FILMS ARE BLAMED FOR PROHIBITION

(Associated Press Leased Wire.)
WASHINGTON, Jan. 15.—Charges that the liquor interests are using the moving pictures to break down prohibition amendments were made in an address today by Dr. Leigh Colvin of New York before the National Picture Conference.
Motion picture films, he said, not only make the prohibition amendment look ridiculous but portray the consumption of liquor as alluring.

U. OF O. WILL MEET FAST FIVE

(Associated Press Leased Wire.)
EUGENE, Ore., Jan. 12.—Expecting a surprise, the University of Oregon basketball quintet will face the Pacific University five here this evening in the second northwest intercollegiate conference game for the lemon-yellow shield. Willamette was easily defeated in the first UH last week.

Pacific according to the results of the O. A. C. battle of last night, has a card or two up her sleeve, and on the outcome of tonight's game will depend to quite an extent how Oregon looks for the remainder of the season.

The Oregon game will probably start with her two veteran forwards Gowans and Holson. At center will be Okerberger, first year varsity man, who created somewhat of a sensation by knocking down 22 points for his mates in the Willamette game.

At guard, Westergren, diminutive speed artist, will draw a berth and will be mated with Gillewaters or Reinhart, in all probability.

The Best Separator on the Easiest Terms

Now you can buy the world's best cream separator on the easiest terms. 10% down, 6% a month, and \$3.96 to \$8.58 a month. On such exceptional terms a DeLaval will have paid for itself long before the full payment is due. We are making such an unusual offer because you want every farm in this country to have a DeLaval. There is now no reason why every farm can't have one—the payments are so small you will never miss them. We know, and the experience of over two and a half million users proves it, that the DeLaval cleans cream, lasts longer, and is easier to clean and repair than any other cream separator. That's why there are as many in use as all other brands put together. The DeLaval has always been known as the best and in the long run the cheapest used on each acre you can't afford to be without one. And remember you can always get service and reports on a DeLaval, no matter how long you may use it. Call us up or stop in and let us go over this proposition with you.
