S	T	A	N	D	B	O	N	E	S		

**A WORD FOR BEGINNERS.**  
The best way to solve a cross-word puzzle is to run quickly over the list of horizontal and vertical synonyms and compare them to the spaces in the puzzle extending cross-wise or downward from the number of the synonym. Some word which will just fit in the number of space available will quickly occur to you in some instances, giving you a foundation from which to solve the more difficult words. The words must interlock perfectly.
