ACCEPTANCE CO. FINANCE DEALERS

NEW YORK, Jan. 13.—Organization of the Industrial Acceptance Corporation with capital of \$6,750,000, which will finance Studebaker dealers beginning January 1, is announced with the following officers: Arthur J. Morris, president; Vere Brown, vice-president and general manager; Charles L. Williams, vice-president and general collector; Percy M. Hall, Henry H. Kohn, Kenneth Ashworth and John G. Clarke, vice-presidents; H. P. Stevenson, treasurer; and Ralph D. Bunnell.

The new company is affiliated with Industrial Finance Corporation, which during the past five years has handled through its automobile division this class of business for the Studebaker dealer organization. Industrial Acceptance will take over the business of the automobile division and will continue to handle it under exclusive control with the Studebaker corporation. For the 12 months ending July 31, the volume of Studebaker dealer financing handled by these interests amounted to more than \$22,000,000, which compares with \$26,456,530 the previous 12 months.

In addition to its capitalization of \$6,750,000 and its confirmed bank credit lines with the large banks in the principal cities, the Industrial Acceptance Corporation will continue to offer two months' collateral trust notes for the investment of the short-time funds in the open market by banks through its head office at New York and its branch commercial paper offices in Chicago and San Francisco.

COMPETITION IN SPORTS WILL BE LESS KEEN IN 1925

(Associated Press Leased Wire.)
NEW YORK, Jan. 14.—The international sports competition which gained record-breaking proportions in 1924, were less sharply defined this year.

Interesting international competition is promised in such games as boxing, golf, billiards, rowing, swimming, track, tennis, but the new year was without any sustained program of world competition as was in the Olympics and also lacking in such outstanding events as the Walker cup golf contest and the international polo cup series, two other features of 1924.

The United States Golf Association has decided not to meet a team abroad, to meet Great Britain again in defense of the Walker cup before 1924, while it will be at least three years before America again risks her right to the historic polo trophy.

The stimulus of the Olympics, however, to track and field athletics was apparent in the spectacular event of Faave Nurmii, the phantom Finn, who has demonstrated the same record breaking ease that characterized his startling performances at Paris six months ago.

America's defense of the Davis cup will be the outstanding event in defense with the prospect that this country's forces, bolstered by the improvement of Vincent Richards, will clinch their right to hold the trophy for the sixth year in succession.

Golf also will not be without its international twist despite a lapse in the Walker cup play.

Walker Hagen expects to lead a band of American professionals in quest of the British open title he has won twice in three years.

Most of the professional crowns of the ring appear safe for the United States but title holders still have a continual menace in the presence of Luis Firpo and Quentin Romero among the heavyweights and Luis Picentini in the lightweight circle.

Keen international competition is promised with the invasion of Arne Borg, Swedish Olympic star and rival of Johnny Weisburger, in rowing. American scullers plan an expedition to England in an attempt to win back the gold challenge cup, world's title trophy, which Jack Beresford, Jr., of England, won from W. E. Garrett Gilmore of Philadelphia when he defeated the American in the Olympic final.

MOVIES Praised AND ALSO SCORED

(Associated Press Leased Wire.)
WASHINGTON, Jan. 14.—Motion pictures were praised for what they have realized of their opportunity as an agency for social betterment and actually taken to account for their shortcoming by speakers at the opening session here today of a national motion picture conference in the interest of wholesome pictures.

Henry A. Atkinson, secretary of the world alliance for international friendship through the churches, declared the motion picture as a great democratizing agency is today making its most efficacious appeal for peace by spreading knowledge of the customs and peoples of other lands.

Rev. P. F. Pfaffschler, chairman of the committee on moral and social welfare of the United Lutheran Church, "indicted" the "movies" on several counts, chiefly for what he described as their wilful distortion of stories upon which pictures are ostensibly based. He observed that there was a great difference between reading a love story which awakens civility and devotion and a willingness to sacrifice and seeing a love story with its emphasis upon prolonged osculation.

One Wife on Approval by VIOLET DARE

WHO'S WHO AND WHAT'S HAPPENED

CYNTHIA AND JIM LELAND return from their honeymoon to his home town, where his mother promptly begins to try to make Cynthia over, she has accepted the girl merely on approval. Cynthia finds it difficult to get along with her sister-in-law.

LEWIS L. CHASE, also, but likes her brother-in-law, Stanley.

TODAY'S INSTALLMENT XIII—A NEW FRIEND

As Cynthia went running into the house, her handskerchief to her eyes, the young man who had run over Mark slowly followed her, his face grave with regret. She stumpled into the house, and hesitated in the doorway, hat in hand, looking down at her as she sank into the nearest chair and sobbed unreasonably.

"You can't understand—he was the only thing I had," she exclaimed through her tears. "And I loved him so."

"I do know how it is," he told her. "My dog was killed just a few weeks ago, a dog I'd had for years, and for a while I seemed too empty to endure."

She looked up at him then, and motioned toward another chair. "Won't you sit down?" she asked. "I want to apologize for being so rude as I must have been a moment ago. I don't know what I said, but I hated you so for running over my cat, and then offering to get me another one, that I didn't care what I said."

"It was crude of me to suggest that," he answered. "But it's not a bad idea, you know; when a pet of yours dies, if you get another one at once it helps a lot. Now, if you'd let me give you another kitten—"

"Oh, I know that it wasn't your fault, and you couldn't possibly have helped hitting him, when he ran into the street so suddenly. That doesn't make it any easier to lose him, though." Her eyes filled with tears again.

"Of course it doesn't. But how about the dog? Won't you let me give him to you?"

"I don't know," Cynthia had suddenly realized that this "nice young man" who sat talking with her so pleasantly was an utter stranger. What would her mother-in-law say?

"Please do. It's the only thing I can do that will make me feel less like a murderer. Do be kind to me, please."

Cynthia, hesitating, looked at him. He was very good looking, very attractive. As if he read her thoughts, he introduced himself.

"Do let me tell you who I am—I'm Noel Gardner. I've just come back from a three years' trip around the world. Probably that's what has kept me from meeting you; I used to know everybody in town."

STRANDED SUB IS SAID UNDAMAGED

CHATHAM, Mass., Jan. 14.—The submarine 839 today was still held firm on the outer bar of Orleans harbor, where she grounded early yesterday in a fog, while on her way from Portsmouth, N. H., to New London, Conn. The crew remained aboard last night, and it was believed that the stranded vessel was undamaged and would be refloated at flood tide later in the day.

DOUGLAS COUNTY GETS RECOGNITION AT LEGISLATURE

SALEM, Jan. 14.—(Special to News-Review).—The legislature organized according to prearranged plans, listened to the governor's message and has begun to get down to business. The governor's message was long, made many recommendations, but did not contain much that was new. He courageously defended the income tax, and set forth others of his well known ideas. The message evoked more applause from the galleries than from the joint assembly. Doubtless some things recommended will have attention from the legislators.

Douglas county has received recognition in committee assignments as follows: Representative Hercher is a member of the committee on horticulture, the committee on health and public morals and the committee on roads and highways. The last mentioned committee is, of course, of great importance to Douglas county. Representative Fisher is a member of the following committees: cities and towns, elections, mining, public lands. If the proposed amendment of the primary law should reach consideration in the house, will doubtless be referred to the committee on elections, of which Representative Fisher is a member.

There will be a difference of opinion as to the so-called child labor amendment, and this subject is likely to be warmly discussed. Doubtless most of the members at one time felt friendly to the amendment, but careful study of its purpose and effect seems to be convincing an increasing number of thoughtful people that the proposition is altogether too wide in scope and carries with it great danger.

The bill has already been introduced to abolish the office of state market agent and there is a fair possibility that it will pass, notwithstanding the continuance of that office lies very close to the heart of the governor. One of the governor's recommendations was that the polling of the highways be committed entirely to the state highway commission. Under existing conditions an observer would hardly expect such a measure to be adopted. There will be great reluctance to increase the powers of the governor or of those officials appointed by him.

There will be considerable interest taken in the matter of the prohibition statute, but it is quite likely that most of the bricks thrown will be aimed at the governor and his prohibition commissioner, Mr. Cleaver, rather than at the prohibition statute.
