HELPED HER IN EVERY WAY
So Writes Mrs. Trombley of Sharon Vt., Concerning Lydia E. Pinkham's Vegetable Compound

Sharon, Vermont. "I was weak and run-down, had a tired feeling and bearing down pains. I saw an advertisement in the newspaper about Lydia E. Pinkham's Vegetable Compound and began taking it. It has stopped these bearing-down pains and other bad feelings, and has helped me in every way. I have so much faith in the Vegetable Compound that I keep it on hand all of the time and recommend it whenever I have the opportunity." Mrs. LEWIS TROMBLEY, Sharon, Vermont.

Glad to Help Others
"I had pains in my back and sides for many months, and my work would have to be left undone at those times. My sister told me what good Lydia E. Pinkham's Vegetable Compound was doing her, so I tried it, and from the third bottle I was well and every one thought I looked better. I am glad to help others regain their health, and you may use my testimonial." MABEL HARTMANN, 1524 Greene Ave., Brooklyn, N. Y. You must believe that a medicine that has helped other women will help you.

TURKEY MARKET.

PORTLAND, Ore., Nov. 22.—Fancy young dressed turkeys cleaned up promptly in the local market this morning at 29 to 30 cents. The supply did not come up to expectations and the presence of Seattle buyers did much to maintain prices. On the other hand the amount of under-grade and cull stuff is more than the trade can take care of and commission firms have a hard time keeping receipts moving out, even at price recessions. There is a wide range on undergrade dressed turkeys, some selling as low as 20 cents and around 25 to 27 cents the extreme top. Poor conditioned birds, crooked breasts, damaged birds and poorly dressed stock are plentiful and going at bargain prices.

Other lines of poultry are weak and plentiful. Hens and springs are dragging.

The demand for dressed chickens has been low so far and prices have suffered.

The general feeling among the dealers today is that there will be no serious break in the turkey market for fancy dressed stuff. They look for present levels to be well maintained.

An advance of two cents in butterfat has been announced by local creamery men to take effect Monday. The new print price will be 42 cents with the buying price of churning cream 38 cents f. o. b. shipper's track.
