last of the Rocky riers was phased by States Ship Shenandoah leaving a clear return of the big hangar at Lake-

CURRY ESTATE LAND OFFERED FOR HOMES

Another sub-division of the Curry Estate is being placed on the market. W. A. Bogard being the land broker through whom the property is being sold, and from every indication these tracts, ranging from 6 acres to 39 acres in size, will be quickly disposed of to individuals who want a small country home close to the city. All told there are 375 acres in the new sub-division, and there are 25 tracts, more than two-thirds of which are river bottom land of fine quality. These properties have a mile of North Umpqua river frontage, lying directly across the road from the Roseburg Country Club grounds, and extending down stream from the Brown bridge for a mile, to within a short distance of the confluence of the South Umpqua river. The location is ideal and the soil conditions first class. A road way has been opened from the Roseburg-Garden Valley highway leading westwardly through the center of the sub-division, and on the south is another road, a county highway, leading to the first subdivision of the Curry Estate. With the two roads opened up every tract in the new plat faces on a road and part of the acreage has been opened on both sides. More than half of the tracts face on the river along the north, with a road on the south side, and every piece was so laid out that a desirable building spot is found on every one. Some of the tracts have considerable timber, all of them have land ready for the plow, and quite a few have a fringe of beautiful willow and alder along the river. At this particular place the river is at its best. The water runs deep and quietly, affording the best of boating and fishing, while just below the tracts are the rapids leading to the confluence of the North Umpqua land along the river is adapted with the South Umpqua. The land along the river is adapted to melons, broccoli, fruit or nuts. In fact, this land will grow most anything that any owner might want to plan, whether it be fruit or vegetables. It is all well adapted to market gardening, or if city people want a place for a country home, no prettier spot along the Umpqua could be found.

ROTARIANS ENJOY MUSICAL PROGRAM

Today's program at the Rotary gathering was turned over to Jimmie Goodman, who supplied a musical program that pleased all present. George Toole, who "tickles" a banjo with a wicked finger, rendered several selections that brought forth generous applause, and the Rotary Club trio, consisting of Jimmy Goodman, Bill Ott and C. H. Arundel, entertained with several fine selections. President Max Hamel announced that he had appointed a committee to supply a weekly mimeograph paper to club members, and that Jim Goodman had been selected as chief editor, with Archie Crawford and Charley McElhinny as assistant editors. It was also announced that members wear their badges at each meeting hereafter. On Nov. 6 the club will listen to an address by Col. W. G. Archer, an eastern Rotarian, who will speak on "Sanitation and How it Concerns the Public."

TO TALKS PLANS FOR SCHOOL BUILDING

Over fifty of the dealing merchants and professional men and women of Roseburg have been invited to attend a special meeting of the school board on next Tuesday night, to consider the needs of the district relative to additional school facilities. At the present time the school buildings of the city are crowded to the extreme and the schools cannot operate as efficiently as desired. Outside quarters have been secured for one class, and next term will probably see a need for additional room other than that furnished by the buildings now used.

REPEAL OF INCOME TAX LAW URGED

A few of the citizens of Roseburg met at the Mease Hall this morning for the purpose of discussing means and methods of stimulating greater interest in the campaign for the repeal of the state income tax law. This law has had the effect of diverting capital away from the state and is discouraging industry which otherwise would be located in Oregon. It was stated, and a strong effort is being made at the general election to secure the repeal of the state measure, in order that the state may benefit from an influx of capital and new business, now barred by the provisions of the income tax law.

SLAYER IS IMPROVED

(Associated Press Leased Wire.) PORTLAND, Or., Oct. 23.—Considerable improvement is in the condition of Merle I. Minear, demented wealthy Medford fruit grower, who yesterday killed his sister, Mrs. W. E. Nickerson, with a hatchet, and then unsuccessfully attempted suicide. He was reported from Good Samaritan Hospital this morning.
