ELKTON LADY DIES.

Mrs. Martha Robinson, aged 53, of Elkton, died last Sunday night, January 4, at the Pacific Christian hospital at Eugene. The funeral and interment occurred at Elkton. Mrs. Robinson is survived by two daughters, Mrs. Robert Grubbe of Reedsport, and Mrs. R. O. Thomas of Elkton. She was a member of the Christian church.

Just arrived carload of Page Fence, Square Deal Fence and Monarch galvanized Red Top, Barb wire. Write us for prices. Stearns & Chenoweth, Oakland, Ore.

MORTGAGE RECORDED.

A trust mortgage from the West Coast Power company to the Central Trust company of Illinois was delivered to County Clerk I. B. Riddle today to be placed on the county records. The recording fee was \$58.30, the basis for the fee being 20 cents for each 100 words. The West Coast Power company is one of the leading power concerns of the coast and recently bought out the power interest at Reedsport.

Just arrived carload of Page Fence, Square Deal Fence and Monarch galvanized Red Top, Barb wire. Write us for prices. Stearns & Chenoweth, Oakland, Ore.

FORMER MYRTLE CREEK LADY BADLY INJURED.

Mrs. Mand Creason, for several years a resident of Myrtle Creek, was struck by an automobile in Los Angeles, Calif., recently and seriously injured, says the Myrtle Creek Mail. She is in a hospital in that city with one leg broken in five places and will be confined there for at least three months. The autoist who struck her was reported to have been going forty miles per hour, and the shock of the collision when he struck the woman bent the front bumper and broke out the headlights of the car.

Hall's Catarrh Medicine is a Combined water cure treatment, both local and internal, and has been successful in the treatment of Catarrh for over forty years. Sold by all druggists. F. J. CHENEY & CO., Toledo, Ohio

BANKER SAVED FROM THUGS BY SON'S COURAGE

(Associated Press Leased Wire.) PITTSBURGH, Pa., Jan. 6.—Holdup men today fired upon and wounded John F. Sands, son of Lawrence A. Sands, president of the First National Bank, when he ran to call help after a demand for \$25,000 had been made upon his father as he was leaving his home in fashionable Squirrel Hill. Mr. Sands had just left his home to go to the bank when three men drew up in front of the house in an automobile. They forced Mr. Sands into the house, along with his chauffeur, who was waiting outside, and lined the family and servants up against the wall. The younger Sands, who is 35 years of age, made a break for the door. Five shots were fired, one bullet striking him. His condition was not considered serious. The three men escaped without any money.

CARD OF THANKS
We hereby desire to express our heartfelt gratitude to the many friends and neighbors who came with loving ministrations to assist in the last illness of our beloved wife and mother, and also for the profusion of floral offerings at the time of the funeral.
JOHN PENNIE, And Family.

The landlord won't care how much noise the children make if you own your own home, Page Lumber and Fuel Company.

DAMAGE IS DONE IN UMPQUA FOREST

Fred Asman, forest ranger in charge of the North Umpqua district, was in the city this morning conferring with Forest Supervisor Carl B. Neal. Mr. Asman has just returned from a trip in to Cape Blahoe and reports that a great deal of damage was done during the past month, by wind and storm. Approximately 85 per cent of the telephone line into Cape Blahoe is down, he reports, and the trail is blocked every few hundred yards by fallen trees. There apparently was an excessive wind during the storm period, and it blew down hundreds of big trees across the trail, so that it will take considerable work in the spring to open up the trail and repair the telephone lines.

If it's a saw, axe or wedge, try Powell's.

DAM AT TROUT HATCHERY WRECKED

T. H. Hill, superintendent of the Rock Creek trout hatchery was in Roseburg today, and stated that the high water last week took off the top of the section of the new dam, constructed last year at the hatchery. Fish are going through the break, which cannot be repaired until the water recedes. The water in Rock Creek was within one foot of the highest mark on record.

Just arrived carload of Page Fence, Square Deal Fence and Monarch galvanized Red Top, Barb wire. Write us for prices. Stearns & Chenoweth, Oakland, Ore.

25 RECLAMATION PROJECTS TO GET NO FURTHER AID

(Associated Press Leased Wire.) DENVER, Colo., Jan. 6.—No further blanket relief measures for the benefit of 25 federal reclamation projects, embracing 1,629,000 acres in western states, can be expected from the reclamation bureau, Reclamation Commissioner Mendel declared in a communication read today at the opening of a conference of representatives of farmers and water users of all western states and government officials of the provisions of the new reclamation act.

"This meeting," Commissioner Mendel explained in his message, "was prompted by a desire to secure the advice and recommendations of many of those who will either participate actively in the surveys to be made or whose interests will be directly affected. I wish to call attention to the unmistakable intention of Congress that operation and maintenance charges hereafter accruing must be paid in advance in all cases where adjustments are made on old projects, or where new projects are initiated."

After pointing out that the reclamation bureau was not created as a credit agency, Mr. Mendel in his communication said: "Surveys will be made of the government projects with a view to readjusting construction costs owed to the government by settlers on water projects." Mr. Mendel gave it as his desire and that of Secretary Work that adjustments necessary to render impossible for payments to be made by the water users will be made under these sur-

LEGION MEETING TUESDAY

Regular meeting of Umpqua Post No. 16, Tuesday evening, January 6. Business of importance. Be there.

Prices coal makes cold homes warm.

ACCUSES MEANS FAKING ILLNESS TO AVOID TRIAL

(Associated Press Leased Wire.) NEW YORK, Jan. 6.—Gaston B. Means, former department of justice agent, is feigning illness to avoid trial on a charge of conspiracy to obstruct justice, Federal Judge Lindley of Illinois was told today by Special Assistant United States Attorney Todd. Todd told the court that government operatives had called upon Means at his home in Concord, N. C., last night and had reported to him that the former government agent apparently was in good health despite the telegraphic statement of a Concord physician yesterday that Means was seriously ill and in need of an immediate operation.

At Todd's request, Judge Lindley issued an order to compel J. T. McGovern, Means' former counsel, to appear before him. He already has issued a warrant for the arrest of Means and has under consideration a motion to declare forfeited his \$10,000 bond.

Means was to have gone to trial yesterday with Thomas B. Felder, his one-time attorney, and Elmer W. Jarnecko, his secretary, charged with having accepted \$45,000 from officers of the Altona Glass Casket company, which they said, they intended to pay to former Attorney General Daugherty and other government officials not to interfere with the concern's stock sales.

Jarnecko changed his plea to guilty yesterday and Judge Lindley now is considering a motion to grant Felder a separate trial.

ENGLISH MONEY HERE AWAITING POUND AT PARITY

(Associated Press Leased Wire.) WASHINGTON, Jan. 6.—Washington officials have been informed that the hitherto unexplained visit to New York of Montagu Norman, governor of the Bank of England, is in connection with a proposal by which the British government and British financial interest would restore the pound sterling to its gold parity in the near future.

Governor Norman is not expected to enter into negotiations with the American government, as it is not necessary. A close cooperation between the London and New York money markets would be essential, however, in any return of British currency to par.

One of the things which might be expected upon rehabilitation of the pound sterling, which the responsible British agencies consider they can bring about at any time would be a difficulty in keeping it at par thereafter.

A large amount of English money invested in the United States has been held in the form of dollars because of the confidence of its owners that the pound sterling would recover. It might be, in consequence, a considerable amount of such investment which would go back to England when its currency reached par and at the same time there might be considerable amount of English capital which desired to move out of England under the favorable conditions of which parity of sterling would entail.

WOOL RATE HEARING.

(Associated Press Leased Wire.) SALEM, Ore., Jan. 6.—The public service commission today received a telegram from the Interstate commerce commission saying that the Oregon commission's request that the wool rate hearing slated for January 17, in Chicago be transferred to a Pacific Coast city, preferably Portland, would receive consideration. If the transfer cannot be made, the Oregon commission has requested that the hearing be postponed to a later date.

Special reduction on several grades of stationery. A splendid bargain. Lloyd Crocker.

Established in 1883 The Douglas National Bank is the oldest bank between Albany, Oregon, and Yreka, California, and has over forty years of experience behind it. The above statement will appeal to those seeking a connection with a strong and conservative bank.

Sportographs

NEW YORK, Jan. 6.—Mickey Walker, welterweight champion, and Mike McTigue, the king of the light heavyweights, meet tomorrow night in Newark, with little danger of any crowns changing hands, although the battle should be interesting. There is nothing to win, for he is far beyond the welterweight limit, while Walker professes to see an opportunity to annex another championship as the match of the "no-decision" type, the only kind permitted in New Jersey. Walker must knock out his man to realize his ambition.

Jack Dempsey, heavyweight champion, promises to fight in New York this summer, probably in the new stadium being erected in Long Island City, which is expected to seat 110,000 and for which ground was broken yesterday.

Negotiations have been opened by the University of Washington with the University of Southern California for a basketball game to be played in Seattle February 28. U. S. C. intends to play a number of Pacific Northwest intercollegiate conference games during a northern tour in February, announced University officials at Seattle.

Southpaw batters, sprinkled in the slugging lineup with right-handed hitters, are among the features of next season's hitting artillery of the Seattle Indians, according to Wade "Red" Kiefer, manager. The new left handed batters are Brazil, MeSabe, Elliott and Terman. Kiefer said he did not anticipate much trouble from the southpaw pitchers, as they were not numerous in the lineups of the Pacific Coast league teams this year.

NEW YORK, Jan. 6.—Paavo Nurmi, greatest of the world's runners at 1500, 3000 and 5000 meters on cinder tracks, a reputation established at the Olympic games in Paris last summer, awaits the crack of the pistol in his first indoor event at Madison Square tonight in the Finnish-American Athletic Club meeting.

Jole Roy, of Chicago, and Jimmy Connolly will be among his opponents in the mile event earlier in the evening and Willie Biola, a countryman, will be in the 5000 meter field at 11 o'clock. Never did a runner face a greater test than this—two races in one night on an indoor track, to which he is unaccustomed, against superb athletes.

SAN FRANCISCO, Jan. 6.—Jimmy O'Connell, former New York National League baseball player, suspended from organized baseball on his admission that he offered a bribe to a player on an opposing team, will not be permitted to play in any professional basketball team in San Francisco, according to Dan Maher, president of the league which has signed O'Connell, and dropped him yesterday on receipt of protests from John A. Heydler, president of the National League.

The team in professional basketball circuit on which O'Connell was expected to play in a season beginning next Saturday carries the title of "Adam and Eve" team, named after a perfume manufacturer company which backs it financially. On it were also signed George Kelly, first baseman of the Giants; Sammy Bohne, Cincinnati infielder; Bert Cole, former Detroit pitcher; "Woo" Rudolph of the Vernon club in the Pacific Coast club; "Ran" Kelly of the Texas League, and "Imb" Gesley, formerly with Cincinnati.

The price on hand plaster is \$12.15 per ton, instead of \$12.50, as announced in Saturday's paper. Denn-Gerretsen Co.

MEDFORD BEATS NEWBERG.
MEDFORD, Ore., Jan. 6.—Medford high school defeated the Newberg high school basketball team last night by the score of 25 to 8. Medford second and third team members played the game.

The Rexall Store
Roseburg, Oregon

TO RENAMER BRAMWELL.

(Associated Press Leased Wire.) SALEM, Ore., Jan. 6.—Frank C. Bramwell, will today be re-elected as state superintendent of banks. This was assured this morning. The state banking board, composed of the governor, the state treasurer and the secretary of state, will meet in the afternoon to elect Bramwell's present term expired January 1st. Whether Governor Pierce will vote for Bramwell is a question.

Keep the kids "comfy" with coal from Pages.
