RESIDENTS ASK PAVING ON TWO CITY STREETS

Benson and McClellan Streets to Be Improved —Lights Wanted.

WALKS ORDERED IN

Property Owners on Cobb Street to Be Required to Construct Sidewalks Along Places.

The city council held a busy session last night attending to a large number of routine business matters of considerable importance. The meeting held last night was an adjourned session, the council having failed to have a quorum on Monday night the regular meeting date.

The council was visited by a delegation of residents of Benson and McClellan streets, who presented a petition asking for the paving of those two streets. Concrete pavement, twenty feet in width, is asked in the petition. The petitions were referred to the committee on city improvements.

A request was also presented by residents of North Pine street who ask for the installation of an electric light in front of the Lindser property. The street is quite dark in that locality, it is claimed.

The street committee reported to the council that it would recommend the construction of the sidewalks on both sides of Cobb street, and the report was adopted, the marshall being ordered to serve notice on the property owners to construct the walks at once.

The committee also reported that it could find no reason for denying the request of C. H. McClung, that he be permitted to construct a retaining wall at the sidewalk line on Cobb street.

An investigation was made of the complaint that water stands in the manholes on west Douglas street. It was found that these manholes have no drains, and were installed to save expense when the continuation of the paving is accomplished. It was suggested that the Southern Pacific company be asked to construct drains under the right of way in order to allow the water to continue on down the street.

The Southern Pacific company plans on extending a spur track across the street, it is understood, and will ask for a franchise, and at that time the matter of a drain will be taken up with the company.

It was reported that the Commercial Avenue paving had been constructed according to the contract, and it was recommended that the amount of $594.43 due the contractor be allowed. A remonstrance was read claiming that an error of $87 was made in the assessment, but the council assertained that the errors were not made as reported, and the assessment was approved and the ordinance levying amount placed on first and second readings.

The city engineer was appointed to survey the city's section of the road around the base of Mount Nebo. The county's road crew is doing the work at actual cost.

The light committee advised that a light be installed at the corner of Blakely and Benson streets, and the recorder was instructed to notify the company to put in the light.

The street committee was instructed to purchase several manhole covers to take the place of those broken recently.

The request of A. W. Burns, an orange hawker, for a refund of $3 collected for license and fines last month, was denied.

The assessment ordinance on East Avenue was placed on first and second reading.

Ordinances levying an assessment on the Laurelwood sewer, and providing for the paving of Spruce street, were placed upon third reading and passed.

It was decided to list all of the property which the city has taken in lien foreclosures, and to turn the list over to the real estate dealers of the city and permit them to sell as much of it as possible.

OLD TIME REVIVAL AT THE SALVATION ARMY.

The revival fire is still burning in the meetings at the Salvation Army. Souls are being saved and sanctified at almost every service, for which God is given all the praise and glory. There have also been some very definite cases of divine healing. Last night G. W. Scott (the Scotch Evangelist) preached a heart searching message from the words of King Agrippa to Paul: — "Almost Thou Persuadest Me To Be A Christian". The Evangelist said in part: Almost is one of the most terrible words in any language. Fire broke out in the house in a certain village one night. The volunteer fire department hurried to the scene. When it was thought that all had escaped, the youngest child, a little tot appeared at one of the upper story windows, to the horror of the onlookers. The ladders were hurriedly placed beneath the window, but were found to be too short. Before the little darling could be reached, she was enveloped in the flames. Oh, how awful. The ladder was a good strong one, but it was not long enough. It was almost! — Oh, my friends you may be very good, outwardly; you may be a moral man or woman, but remember that a moral person is not a Christian — only Almost a Christian. Almost—but lost. The rich young ruler "Kept the Commandments" from his youth up. Yet he was not a Christian. He was Almost a Christian.

Hear Him as he asks Jesus What Lack I Yet?

Jesus said, "One Thing Thou Lackest" "Go sell what thou hast and give it (not loan it at 10 percent) to the poor, and come 'take up thy cross and follow me!' But he turned away very sorrowful, for he was very rich.

How sad; the next thing we read of him is: "the rich man died and was buried and in hell, he lifted up his eyes, being in torments."

Almost, — but lost. He only lacked one thing; he would not surrender all to Christ, my friends, the ladder of morality is too short to span the Gulf between Heaven and Hell, for all our righteousness is as filthy as rags. Ye must be born again, Except ye repent, ye shall all likewise perish." What can wash away my sins, your sins? Nothing but the blood of Jesus. Almost thou persuadest me to be a Christian. Oh, I beseech you in Jesus' Holy Name. In the the Name of Him who suffered the indescribable agonies of the Cross of Calvary, to save you from sin, and the never ending torments of a burning hell. Turn to Christ just now and be not only Almost, but Altogether a Christian."

The subject for this evening will be: "Hell — What Is It? Where Is It? Who is going there?" All are requested to bring Bibles and come early, as a record attendance is expected.

The Services begin at 7:30 sharp. Prayer meetings each morning from 6 to 7.

NATIONAL VOTE FRAUD COLLEGE REVEALED.

DR. W. I. SIROVICH & SMILING GEORGE ROSHEN

Operations of a national school of ballot fixing have been described to a New York City grand jury by George Rosken, a chauffeur, who confessed that he mutilated ballots in the Eighth Assembly District, and charged he was paid to do so by Nathan D. Perlman, Republican, who defeated Dr. William Irving Sirovich for Congress from the 14th New York District. Philadelphia, Boston, Jersey City and Hoboken were among the cities in which Rosken said his "pupils" in ballot fixing worked. He asserted he turned them loose there after a course of instruction in the use of a "magic ring," which contained a small lead pencil with which they mutilated the ballots after being appointed tellers. He said he charged his pupils $100 for a course of instruction, and declared boldly: "I am the original ballot fixer." His classes, he said, were so large he had to hire a suite of offices to instruct them. Congressman Perlman denied the charges.

CITY PROPOSES TWO CHANGES IN THE STATE LAWS

(Continued from page one)

taken for delinquent bond payments.

Another amendment proposed by the city is aimed at the California Orange peddlers who have been selling their products on the city streets.

The state law now provides that no city shall pass an ordinance which shall collect a license or fee from farmers or growers disposing of their agricultural products. This refers to the growers who bring in farm products, wood, or other articles of an agricultural nature. Many growers peddle their wares from house to house, and the city does not aim to interfere in any way with this provision.

During the past few months, however, orange growers have been bringing truckloads of oranges from California, and have been stopping their trucks on the main business streets of the city, and have been selling the fruit in bulk to the public, often at higher rates than were charged in nearby stores handling a better grade of oranges.

It is believed that the merchant who is occupying a business house, paying his taxes into the city and maintaining a regular place of business, should have protection from such abuses, and consequently the city proposes to amend the law so that the city may license hawkers. Peddlers or vendors, handling farm products, would not be molested, but persons using the streets to sell their goods by hawking methods and in competition with mercantile establishments would be subject to pay a fee into the city treasury.

WOMEN BORN 1873 TO 1881

Now Is the Critical Time. Lydia E. Pinkham's Vegetable Compound will Help You Safely Through

Convoy, Ohio.—"During the Change of Life I was weak and run-down and could hardly do my work. By reading your advertisements I found out about Lydia E. Pinkham's Vegetable Compound and it has straightened me right out and made me feel like a new woman. By the time I had taken eight bottles I was well and could do my housework on the farm without trouble. I recommended it to my daughter-in-law after her second baby was born and it did her a wonderful lot of good. I told her to try it and if it didn't help her I would pay for it, and before she had taken one bottle she said to me, 'You won't have to pay for it! It is helping me wonderfully!' And she took three bottles of it. You can use my testimonial if you wish."—Mrs. ELSIE ACKERMAN, Convoy, Ohio.

Consider carefully Mrs. Ackerman's letter. Her experience ought to help you. She tells of the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.

Easy Way to Break Severest Cough

No matter how long you have had a persistent, weakening cough—no matter how many remedies you have tried without success—you can usually get relief promptly and often relieve the entire cough condition in 24 hours, by a very simple method.

The method is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action, it not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. The prompt relief seems almost magical, and the quickness with which the whole cough condition disappears is often simply amazing. There is nothing better for coughs, chest colds, bronchitis, croup, influenza, hoarseness, and sore throat. Arrest irritation. Economical, too, as the dose is only one teaspoonful.
