe. This will work to the general disadvantage of green fruit shipments and was one of the causes of the great failure last year in the inland empire. Everyone was anxious to receive the highest price and many began picking and shipping before the fruit was fit for consumption.

When it arrived on eastern markets it was unsalable and not only resulted in a loss on that particular shipment but also stopped consumption, which resulted in later shipments finding a sluggish market.

TWO KILLED; MUCH DAMAGE IN STORM

(Associated Press Leased Wire.) DES MOINES, Iowa, Aug. 19.—Two men lost their lives, many head of cattle were destroyed and property damage of hundreds of thousands of dollars was done in a terrific rain storm that swept over eastern Iowa last night. Practically all of the cities and towns caught in the rain are flooded and the Wapsipineon, Cedar and Big Creek overflowed their banks and submerged farm land.

J. M. Schley and Declude Barrett, farmers living near Hertram, were drowned.

No damage was reported in this city.

ITALIAN SOCIALIST'S BODY IS IDENTIFIED

(Associated Press Leased Wire.) ROME, Aug. 19.—The body of Giacomo Matteotti, the socialist deputy, whose disappearance on June 10, stirred Italy was definitely identified late yesterday by Signor Duce, a dentist who easily recognized work he had done on the deputy's teeth a year and a half ago, and by relatives and acquaintances.

The identification was established in a small chapel at the Riano cemetery where the body was taken Saturday following its discovery underneath a roadside culvert near Serefano, on the outskirts of Rome, where it is believed to have been more than two months.

Despite her repeated insistence, Matteotti's widow was not allowed to view the body which was virtually unrecognizable. The two most important means of identification relied upon by the authorities were Matteotti's dentistry and a wedding ring found on the right hand.

Police authorities, continuing their search for other evidence in the vicinity where the body was found discovered a discolored copy of Corriere Italiano dated June 7, parts of the newspaper Messenger of the same date and scraps of a newspaper, the Pravo Lidu, which officials believe to have been the property of a Slav who is under arrest in connection with the Matteotti disappearance. The police attach importance to the fact that a newspaper in the Slavic language, such as the Pravo Lidu, is unknown in this section of the country.

MANY PAMPHLETS NEEDED FOR VOTERS

SALEM, Aug. 19.—It will require 363,233 pamphlets containing the various measures to go before the voters of Oregon at the November election to supply the demand under the law, according to a statement issued today by Sam A. Koser, secretary of state. Arguments for and against the measures will be contained in these pamphlets.

Mailing of the pamphlets will start Monday. There are proposed constitutional amendments and three measures, a to be referred at the fall election. The constitutional amendments relate to the voters' library, public and welfare of roads, ways and waterways, extending the provisions of the soldiers' loan and bonus law and compulsory workmen's compensation law for hazardous occupations.

The proposed laws are the oleomargarine and condensed milk bill, regulation of the naturopath profession and the proposal to repeal the state income tax act.

Under the laws these pamphlets must be sent to all registered voters, and shall be in the mails ten days before the date of the general election.

The following statement shows the number of registered voters on August 12, 1924, segregated by counties, as reported to the secretary of state:

Quick Breakfast

—ice cold, this new way
How a world-noted chef discovered a new delight for millions in Quick Quaker. There is a change from ordinary breakfasts: the most delicious and alluring you can fancy. No more fussing to prepare it—and chilled! Here's the recipe:
As you prepare dinner tonight, cook your regular breakfast quantity of QUICK QUAKER (the one Quaker Oats that cooks in 3 to 5 minutes).
When done, pour into a pudding mould and let cool. Then place in the refrigerator overnight. Cut in thick slices and serve at breakfast with fresh or cooked fruits or berries and sugar—float with rich milk or cream.
The combination is delightful. A world-noted chef discovered this new way. Now millions enjoy it every day. Just for the joy of it, try it yourself!
Standard full size and weight packages—Medium: 1 1/4 pounds; Large: 3 pounds, 7 oz.

The previous record, also held by established at Alameda Weissmuller, was 58.3-5 seconds, July, 1922.
