OBJECTION MADE TO TAKING CHILDREN FROM MOTHER

Claiming that Mary N. Palmer is not being treated in a fair manner, residents of Days Creek today presented to the county judge a petition asking that the case now pending concerning the disposal of the woman's nine children be deferred until she is able to appear and state her own case.

Mrs. Palmer's husband was arrested recently charged with a crime against his own daughter, and was sentenced to the penitentiary. There are nine children in the family, and Mrs. Palmer is now confined to the Albertina Kerr baby home in Portland where she is expecting another.

The woman was sent to the state asylum for observation, but was recently removed to Portland to await the birth of her tenth child. Proceedings have been instituted to take the children from her on the grounds that she is not competent to care for them, and she has been ordered to appear on February 23rd, to show cause why they should not be permanent.

ROB FRISCO BANK

Two men held up the Trust company at Twenty-fourth and Sanchez streets here today and obtained between \$2,000 and \$3,000. They escaped, but the number of their automobile was taken by a policeman who reported that he apparently wounded one of the robbers in an exchange of shots with him.

The only person in the bank when the robbers entered were three employees. These were compelled to stand with faces to the walls while the open safe was rifled.

Coming back the robbers encountered Policeman Joseph Malone and an exchange of shots took place as the men sped away in an automobile. Malone said one of the men staggered as though wounded.

Obviously she is in no condition to make the trip to Roseburg at this time, a fact which is being set forth in the petition presented today. The petition is signed by more than 40 of the residents of the Days Creek vicinity where the woman formerly resided, and it is asked that action be deferred until such a time as the woman can appear and defend her right to the children.

HELP IS NEEDED FOR SALVATION ARMY AT ONCE

(Continued from page 1.)

poor and lowly, the slovenly and poverty stricken, those who have no other organization to look after their many needs, and often times, dire necessities. The income has been steadily falling off until at the present time it is less than \$15 per month, while the expense of all rent alone is \$10 per month.

The people who attend the meetings of the Salvation Army are not the ones who can support the work, as is the case with the churches of the city, and consequently outside support is necessary.

Mayor Houck, who was called in to attend the meeting, stated that the lack of support is due to a general apathy. That no one doubts the value of the organization, but that the people generally are negligent in contributing to its support.

He stated that the only final solution of the situation is a community chest; the grouping of all charities and one big drive to raise the necessary funds to carry on the work for the entire year, so that the business men and residents of the city will not be constantly appealed for donations of various kinds.

Talks were also made by the various ministers, and by D. B. Dubar, warden of the Elks lodge, who stated that the lodge will give its support, and also by W. C. Harding, pastor of the Methodist church, who stated that the church will support the plan.

There was a great deal of discussion concerning the work of the Salvation Army and its need for funds. It was shown that there can be no delay; that there must be some relief afforded at once.

Several plans were advanced, one for solicitation of immediate donations, with an organized campaign to raise the year's budget during the spring.

The plan finally adopted provides for a committee composed of representative men and women, to meet and organize ways and means of raising \$2,000, which it is believed will be sufficient to carry on the work until the community chest plan can be worked out and put into effect.

Captain Anderson detailed some of the relief work carried on by the organization during the past few months, showing many cases of actual suffering which have been afforded relief.

The income has been steadily placed in various store buildings around the city. These cases are placed there for the purpose of receiving small donations for the work of the organization. Money is needed at once to carry on the relief work upon which the Salvation Army is now engaged.

The organization of a drive will take several days, and in the meantime there should be actual need which should be given attention. Roseburg people are asked to "Reach the Goal" for a few days to help tide over the period of necessity.

Those who can spare a small donation to help until the drive can be put over, are asked to drop their loose change into one of these cans, or to mail a check direct to Captain Fred Anderson.

(Associated Press Local Wire.) WASHINGTON, Feb. 11.—President Coolidge, often-times described as a man without a hobby, really has one which in a literal sense he rides daily. It is in electrical apparatus in the nature of a hobby horse, so arranged that the operator receives the same exercise he would if mounted on a spirited hunter.

Set up in the president's dressing room, it is managed by two old routers, one of which is a liberal sense of humor. It shall go through the movement of a center, a gallop or merely a trot.

DEMURRER ARGUED IN DAMAGE SUIT A demurrer was argued today, in the case of Otto Muetzel against D. R. Shambrook and J. G. Hodges, a suit in which the plaintiff is seeking to recover \$5,000 damages from the two deputy sheriffs, claiming illegal search of his automobile. The demurrer filed by District Attorney Gordon claims that the complaint fails to set forth sufficient facts to constitute a cause of action, this contention being based upon the allegation that it is the privilege and duty of any officer under the law to search a car suspected of carrying liquor. It is claimed that the complaint fails to deny such right and that consequently it does not give sufficient basis for an action against the officers.
