

Happy—and safe too, on this floor

The nursery floor, especially, should be sanitary and easily kept so. Nairn Linoleum has no cracks to collect dirt and germs. A damp mop keeps it spotlessly clean.

Quiet and resilient. Cannot rough up or splinter. Cool in summer, warm in winter.

Many cheerful patterns that will keep brightness continually in this room. Ask to see them.

CHAFF FROM THE CRIST AT THE CAPITOL

WASHINGTON, Feb. 13.—(United Press)—Joseph S. McCoy, white-haired treasury department actuary, aspires to write the perfect tax law. For years, McCoy has figured, estimated and puzzled over other men's tax bills and predicted how they would work, but back in his mind all the time has lain the perfect law. Congress, perhaps, some day may ask him to do it, just for a try, McCoy says. His highest rate will be 10 or 15 per cent, normal and surtax combined.

A dusty old office in the treasury department building boasts the clock from which sprang "standard time." Two-score years ago, Washington, Baltimore and New York observed local times, varying by several minutes. A government worker whose name is lost to history conceived the idea of zoning the country into regions, observing the same time. He worked the idea out on an old walnut wall clock in his office, providing it with one minute hand and six hour hands, each of a different color. One stands for Greenwich (London) time, and the others for Atlantic, eastern, central, mountain and Pacific time, which have been adopted. Through the author's name is lost to memory, the old clock still ticks away on the wall, pushing its seven hands around the dial.

Army signal corps officers hope some day to build a gigantic radio station in the icy wastes of North Alaska to communicate directly with Europe via the North Pole. The frigid polar air has found to be a superlative medium for carrying radio waves and by linking up the western United States through cables overland wires, or radio,

fast transmission of messages to Europe could be effected.

Auric phenomena, including the aurora borealis, do not appear to interfere in the slightest with radio communication. Though much blame for static has been placed on the aurora, it is believed to exercise no evil effect on wireless transmission.

Signal corps men stationed at the Alaskan posts are affording them radio communication with the outside world frequently enjoy concerts from European broadcasting stations, notably Berlin, when completely out of touch with American stations.

This fact is what first gave the officers the idea of trans-polar communication—communication, which some day may be a fact.

Here is one for the doubting Thomases who question the claim of the United States army and navy to the championship marksmanship of the world. When Washington was snowed by the big blizzard the news photographers who "cover" the White House tried to have a little fun with cabinet officers. As Secretary of War Weeks and Secretary of the Navy Wilbur were coming out of a cabinet meeting, the photographers asked them to pose in school-boy fashion, throwing snowballs at each other. Wilbur and Weeks solemnly agreed. The secretaries picked up the right amount of snow, and put out hard icy balls. The photographers got behind their cameras and prepared the focus. The cabinet officers aimed. "Fire," shouted the photographers. Weeks and Wilbur fired—and hit two cameras square in the lens.

EXTRA MUSIC AT BAPTIST SERVICES
Extra special music at the Baptist services tomorrow evening at 7:30. Orchestra directed by Mr. O. H. Choir directed by Miss Haseltine. Miss Haseltine will sing a solo. The pastor will give a brief sermon. Public cordially invited.

Do it now. Order a sample loaf of Grimm Bros. MILK BREAD and it will become your steady diet. Phone 133.

MERCHANTS TO HAVE A FINE CONVENTION

The annual convention of the Oregon Retail Merchants Association, will be held in Eugene on Sunday, Monday, Tuesday and Wednesday, of next week, and it is expected that there will be a large number of the business men of this city in attendance. A splendid program has been prepared and noted speakers will be present to make addresses on the various lines of trade included in the association. One of the features will be the trade division conferences where the problems of each line of business will be given consideration, and addresses made by experts. Questions have been propounded for each trade division, and these will be discussed on Tuesday afternoon.

The committee has given much thought to the entertainment of the delegates, and luncheons will be held at the leading eating houses of Eugene, and lunquets will be given every evening, with the annual dance on Tuesday. Prominent speakers from all sections of the coast will be present. The University of Oregon will also contribute to the program.

Delivered a mile without a cent of profit. That's our service on fresh, pure, wholesome, Grimm Bros. MILK BREAD. Phone 133.

EXPECT TO REACH CAVERN TOMORROW

(Continued from page one)

hoped that at that distance we would hit solid rock to hold the shaft in position. However, we did not strike the rock and a precautionary measure the shaft is now being tied into position to keep it from slipping down. It is being hung from the top of the shaft. The shaft is now within five or ten feet of the complete depth.

At the time it was impossible to tell when the tunnelling would be started. No change was indicated in the estimated time that Collins would be reached about 7 o'clock Sunday morning.

CAVE CITY, Ky., Feb. 14.—Men in the natural passage to Sand Cave talked to men in the rescue shaft being sunk toward Floyd Collins, entombed cave explorer, while making soundings at 11 o'clock this morning.

H. T. Carmichael and Elbert Marshall, a miner vent to the bottom of the shaft and held distinct conversation with Ed Irenner and two other men who were in the passage as far as the cavern, said an official statement. "It is estimated that we will reach Collins in approximately 20 hours provided no other difficulties occur. We will have six more feet to reach the original limestone top, believed to be the roof of the cavern leading to Collins."

The shaft, according to Mr. Carmichael, will tap Sand Cave between Collins and the point where the cave-in occurred in the natural passage last week. The point between the cave-in and Collins was estimated at 20 feet. The penetration of Sand Cave will be in front of Collins. Previously it had been believed that it would be behind Collins.

Digging will continue until 3 o'clock this afternoon when a new section of timbering will be lowered into place, one of the diggers said at noon today. This will take until about 8 o'clock tonight and when the digging is resumed we may cut through to Sand Cave any minute, he added.

CAVE CITY, Ky., Feb. 14.—H. T. Carmichael, superintendent of the Kentucky Rock Asphalt company, who dropped his work to take charge of Floyd Collins' rescue shaft that he forgot yesterday was his birthday. Mrs. Carmichael went to the sand hole camp yesterday afternoon to take her husband some hot coffee, some food and a razor, and reinstated him of the event.

SAND CAVE, Ky., Feb. 14.—An official bulletin at 2 o'clock said the Floyd Collins rescue shaft is now 55 feet deep. A shift of experienced hard rock miners were sent down at 2:30 to start a sloping tunnel down to the nine foot cavern, which officials hope will lead to Collins prison.

CAVE CITY, Ky., Feb. 14.—Lee Collins, aged father of Floyd Collins, entombed cave explorer today appealed to the press of the country to convey his gratitude to all who have aided in the efforts to rescue his son. "I want to thank all who have given their services, sent equipment, made donations, prayed for Floyd or sent messages of sympathy and condolence," said the distressed parent.

For concrete work call Taylor, 313 No. Flint St. Tel. 225-R.

AUTO GOES OFF GRADE.
An automobile occupied by two travelling salesmen went off the highway about five miles north of Myrtle Creek this morning. The Rickensacker touring car, in

which they were riding failed to negotiate a turn, either because of a broken steering apparatus, or a skid, and went over the grade, rolling about 20 feet to the river. One of the men received a broken leg, and both were badly cut and bruised. They were taken to Myrtle Creek on a stage which reached the spot a few minutes after the accident. The car was badly wrecked.

SPORT SHORTS
(Associated Press Special Wire.)
Mickey Walker, welterweight champion, yesterday started training for his 12 round bout with Bert Collins to be held at Vernon arena February 23. It was announced that Jack Dempsey, Harold Abrahamson, Great Britain; H. Houben, Germany; Jackson Scholz, United States; Al Le Coney, United States; Bowman, United States; Frank Hussey, United States; G. Hill, United States; G. E. Porritt, New Zealand, and Keats Lloyd, United States.

Arrangements for the bantamweight championship bout between Eddie "Cannonball" Martin of Brooklyn and Charley "Phil" Rosenberg of New York, have been completed. The date to be February 29 and Madison Square Garden the scene.

COOLIDGE HAS A WAITING POLICY
WASHINGTON, Feb. 14.—President Coolidge is following a waiting policy toward the problem of further armament limitation, but he is watching developments abroad carefully and will be prepared to act—even he considers a move toward a new army conference would be opportune. Thus far he has not departed from his announced intention of permitting the European powers to develop their own armament limitations, but he has not abandoned the project launched last year at Geneva, under the League of Nations. He announced in his message to congress in December that he would do nothing until that project had reached a point indicative of success or failure.

If Great Britain should take the view that more could be accomplished through a conference called by the United States, that development doubtless would have great weight in any re-assessment of the situation which might be undertaken here.

HIGH SCHOOL VICTORS IN DEBATES FRIDAY
The local high school debate teams came out victors in two debates, held Friday, one at 2:45 in the afternoon, in the high school auditorium, between the Camas Valley high school team and the Roseburg team, and one Friday night at 8:15, between the Ridge high school team and the local high school teams. The question was: "Resolved, that the Japanese should be admitted to the United States under the quota terms of the Immigration law." The local debaters upheld the affirmative side of the question, and the result was a three decision by the judges, who were Mr. Northrup, of Deer Creek, and C. H. Bailey, of South Deer Creek, and C. A. Brand, of the Overland Orchards. The negative team, which met the Ridge debaters, won a two to one decision. The debates were interesting, and showed much forethought and hard work on the part of the debaters.

DIVORCE ALLOWED.
A divorce was granted today to G. D. Gorn from Daitte Gorn. The charge was cruel and inhuman treatment. Gorn alleged also that his wife frequently went away for trips with male companions, and that during his absence she held disgraceful parties. The plaintiff was represented by Attorney Dexter Rice.

OAK GROVE BRIEFS

CALL FOR CITY IMPROVEMENT BONDS

Notice is hereby given that city improvement bonds of the city of Roseburg, Oregon, series "O" No. 3 to 45 inc. will be taken up and paid on the 25th day of February 1925, after that interest thereon will cease after said date.
Dated February 14th, 1925.
W. F. THOMAS,
City Treasurer.

MARKETS

PORTLAND, Ore., Feb. 14.—A broader shipping outlet for eggs steadied the local market, although extras were down another cent at the close of the week, being posted at 28 cents on the exchange. All other grades were steady and unchanged. Current receipts closed a half cent higher at 24c. The local butter market was very firm at the close but no change in price or buying prices of butterfat is contemplated over the week-end. Cube quotations were steady on the exchange. Lined oil prices have been reduced five cents a gallon by local wholesale paint and varnish houses. Raw oil is now \$1.37 and boiled \$1.29 per gallon in barrel lots.

Mill feed prices have responded to the lower trend in wheat. Mill run and middlings are \$1 a ton lower today; all scratches \$2 a ton lower; mushes \$1 a ton lower and feed barley, oats and wheat \$1 a ton lower; feed corn declined 3¢ a ton.

Country dressed meats were steady and unchanged at the close of the week. Receipts of light hams were a little over 100 tons. Choice light veal is at 14¢ cents; choice lights 14 1/2 cents.

Live poultry receipts were light today and the market closed steady in all lines. Commission houses were cleaned up. With their batteries empty and no carry-over, the live market is contemplated. Prices were unchanged at the close.

PORTLAND, Ore., Feb. 14.—Compared week ago: steers strong to 25 cents higher; she stock 25 to 30 cents higher; others steady; week's bulk prices: best steers \$6 to \$7.50; few \$7.75 to \$7.85; one strictly good load of corn-fed \$8.25; cows and heifers \$5 to \$6; odd head heifers \$6.75; top cows \$6.25; canners and cutters \$2 to \$4.50; bologna bulls \$2.25 to \$3.75; butchers \$4 to \$4.50; best light calves \$11; others \$5 to \$9.50.

Hogs.—Compared week ago: Mostly 50 cents higher; week's bulk prices: desirable weight butchers \$11.75 to \$12.00; mixed toils \$11.40 to \$11.75; packing sows \$9.75 to \$10.25; slaughter pigs 10.50 to \$11; feeder pigs \$8.50 to \$9.50; closing top \$9.25.

Sheep.—Nominally steady with week ago; receipts practically all on contract.

PORTLAND, Ore., Feb. 11.—Eggs about steady. Current receipts 22½¢; pulled 21½¢; first 23½¢; best 23½¢; 24¢ delivered Portland.

Pruning tools at Wharton Bros.

SUMMONS
In the Circuit Court of the State of Oregon for the County of Douglas.
W. E. Burns, Plaintiff, vs. W. M. Cavanaugh, Defendant.
To Samantha Cavanaugh, Defendant.

You are hereby required to appear and answer the complaint of the plaintiff herein filed against you in the above entitled court, on or before the last day of the time prescribed in the order for publication of this summons, to wit, which period of time is six weeks from the 14th day of Feb. 1925, that being the day of the publication hereof, and if you fail so to appear and answer said complaint, the plaintiff will apply to the court for the relief prayed for in his complaint, for a decree of foreclosure of the mortgage upon the real property described in plaintiff's complaint, and hereafter more particularly described in the order for publication of this summons.

In Douglas County, Oregon, being the west half of the northwest quarter and the southeast quarter of the northwest quarter of section thirty-four in township twenty-four north range six east of the Willamette Meridian Oregon, containing one hundred and twenty acres.

This summons is served upon you by publication thereof in the Roseburg News-Review, a daily newspaper published at Roseburg, Douglas County, Oregon, pursuant to an order of the Hon. J. W. Hamilton, Judge of the above entitled court, made on the 12th day of Feb. 1925, and the contents of this summons and the date of the first publication of this summons in the 14th day of Feb. 1925, as shown by the certificate attached hereto, will be made on the 25th day of March, 1925.

THOS. BROWN,
Attorney for Plaintiff, 215 Oregon Building, Salem, Oregon.

CLYDE LAUGHEAD TRANSFERRED TO AGENCY AT ALBANY.
C. W. Laughhead, manager of the local agency of the Pacific Fruit and Produce company, has been transferred to Albany, and is leaving tomorrow to take up his duties in that city. Mr. Clyde Hatfield who has been employed here for the past year with the company, will take Mr. Laughhead's place as manager of the agency. Mr. Laughhead has been a resident of Roseburg for a number of years while serving with the fruit and produce company, and his friends regret his departure, although pleased with his advancement. His family will remain in Roseburg until the end of the present school term.

B. R. Richter, the Camas Valley merchant, was a Roseburg visitor today.

INSURANCE
You maintain a reserve fund to help you weather a financial trial.
Get more frequent and unexpected are the crises brought about by accident, by fire, by theft. They all mean loss unless you have the right kind of insurance, the reserve fund that enables you to get the best of the unexpected. Have you?
