SCIENTISTS PLAN 'TUNE IN' TOM

BUENOS AIRES, Aug. 20.—
Scientists in the United States
are to "listen in" from Mon-
day to Saturday of the next
possible signals from radio-
logical inhabitants of Mars,
learned here.

The Argentine foreign
publishes a communication
Ambassador Perrain
Washington, saying that
omer Todd, presumably
sor David Todd, of Wash-
requested that countries be
high powered wireless
order them to remain silent
certain periods at these times
order that signals may be
ed.

everything the men do and
they do not have so much
for bridges and cloths. Fre-
quently they are not as good
sers as American women."

CELEBRATE ANNIVERSARY

QUINCY, Ill., Aug. 20.—
Ham J. Bryan, in exhorta-
opir'm here last night on
prospects of the democratic
ty in the coming election
party prospects are good
are growing better each day
said that he based his opinion

the voters were pro-repub-

In discussing the labor
movement Mr. Bryan said
the best Senator La Follette
could do would be to throw
election into the house of
representatives where division
make a victory for the democ-
certain.

Mr. Bryan stated that he
pected to speak in the
campaign in the west and
north west. He intends to
campaign work in California
ter a few days at his home
Miami, Florida.
