CONTRACT IS LET TO BUILD POWER LINE

A contract was let last Saturday by the prospective electric power users on the Azalea road to Paul's Electric Store of Medford to construct a line as far as the Sam Hall place, about four miles south of town, says the Riddle Enterprise.

The line is to be built from the city limits near the P. W. Didtel residence, crossing the creek just above the mill dam and will be so constructed as to serve every place along the road. The estimated cost is in the neighborhood of $3000. The city will meter the juice used to the farmers and all electricity will be brought in over the city lines.

Ample power will be available for any kind of service the farmers may desire. They can irrigate with the use of motors and pumps, operate silo fillers and cream separators, light their driers, houses and barns and in fact enjoy all the comforts and conveniences of city life. The electricity will prove especially valuable in prune drying time as a great deal of the fire hazard will be removed by the use of the safe electrical lighting systems. The installation of the system will increase the value of all the property served to no inconsiderable extent.

Pruning and grafting, trees, vines, bushes, reasonable. L. Bergold, Roseburg. Prune grapes now.

STAGE DRIVER KILLS BEAR CUB ON ROUTE.

George Branham, driver of the Riddle-Tiller stage line is preening himself as a great big game hunter, says the Riddle Enterprise. Last Thursday, while on his regular run to Milo he succeeded in bagging a brown bear. The animal was a little fellow, weighing only 20 pounds. George shot him first with his revolver, wounding him so he couldn't get far away and then went and borrowed a rifle to finish him. The fur on the little bruin was four inches long and in prime condition. The animal has been sent to a taxidermist in Medford to be mounted.

here. Miss Eleanor Rutherford, cashier of the Everett theatre was robbed of $1,200, the day's receipts as she was being driven in an automobile from the theatre to the Orpheum theatre. As Miss Rutherford's car drew to the curb in front of the Orpheum, another car came alongside. An armed man leaped from the car and forced the girl to surrender the money sack. The robber then returned to his automobile and was driven away by a confederate.

Mrs. Donald Geddes owner of a Seattle suburban moving picture theatre was held up in front of her home her by four men who jumped on the running boards of her car and seized a satchel containing $500, the day's theatre receipts. They escaped in a waiting automobile in which a fifth bandit is believed to have been hiding.

Miss Burrill Johnson a wholesale newspaper dealer was held up in the downtown district here by two men who took her watch and then drove away in her car.

STATE INSTITUTES FORECLOSURE SUIT

The first action ever instituted in the circuit court of this county to foreclose a mortgage under the state bonus loan act, was brought today by the state of Oregon against A. J. Fawcett and others. The action is to recover $2940 alleged to be due on a loan secured by a veteran under the bonus law. The property upon which the mortgage was issued, is located in Glendale. Although a large number of loans have been made in the county since the bonus amendment was passed, this is the first foreclosure instituted in this county.

RIDDLE TO VOTE ON SCHOOL BONDS

The School Board has posted a call for a bond election to be held from 2 o'clock p. m. to 7 o'clock p. m. Saturday, February the 7th, 1925, for the purpose of voting on a bonded debt of $35,000 to construct and equip a new modern fire proof school building and for the acquisition of additional grounds, says the Riddle Enterprise.

A new and more adequate school building for this district has been needed for a number of years and has been generally advocated by those realizing the first and most important need of any community, that is for adequate facilities for better education and this call for a bond election has been generally welcomed by those who appreciate not only the great need of better educational advantages for the growing generation, which comes first, but also from a long sighted business standpoint.

CATHOLICS PROTEST RELIGIOUS POLICIES

(Associated Press Leased Wire.)

PARIS, Jan. 19.—Catholics meetings throughout France in protest against the government's religious policy were continued yesterday and at Aix-en-provence a clash occurred between adherents of General De Castelnau and the National Catholic Federation and the local communists.

The Catholics held a procession during which they chanted anthems, while the communists also paraded, singing the internationale and other revolutionary songs. The two factions came to fisticuffs as the Catholics were wending their way toward the Cathedral. Reinforcements of police prevented the incident from becoming serious.

WANT TAX REPEALED

(Associated Press Leased Wire.)

SALEM, Ore., Jan. 19.—A plan whereby Oregon may invite population capital and industry by the repeal of the inheritance tax and prevention of another income tax act was announced by Denton G. Burdick, speaker of the house, in an address today before the Salem chamber of commerce.

By inference Mr. Burdick decommended the plan which has been put into effect in Florida, and which is a constitutional amendment barring an income or an inheritance tax for 25 years. Burdicks plan is based on the theory that the way to reduce taxes is not to search out new sources for taxation but to get more wealth into the state and more people in the state among whom taxes may be distributed.

BURGLAR ENTERS LOCAL FLOUR MILLS

The Douglas County Flour Mills were thoroughly ransacked last night by a burglar who was apparently most deliberate and careful in his search for money which he believed to be hidden. He evidently entered a window between the mill and the Hunter building, and very carefully searched the entire plant. He overlooked nothing in his effort to locate money, but took nothing of value, as he apparently wanted cash only. Since a former safe-cracking episode the safe has always been kept unlocked and nothing of value has been kept in the office.

FREIGHT WRECK AT RIDDLE

South bound through freight No. 221 was wrecked just inside the city limits coming into town last Monday evening at 8:20, says the Riddle Enterprise. Two cars left the rails one falling on each side of the track. The train was coming at a good speed and traveled nearly a half of a mile after the cars had left the rails.

The wrecking outfit arrived at 10:45 and had to take the rear part of the train back to Weaver siding before they could get to work cleaning up the wreckage and it was 3 o'clock in the morning before the trucks were cleared so that trains could pass.

No. 16 north bound passenger was held at Glendale and No. 24 at West Fork.

About 450 or 500 ties were ruined and the falling cars mixed the telegraph poles by but a few feet. The cause of the wreck is unknown, though an extra gang had been working on that part of the road during the day.
