ST LEAGUE CLOSE

(Associated Press Leased Wire.)
SAN FRANCISCO, Oct. 12.—The Pacific Coast baseball league is facing a finish such as agitated the fandom of the country when the two major circuits staged their glittering finale.
Seattle, with two wins yesterday in the big Washington city, tumbled the San Francisco Seals from first into third place, and bludgeoned itself into first place. Second place is occupied by Los Angeles, which is behind the leaders by only half a game. San Francisco, despite the double loss yesterday, is but a game behind the Seattle outfit. It promises to be one of the greatest windups seen in the coast league.
This week San Francisco plays Oakland, which is in fourth place. Seattle plays Portland while Los Angeles and Vernon tangle.

ROSEBURG HIGH WINS 14-12

Local Team Nearly Defeated by Its Own Apathy and Listless Playing.

TWO TOUCHDOWNS

Each Team Crosses Lines Twice, but Irwin's Toe Puts Over Winning Scores for Locals.

Over-confidence and lack of fight almost proved disastrous to the Roseburg football team last Saturday, when in a game with the Myrtle Point eleven, they won by a score of 14 to 12 in spite of the fact that the Myrtle Point team is inferior to the Roseburg team in everything except fight. Myrtle Point scored two touchdowns in the first quarter, and then fought brilliantly throughout the remainder of the game and lost by a margin of only two points when they should have been defeated by a wide margin, if the Roseburg team had played any kind of football.

The Roseburg players walked out on the field listlessly and apparently half asleep. Taking advantage of the apathy of Roseburg's gridiron sheikhs, the Myrtle Point eleven proceeded to put a half back around end, and the local boys, thinking perhaps that he might stub his toe and save them the exertion of tackling him, let him carry the ball over the line.
A little later Myrtle Point tried a place kick, and the ball rolled over the Roseburg goal line. A couple of husky Roseburg players were standing within a few feet of the ball, but evidently they had just had their suits cleaned and pressed, or else didn't want to get their hair mussed, so they let a Myrtle Pointer race 20 yards down the field and fall on the pigskin for another touchdown.

Somebody must have stepped on Rusty Irwin's toe, for he did get excited after while, and went out around end for a touchdown. What's more he booted the ball over the goal, making the score 12 to 7 in favor of Myrtle Point.

We will delete the remarks made by Coach Doubet between halves, when he took the team off to one side and told them what he thought of their method of play. However, when the Roseburg bunch went back on the field they looked more like a football team. They started straight line-bucking ball, and soon put the pigskin over for another touchdown, and again Irwin's healthy boot put the ball over the goal posts for another point, making the score 14 to 12 for Roseburg.

Unless the local team develops more fight during the balance of the season they are in for some good drubbings. Roseburg plays Cottage Grove here on the 24th, and Grants Pass on the 11th of November. Cottage Grove has a strong team, but was defeated by Eugene, Grants Pass beat Marshfield 36 to 7, while Roseburg and Marshfield tied, 6 to 6.

The Roseburg boys show up well on fundamentals, but lack the pep and fight necessary for a winning team.

SHENANDOAH TO LEAVE TOMORROW

(Associated Press Leased Wire.)
SAN DIEGO, Calif., Oct. 12.—While the navy dirigible Shenandoah swung at her mooring mast on North Island, near here today awaiting the hour of her departure fixed as 7:30 o'clock tomorrow morning, two naval fliers were preparing to hop off for the north to supervise preparations for the craft's landing near Tacoma.
The two officers who will leave by airplane bound up the coast today are Lieutenant I. H. Wyatt of the North Island naval air station, and Lieutenant Charles E. Rosenthal of the Shenandoah.
Captain Morlarity of the marine observation, with machinist's mate, C. Kilder, plan to accompany Wyatt and Rosenthal in another plane.
Lieutenants Wyatt and Rosenthal expect to reach the dirigible's mooring mast in Washington state tomorrow. Immediately on their arrival they will give the "ground crew" there, a course of intensive training in mooring dirigibles in preparation for the arrival of the Shenandoah.

SAN DIEGO, Oct. 12.—Officers and men of the big naval dirigible Shenandoah which arrived here late Friday night and which is prolonging its visit to allow for repairs to a broken girder, a damaged rear gondola and some minor internal trouble were today taking advantage of the changed flying schedule to get some needed rest.

Lieutenant Commander Zachary Lansdowne, in command of the Shenandoah, said this morning that the repairs work was progressing rapidly on the big ship and that she is expected to be all ready to resume her flight northward along the Pacific Coast to Seattle tomorrow morning.
Captain Lansdowne expressed hope that the storm which the weather bureau warned of threatening the North Pacific route of the Shenandoah will have blown itself out before Tuesday morning.

Went back on the field they looked more like a football team. They started straight line-bucking ball, and soon put the pigskin over for another touchdown, and again Irwin's healthy boot put the ball over the goal posts for another point, making the score 14 to 12 for Roseburg.

Cottage Grove has a strong team, but was defeated by Eugene, Grants Pass beat Marshfield 36 to 7, while Roseburg and Marshfield tied, 6 to 6.

The Roseburg boys show up well on fundamentals, but lack the pep and fight necessary for a winning team.

Mr. Maynard was born in New York state March 3, 1840, and was therefore 84 years, 7 months and 10 days of age. At the age of 12 he moved with his parents from New York to Michigan, and for 25 years he lived in that part of the state. More than fifty years ago Mr. Maynard united with the Seventh Day Adventist church, and at the time of his death was a member of the Roseburg church. BOOZE - CRAZED CREW MUTINIES

HAD MUCH LIQUOR

Drinking Orgy Ends With Crew Receiving Broken Jaws, Arms, Legs, and Black Eyes.

(Associated Press Leased Wire.)

NEW YORK, Oct. 12.—In the lee of Sandy Hook, with her crew of 32 in front and her cargo of 43,000 cases of liquor under governmental seal, the Norwegian steamship Sagaland, this morning awaited disposition at the hands of the federal government.
There was nothing to suggest the tumultuous scenes that had been enacted on her decks before the coast guard cutter Seneca sighted her floating aimlessly about 40 miles out from New York, just before dawn yesterday. The lookout of the cutter hailed the ship and receiving no response, fired three shots across her bows; when still there was no sign of life aboard, Captain R. L. Blake of the Seneca, ordered his men to board her, acting under a law permitting search of a vessel known to be in communication with the shore.
The customs men clambered over the side and looked about the deck cautiously, half expecting to be fired upon. They saw no one on deck, but a search disclosed two sailors asleep in the wheelhouse. Below decks they found the rest of the crew. Some were asleep and some were staggering about in a stupor. Nearly all were nursing black eyes. The captain was found locked in his cabin with 12 rifles and six revolvers beside his bunk. He explained that his ship, a 964-ton oil burning vessel, of Norwegian registry, had left Antwerp for St. Pierre with a derelict crew and 109,000 cases of assorted liquor. Only 43,000 cases remained. In the ship's safe, customs men found \$26,000 in American money.
The crew had made free with the liquor, he said, and before they were one day out the fighting began. Brawls continued all the way over, reaching a climax after the ship anchored in rum row.
The night they arrived the crew indulged in a drinking orgy, three men received broken jaws, one had his leg broken, two received broken arms, and a score had their eyes blackened, he told customs men. He retired to his cabin to wait for the storm to subside.
While the captain was telling his story to Captain Blake, the other customs men had driven the crew below deck, and made fast the hatch. The Sagaland was then towed inside Sandy Hook, where a guard was placed over her to await the decision of officials as to her disposition.

PIERCE FIGHTING WETS

(Associated Press Leased Wire.)
PENDLETON, Or., Oct. 12.—A plea that men in sympathy with law enforcement be elected to fill law enforcement offices, even if partisan lines have to be forgotten, was made last night by Governor Walter M. Pierce to a crowd that packed the Christian Church in a union meeting. W. J. Horwig, president of the Oregon Anti-Saloon League, also spoke. The meeting was held under the auspices of the Women's Christian Temperance Union and a majority of the protestant congregations of Pendleton united for the services.
More money is needed and will be needed in the future to fight the illicit liquor traffic than has been available in the past, the governor told his audience. During the past year \$75,000 have been available for the work over the whole state or about \$700 for each county. A request that a use of one half of the fines secured for further work along the same line will be made of the coming legislature, Governor Pierce said.

The bride is a graduate of Roseburg high school, and is very popular among the younger set. Mr. Burr is the son of Mr. and Mrs. W. A. Burr, and has been employed as deputy county clerk for several years.

FATHER SURRENDERS SON TO OFFICERS

(Associated Press Leased Wire.)
PORTLAND, Ore., Oct. 12.—Freeman B. Jackson, 65 a contractor, of Bend, Oregon, today surrendered his son, Theodore Jackson, 22, to the federal court here, on a bond which the father had given when the son was convicted on a white slavery charge. The youth is in McNeil Island penitentiary which Judge Wolverson said he will now have to serve.
The elder Jackson came from Bend last Saturday after hearing, he said, that his son intended to go to Mexico. He induced the young man to go to the federal court, saying he wished to consult with an attorney regarding the case.
"I gave the boy a chance to make good," the father told Judge Wolverson. "He hasn't done it, and I can't take chances any longer. I haven't got much, judge, and if I lose what I have on this bond, I'll be without anything."

'SPOTLIGHTING' DOE PROVES COSTLY

It Clark paid a fine of \$150 in the local justice court today when he pled guilty to "spotlighting" a doe deer near Canyonville. The residents of that section report that there have been a great many persons recently shooting deer at night from the highway. Fifteen carcasses of does and fawns have been found in the canyon. Tame deer at Deer Park Inn have been killed, until the owners of that popular resort are ready to use firearms if necessary to defend their property. The officers are aroused, and Justice of the Peace Jones, in fixing Clark inflicted a severe penalty, and stated that the court will deal severely with all of those who are found guilty of violating this section of the game laws.

CATHOLICS AROUSED

(Associated Press Leased Wire.)
BALTIMORE, Md., Oct. 12.—Declaring that the act of restricting immigration passed by the last congress was "conceived in an anti-Catholic spirit," Archbishop Michael Curley last night in an address to more than 6,000 persons said that the effects of the act would be harmful to the country in the years to come.
Archbishop Curley spoke at ceremonies, following the laying of the cornerstone at the new Knights of Columbus home.
The archbishop said congress put the stamp of inferiority on Italy when it approved the immigration bill and characterized the act as an intolerant and unwelcome piece of legislation.

CHINESE SIGN ARMISTICE TO END FIGHTING

Defeated Armies Are Retreating in Confusion—Leaders Seek Refuge.

SHANGHAI DEFENDED

Foreign Colonies Fear Danger and U. S. Troops Are Placed on Guard to Protect Concession.

(Associated Press Leased Wire.)
SHANGHAI, Oct. 12.—Their defeated armies, retreating in confusion towards Shanghai, General Lu Yung-Hsiang, military governor of Chekiang province, and his chief aide General Ho Feng-Leng, defense commissioner of Shanghai, today announced they had signed an armistice with the invading Kiangsu forces representing the central government of China.
General Lu and Ho, who have led the defense forces fighting west and south of Shanghai for the past six weeks today sought refuge in foreign concessions while a report was in circulation here that they had been bribed to betray their leaders.
While the Chekiang army was retreating towards the environs of Shanghai every unit of foreign defense forces in the city, including United States marines and foreign warships was being drawn up along the boundaries of the foreign settlements to put up a defense against any attempts upon the part of the Kiangsu troops to enter the concession.

The confusion in military quarters incident to the signing of the armistice made it impossible to weigh the benefits to the central government forces, if the terms of the truce strip the Chekiang military governor of his power the result is a victory for the central government which will now exercise jurisdiction to the district surrounding Shanghai. The Chekiang military governor, opposed to the central government, has been ruling Shanghai and Chekiang province without a warrant of any kind from Peking.
SHANGHAI, Oct. 12.—Chekiang forces holding defense lines west of Shanghai are aware of the fact that they were fighting for a lost cause, uninformed that an armistice had been signed last night in which their leader admitted defeat continuing firing into the enemy lines this afternoon.
A train from Nansiang, 12 miles west of here brought in 300 Chekiang soldiers, who, when appearing of the turn of events, joined other Chekiang troops at the railway station north of here, where an impromptu auction of clothing and equipment was held. A number of military motor cars were knocked down to bidders for \$19 and upwards.

General Lu Yung-Hsiang, military governor of Chekiang province, presided at the conference which resulted in the decision to surrender and which sent him to the international settlement here as a refugee.
General Chang Tai-Pin, a Chekiang field commander, walked out of the meeting after vigorously opposing the proposal of his chief to surrender. General Chang left for the Nansiang sector this morning to join his forces, estimated at 4,000. Throughout the night, workers in the Chekiang forces removed valuable contents from the Lungwa headquarters into the foreign settlement at Shanghai while their leaders scattered to various unknown points of refuge.
Every waterway and road leading into Shanghai today was packed with refugees, flying before the advancing army of the conquering forces.

WASHINGTON, Oct. 12.—Serious fighting in the streets of Canton last Saturday between merchants, volunteers and bolshevik labor troops, was reported to the state department today by Consul Douglas Jenkins. The battle occurred on the Bund and the labor troops were defeated. Consul Jenkins said the situation remained tense, with prospects of continued loss, with prospects of ten or fifteen men were killed and as many more wounded in the clash.

SHANGHAI, Oct. 12.—The foreign settlements were enclosed by a heavy network of barbed wire entanglements today to prevent the entry of unauthorized persons seeking refuge. Every entrance was guarded closely, but there was no evidence of any disorder. The surrender of the Chekiang forces, presents another problem.
