SENATOR UNDERWOOD

... Senator Oscar Underwood's bill authorizing the Secretary of War to lease Muscle Shoals for private operation, has run into a series of snags in the Senate, and opponents of the measure declare they are certain it will fail. The Senate has been debating the question for days, and seems no nearer a decision as to how the great plant, now nearly completed, shall be operated than it was when discussion was begun.

OREGON AND COAST WEATHER WARMER; COLD SNAP PASSES

... (Associated Press Leased Wire.)
PORTLAND, Ore., Dec. 29.—Portland was back in its regular stride from a weather standpoint today.
With the exception of Tampa, Florida, it recorded the highest temperature in the United States at five a. m. The temperature here stood at 54 degrees. Mild southerly winds and rain were rapidly erasing evidences of the recent arctic spell. Southwest storm warnings were up along coast.
Freezing weather, with some snow, still prevailed in eastern Oregon this morning. Baker reported a minimum of 14 above zero. A rise in temperature for eastern Oregon was forecast, however, a point or more.

LA GRANDE

... (Associated Press Leased Wire.)
LA GRANDE, Ore., Dec. 29.—Ten inches of snow, by official measurement, fell here Saturday and Sunday. The temperature Sunday was 29 degrees above. It was a few degrees below freezing today. The snow started to rain today.

GRANTS PASS

... (Associated Press Leased Wire.)
GRANTS PASS, Ore., Dec. 29.—One of the heaviest rains of the season was falling in the Rogue River valley today. A rise in temperature was melting the snows in the high mountains, and sending the Rogue River up at the rate of several feet an hour.
The river started to rise this morning and this afternoon was showing signs of reaching the highest level in years.

LOS ANGELES

... (Associated Press Leased Wire.)
LOS ANGELES, Calif., Dec. 29.—The freezing temperature which has gripped Southern California for the past week, harassing fruit and vegetable growers and bringing some damage to their orchards and tracts has given way to more agreeable weather.
Efforts to make an accurate estimate of the damage to citrus crops during the cold snap will be made today at a meeting of fruit growers with the county horticultural commission.
Data C. King, orange sales manager of Fruit Growers Exchange, declared that the damage to the citrus crops was greater than at first thought although figures could not be obtained until after a survey of the orchards.

Muscle Shoals Bill Facing Defeat

... (Associated Press Leased Wire.)
WASHINGTON, Dec. 29.—Congress, after a week's recess, put Yuletide thoughts behind today to buckle down to legislative tasks that promise to keep it in high gear from now until adjournment of the session March 4.
The senate still faces an unanswered problem in Muscle Shoals, which holds right-of-way there with the house remaining work on appropriation bills. Three of the dozen supply measures already have been counted off and sent to the senate to leave the treasury post office bill next in line for house action. Its passage there this week will clear the way for the army supply bill.
In the offing on the senate program is the calling up of the president's veto of the postal salary increase bill by unanimous consent for a vote on Tuesday, January sixth. Meanwhile hearings on the administration postal rate increase bill which leaders hope to have ready for the senate by that date, will continue before the joint committee.
Although the senate has yet to take any of the appropriation bills sent from the house their consideration in committee has begun and leaders believe by speedy action the senate can catch up during the less than 10 weeks remaining of the session.
The senate is also pledged to take action before the wind up of the session of the Isle of Pines treaty. In the house, leaders plan to dispose next month of the MacFadden banking bill and perhaps the rivers and harbors authorization measure, along with appropriation bills, which will continue to have priority.

HOMELESS MEN MARCH ON CHURCH

URBAN LEDOUX & "THE POT"

Driven by the intense cold to seek shelter, 300 homeless derelicts in New York, led by Urban Ledoux, known also, paradoxically, as "Mr. Zero," because of his zeal in behalf of the unfortunate, marched upon and obtained permission to use the Camp Memorial Church as sleeping quarters. "Mr. Zero" is solving the question of food also, insofar as the limited resources of his little hoboes' retreat, "The Tub," enable him to do so. He has appealed to the authorities for aid of the thinly-clad and hungry throng.

Kid M'Coey Jury Sent Back When Fails to Reach Verdict

... (Associated Press Leased Wire.)
LOS ANGELES, Dec. 29.—The jury trying Kid M'Coey, ex-pugilist for the murder of Mrs. Theresa W. Mora, last August stood eleven to one shortly after Judge Charles S. Cralle, ex-pugilist for the murder of Mrs. Theresa W. Mora last August, was instructed to continue its deliberations instead of being discharged when it failed to reach a verdict at the opening of Superior Judge Charles S. Cralle's court here today.
The jury has been out since noon last Friday. The judge sent the nine women and three men back to their privacy, and said that he would leave them with the evidence "until they ring for me."
The jury foreman announced last night that the vote stood 10 to 2, but did not indicate what verdict the majority favored.

THREE DIE IN WRECK CAUSED BY BAD FOG

... (Associated Press Leased Wire.)
SAN PEDRO, Dec. 29.—Three deaths, numerous collisions and some sinkings of small craft were reported here today out of one of the heaviest fogs that has smothered the Southern California coast in years.
The dead, Captain H. Yamazaki and two members of the crew of the Japanese fishing boat, Kaoru, which went down off the rocks at Point Vicente, seven miles north of here last night.
Three other members of the Kaoru's crew escaped. Three officers and four men from the U. S. West Virginia, were forced to board an unidentified Japanese fishing craft when the latter ploughed into the battleship's motor sailer. The naval craft was towed back to the ship water logged.
Reports of other mishaps in the morning's first were current on the water front here today. Including one of a collision between two fishing boats, Takao and Crescent. Both were said to have been beached without loss of life.

ROBBERS LOOT AND BURN THIRD TOWN

... (Associated Press Leased Wire.)
DENISON, Tex., Dec. 29.—Fire believed to have been started by robbers destroyed nine business buildings at Pottsboro today with an estimated loss of \$150,000.
The robbery and fire resembled the work of men who recently looted banks and business houses at Valley View and Paradise, Texas. In each instance the business sections of the little towns were set afire late at night after safes had been blown. Property loss from fire was much greater than valuables stolen. None of the robbers has been arrested.
Last night off Point Vicente at the fishing banks seven miles north of here. The bodies of Captain H. Yamazaki of the boat and two fishermen were recovered.

EAST STILL IN GRASP OF COLD, PREDICT RISE

Record for Quarter Century Nearly Reached in Zero-Swept Areas.
... DOZEN DEATHS ADDED
... Minus Temperatures Due to Climb Is Forecast—Michigan Town Is Coldest.

After receding to minus 13, within three degrees of a record for a quarter of a century, the thermometer at Chicago had climbed to plus five early today, that being indicative of the changes over the zero swept areas.
Fair weather almost generally east of the Mississippi was forecast for today with the steadily rising temperatures to bring snow in the northern, rain or snow in the middle, and rain in the southern sections tomorrow, however. In the Rocky Mountain section, moderation was noted last night.
Montana which suffered a protracted period of sub-zero temperatures while most of the rest of the country was undergoing three distinct onslaughts, reported thermometer readings of from plus 10 to plus 25 over the state, with considerable snowfall. Higher temperatures brought relief to the Pacific Coast states yesterday.
A dozen deaths were added to the winter's toll, six in Chicago three in Portland, Ore., and one each in Tacoma, Wash., Reno, Nev., and Indianapolis, Ind.
Humboldt, Mich., a high spot in the northern peninsula, had the doubtful honor of reporting the lowest temperature in the United States yesterday, forty below zero.
In Illinois, Harrisburg, W. 11 below zero, had its coldest weather in 27 years. Iowa has numerous cities with double figures below zero after precipitous drops of more than 50 degrees in 36 hours.
