How to Solve It Every number indicates the beginning of a word—if horizontal, crosswise, until the first shaded stop below. Compare the synonyms in the appended lists to the spaces in the diagrams and fill in the words you know. These will give you clues to the more difficult words. When completed the words should interlock perfectly.

Now Is the Ideal Time to Build More Paved Highways

There is not a single community in the United States that does not need a greater mileage of permanently paved roads. 16,000
