Solve this puzzle by comparing the synonyms listed in the "Horizontal" and "Vertical" columns with the number of spaces extending crosswise or downward on the diagram, as the case may be if a word occurs to you meaning substantially the same as the synonym and the correct number of letters to fit in the spaces between its number and the first shaded stop following, write it in lightly. Work away the small words, the "easy" words, first, and they will give you plenty of cluss to the idifficult ones.
