KU KLUX KLAN WIZARD TALKS

Tells Klonvocation That Or-
ganization Is Refuge of
Patriotism.

WHITE RACE SUPERIOR

Urges Followers to Rally
and Fight for White Su-
premaccy—Says Fight
Not Religious.

(Associated Press Leased Wire.) KANSAS CITY, Sept. 24.—The Ku Klux Klan was held up as "the last refuge of American patriotism worthy of the name," by Imperial Wizard Hiram Wesley Evans, in addressing the second Imperial Klonvocation of the order here to- day. "Klanmen and Klanwomen are verily the same of the earth on whom depends the future of civilization," the imperial wizard declared.

Asserting that the future of America and the white race "hangs in the balance," Mr. Evans said that "the blood which pro- duces human leadership must be protected from inferior blood and from the competition which sap- pines the vitality of leadership, be- cause it makes the struggle for exis- tence such a burden that people stagger under it."

"You," he told his klan audi- tors, "are of this superior blood. You are more—you are leaders in the only movement in the world at present which exists solely to es- tablish a civilization that will in- sure these things."

History has proved and is proving daily, the speaker declared, that only Nordic and Anglo-Saxon peoples have reached a "high level of intelligence."

Turning to immigration the im- perial wizard said: "The undesirable hordes from other lands are driving to our shores, the millions who for one reason or another, have been hea- tening. Every attack upon the klan makes more clear cut the issue of Americanism against alienism. Americans are some- times slow, but they are plodding and discerning—and they are honest. Hence, they will eventu- ally discover the klan—and recog- nize it as the last refuge of Ameri- can patriotism, worthy of the name."

"Unified at last, with a purpose that is definite and holy with a militant organization, with the seal and courage and loyalty which made the Nordic and Anglo- Saxon peoples the greatest on earth, we are ready to stand as the French stood at Verdun and shout to the alien hordes, "thou shalt not pass."

"Millions of Americans are in arduous quest of leadership to- ward better government, adequate law enforcement, the elevation of society and a more perfect na- tional patriotism. The klan alone supplies that."

Warning klanmen not to under- estimate the strength of the oppo- sition—to the forward march of the klan, Mr. Evans said: "When petty persecutions failed our enemies resorted to direct terrorism. They started a series of riots which had shed blood and disgraced our country throughout the spring and summer, and it is still in evidence—perhaps to be main for some time to come. Most of the attacks were planned and directed by the same forces which were behind the early form of persecution. Some, it must be attributed to the product of racial instincts hostile to Americans and everything American."

The imperial wizard declared that the outside world "will eventu- ally know that klanism do not hate Roman Catholics, Jews, ne- groes or aliens."

"The klan's fight," he continued, "is not with the people but with systems and instincts and prin- ciples which run counter to Anglo- Saxon instinct, American and pro- testant Christianity. The klan does not exist to command peoples in their religious beliefs. Our watch- cry is "back to the constitution."

"The constitution of the United States talentes creeds but it fa- vors none. Hence, the only de- mand the klan makes of the Ro- man Catholic church is that she cease meddling in American pub- lic affairs and that she come down from her self-erected pedestal of special privilege and take her place alongside the Methodist, Baptist and other churches."

The klan believes in the up- building of the American nation, founded as history emphatically declares, on the supremacy of the white race, the genius of the Nor- dic and Anglo-Saxon peoples, and the free private interpretation of God's word."

"The Lord has guided us and (Continued on page six)
