FARM LOAN BILL REPORTED FAVORABLY

(Continued from page 1.)

needed by the district. It provides for the right to develop and utilize or to dispose of by contract, lease or sale of hydro-electric power that may be developed at the outlet of the storage reservoir during the irrigation season. The second measure provides that the district board shall have authority to enter into any obligation or contract with the United States for the construction, operation and maintenance of the necessary works for the delivery and distribution of water under the provisions of the act.

House bill No. 4 providing for a more systematic system of market roads construction and closer cooperation with the state highway commission by the various county courts was passed by the house yesterday.

To Lower Auto License Fees. The committee has reported unfavorably on house bill 15 which would provide for lower fees on auto licenses after a certain number of registrations. Attorney General Van Winkle has given an opinion that the bill is unconstitutional.

Senator Brown's bill providing that advertisements along public highways or which about farm premises and which advertise products for sale on the farm during the fruit season shall be exempt from the inhibition against advertisements on the public highways was killed in the senate yesterday by indefinite postponement upon the adoption of an advisory committee report.

Clear Lake Power Project. To make Clear Lake available as a domestic water and power supply for Willamette valley cities and towns is the purpose of a bill introduced in the senate today by Senator Garland of Linn county and Senator Johnson of Benton county. The measure authorizes the various counties of the Willamette valley to form themselves into a municipality for the issuance of bonds for the development. Under the bill a petition must be presented to the secretary of state signed by not less than two per cent of the registered voters in the territory. It makes it the duty of the governor to call an election on the formation of the municipality and if it carries the executive is to appoint a board of five trustees, who shall serve until their successors are elected by the municipality. This board is empowered to make a survey of the project and to call an election for the issuance of bonds. The counties interested in the development are Linn, Lane, Marion and Benton.

Loans to Irrigators. House joint resolution No. 8, introduced today by Shelton, Baker county, passed by a suspension of the rules of the house, memorializes congress to pass the Kendrick bill providing for loaning money to farmers on federal irrigation and reclamation projects. The borrowers would be allowed to pay back their loans on a basis of five percent of the return from their yield each year. Courts will be required to impose fines ranging from \$500 to \$1,000 upon convictions of violating the prohibition law pertaining to the operation of stills and the minimum jail sentence will be increased from thirty days to 6 months, under a bill passed by the house of the legislature today.

BLAST DOES DAMAGE TO HOMES AND YARDS

Residents residing on the west end of Mosher street had some narrow escapes yesterday when the big blast fired on the Mt. Nebo road job failed to take the course expected and hurled debris across the river. One rock, six inches in diameter, went through the roof of the Nelson home and did considerable damage. Another rock, still larger, struck in the yard and went into the ground several inches and was later dug out. Holes were torn in yards around several of the houses in that vicinity and damage was done to roofs. The county was put to some expense paying for repairs occasioned by a wild blast several days ago, and will probably be required to take care of damages caused by the one yesterday. County Judge Quine personally inspected the work following the blast yesterday to make a survey of the workmen to see the utmost caution. The roadwork along the base of the mountain is progressing very nicely. When completed, the road will be very scenic and will be a nice drive, particularly during the summer time. As it is blown out of solid rock for much of the way there will be little upkeep expense after the roadbed is once established. Construction has almost reached the city limits, and within a few days work will be started on the city's section. Up to the present time the road has cost only about one-half the amount expected, and unless some unusual difficulties are encountered the cost of building will be very light. The work has been done entirely by county forces and the prisoners serving sentences in the county jail.

MEN AND WOMEN IN NEWS SPOTLIGHT.

MRS. ERNEST BARTHOLOMEW & WALKER D. HINES.
SEN. THOMAS A. EDISON & FATHER GEORGE BENNETT.

Father George Bennett, "lighting priest" of Weanawan, N. J., was the State's chief witness against a civilian and eleven police officers on trial in Jersey City on a charge of conspiracy to smuggle liquor through the township. Thomas Alva Edison, noted inventor, declares the use of the paravane principle on American battleships, causing them to roll and fire their guns on the top of the roll, will increase their range to make them fire as far as British guns, without elevating them. Walker D. Hines, of New York, formerly of Louisville, Ky., Director General of Railways from 1919 to 1920, has been appointed as Commissioner of Economic and Administrative Details of Rhine and Danube Navigation by the League of Nations. Mrs. Ernest Bartholomew, of Wichita, Kan., is said to have signed an affidavit that "bought" the pardon of her husband, convicted of stealing an automobile, for \$1,250, through Volney Johnson, convicted bank embezzler and alleged go-between for former Governor Jonathan M. Davis and Carl J. Peterson, State Bank Commissioner.

TYLER'S SON, AT 72, IS FATHER.

DR. & MRS. LYON G. TYLER.

Dr. Lyon G. Tyler, seventy-two years old, son of former President John Tyler, is shown here with his young wife, who recently gave birth, in their Richmond, Va., home, to a boy baby. Mrs. Tyler, who is thirty-five years her husband's junior, is his second wife. Dr. Tyler is President Emeritus of Williams and Mary College. It is recalled among friends of the family that President Tyler was sixty-eight when his son, Lyon, was born, and seventy when a daughter was born.

FIRST WOMAN GOVERNOR OF TEXAS TAKES OFFICE.

MRS. MRS. M. A. FERGUSON'S INAUGURAL.

Mrs. Miriam A. ("Ma") Ferguson, first woman Governor of Texas, is shown delivering her inaugural address in the chamber of the State House of Representatives, in Austin, immediately following her inauguration.

Italian King Saves Throne by Act.

Unheeded messages from Italy, filed in France, report that King Victor Emmanuel saved his throne by refusing to sign a decree presented to him by Premier Benito Mussolini, dissolving the Italian Chamber of Deputies. The message declares that had King Victor Emmanuel signed the decree, he would now be on his way to exile in England.

GOOD PROGRESS ON FOREST ROAD JOB

John Alexander, of Glide, who was in Roseburg today, reports that work on the road into the national forest is progressing in a very satisfactory manner. The work is being done in a very economical manner, he states, and in conversation with those connected with the work and who have made inspections he has been informed that there will be ample funds to complete all of the projects now laid out. Mr. Alexander states that he has heard some statements that money was being wasted, but from his observations finds that the work is being pushed in a very economical manner and that the cost will be very low considering the exceedingly difficult type of construction encountered. The people of Glide have been very active in supporting this road work and are greatly interested in the early completion of the road through to Diamond Lake.

KLAN ENDORSES CHILD LABOR LAW

A resolution endorsing the child labor amendment and urging support for its ratification by the state legislature, was unanimously adopted by Umpqua Klan No. 5, Knights of the Ku Klux Klan. The memorial adopted by the Klan reads as follows: "Umpqua Klan No. 5 heartily endorses the proposed child labor amendment to the federal constitution and prays that all citizens who hold the future of our rising generation as a sacred trust, should at once make it known to our senators and representatives who have with their hands the adoption or rejection of this amendment. "That a copy of this memorial shall be sent to each of our representatives and senator from Douglas county urging their support and their votes for the ratification of the said amendment." "Signed, "UMPUKA KLAN NO. 5, "Knights of the Ku Klux Klan."

The Best Cooks

USE THE BEST FLOUR

Woman Candidate Hates Photograph.

MRS. IRENE M. LEFKOW.

Mrs. Irene M. Lefkow, whose hat is in the ring as a candidate for Alderman from the Fourth Ward of Chicago, established a new record for office seekers when she declined to pose for a photograph.

ALLEGED AUTO THIEVES WAIVE

Wm. Allen, Jack Bolton, W. R. Guard and Leo Driscoll, who are charged with stealing an automobile belonging to Tom Ritzman, and who were arrested in Grants Pass, were brought back to this city last night and arraigned this morning before Justice of the Peace George Jones. They waived preliminary examination and were bound over to appear before the Grand Jury under bonds of \$500 each.

In this city today for a few hours visiting with friends and shopping, was Mrs. Peter W. Diddel. Mrs. Diddel is a Riddle resident and returned home this afternoon.

ITALIAN PREMIER IN LION'S DEN

BENITO MUSSOLINI.

Here is an unusual photograph of Benito Mussolini, Fascist Premier of Italy, pictured literally in a lion's den, his enemies declaring they have him figuratively in a political lion's den. The lion was presented as a cub to Premier Mussolini, but it has now grown too large to keep in his home, so the Premier pays it a daily visit in the Zoo in Rome and plays for some time with his jungle pet.

MEN AND WOMEN IN NEWS OF THE DAY.

MRS. W. E. D. STOKES & MARY GARDEN.
CHARLES A. STONEHAM & MRS. IRENE SCHOELLKOPF.

Mrs. Irene Schoellkopf, wife of a former Buffalo, N. Y., brewer, C. P. Hugh Schoellkopf, has received from the New York police \$225,000 worth of the \$300,000 jewels torn from her neck during a New Year's party in New York City in 1923. Mrs. W. E. D. Stokes will go to Chicago from her Denver home to prosecute conspiracy charges against her husband, W. E. D. Stokes, New York millionaire, who is charged with having sought testimony there to damage her reputation in his unsuccessful divorce suit. Charles A. Stoneham, owner of the New York Giants, on trial in New York on charge of using the mails to defraud in stock deals, lost his effort to have the Federal Court set aside a new rule, which permits the Judge, and not the attorneys, to question prospective jurors. Mary Garden, famous opera star, has been suddenly stricken ill in Chicago and been compelled to cancel all her engagements. Last Summer she caused much comment by taking sun baths for her health in Europe.
