WANTS COP TO CUT OUT TOM-FOOLERY

(Associated Press Local Wire)

NEW YORK, Nov. 26.—Police Commissioner Egan in an edict written before he sailed for South America and made effective today, ordered that radio and cross word puzzles be shunned by members of the department in favor of pistol marksmanship practice.

The men are spending too much time in looking up two-foot slots and three-jointed Australian birds or attempting to tune in on Honolulu," the commissioner told his command officer. "I want them, from now on, to spend all their spare time in target practice. I am tired of hearing about half a dozen policemen and detectives emptying their guns at a crook with no damage done on either side except that the crook invariably escapes."

FIRE TRUCK PUT ON EXHIBITION

A delegation of Medford city officials arrived shortly before noon today, and this afternoon witnessed a demonstration of Roseburg's 1200-gallon Stutz fire engine. Medford is planning on buying a fire truck, and the Roseburg fire department invited the Medford council to see the machine at work. The local department staged the exhibition with the help of H. L. Putman, delivery engineer of the Stutz company, and Garfield Davis and E. T. Oliver of the Howard-Cooper corporation, the western agent. The fire truck operated at full capacity pumping eight streams of water, delivering 12 1/2 gallons per minute.

Among the members of the delegation were Mayor E. C. Gaddis, Mayor-elect O. O. Allenderfer, City Superintendent C. W. Davis, Water Commissioner O. Armspiger, Councilman R. B. Hammond, Ed Jantz, B. W. Paul, P. D. McDonald, J. W. Jacobs, A. C. Hubbard, and Fire Chief Roy Elliott.

An American-La France 1000-gallon pumper was brought to the city by A. W. Pympton, of the A. O. Long company, and Lorne Hill, delivery engineer, but it was not placed in competition with the Stutz pumper, the drivers declining to make a demonstration here. They are driving through to Medford where they state they will show the machine.

NOTICE

The regular Thanksgiving service will be held at the First Church of Christ Scientist, Thursday morning at 11 o'clock. The public is cordially invited.

MAN STRUCK AND KILLED BY AUTO

(Continued from page one)

In the region of the heart, on the left side, both front and back, Dr. Hoover found several broken ribs, which he states, taken together with other injuries to the heart, lungs and bowels, was directly the cause of death.

There were several deep scalp wounds and it is believed that the skull was badly fractured, although no x-ray was made to determine that fact.

Reports that Shell was under the influence of liquor, were denied this morning by Sheriff Starmer, who stated that he examined the car, Shell's grips and luggage and found no indications of liquor, and that there was no smell of liquor on the man's breath, and that there was nothing to indicate in any way that he had been drinking.

Coroner Ritter called an inquest at 2 o'clock this afternoon to make a further investigation into the tragic affair.

Le Mer is very well known in this city, having spent many years of his life in Roseburg.

He was employed until about a year ago in the local railroad shops, going from here to Astoria, where he remained until about a month ago when he moved to Cottage Grove. He was called to Roseburg last week by the critical illness of his mother, who is very ill. He was visiting at her home in Riverside, only a few rods from where the accident occurred, at the time of his death. He evidently was on his way to visit a neighbor when he was struck. Besides his mother, he leaves a wife and child, two brothers and a sister. No arrangements have as yet been made for the funeral.

If it's a clock, watch, suitcase blanket or heating stove, try Powell's.

OPPOSES RODEOS
(Associated Press Local Wire)

KANSAS CITY, Mo., Nov. 26.—Edwin R. Weeks, for many years president of the Kansas City humane society and known throughout the country among humane workers, issued this statement today:

"It has come to my attention that I am being quoted in Kansas City and over the country as not opposed to rodeos or Wild West Shows in which contests with animals are features. "I have always opposed them and always shall as long as the cowboy and the rope or either of them are used in such exhibitions, since they cause much suffering."
