

**\$6.60**  
to \$14.30 Down  
**The Balance in Easy Monthly Payments**

The new De Laval—the world's best separator—is now within the reach of everyone in this community. You can buy a De Laval for as low as \$6.60 down, with small monthly payments of \$3.96 a month for 15 months, larger sizes in proportion.

The saving made by the De Laval over hand skimming or a worn-out or cream-wasting separator, should about equal the monthly payments. In this way it will pay for itself.

You will get a machine that skims cleaner, lasts longer and is easier to operate than any other separator—the experience of two and a half million owners proves it. The new De Laval with its self-centering bowl, light running qualities, greater convenience and all around superiority is even better than the old machine, and that is saying a great deal.

No matter how long you may use a De Laval you can always get service and repairs.

With such easy terms you really can't afford to be without a De Laval. You pay for it whether you use it or not. Let us demonstrate a De Laval on your own farm or call in and talk the matter over with us.

**OLD RECORDS OF POST OFFICE IN CITY SHOW GAIN**

Postmaster Discovers First Money Order Record Book of Office.

**BUSINESS WAS LIGHT**

Many Early Residents of City Listed in Ledger—J. S. Fitzhugh Was Postmaster.

In searching through the old post office records a few days ago, Postmaster Hehlman discovered the first record book ever kept in the local post office, and many interesting entries were discovered.

The book was dated May 23, 1867, at which time J. S. Fitzhugh was postmaster. The first post office money order was issued on that date, David Bushey being the remitter. During the month of December 1867 the business of the post office amounted to \$223.

Some of the early residents, whose names appear upon the books, were William R. Willis, Binger Herman, George Haynes, Thomas P. Sheridan, William E. Thornton, George W. Hoover, Stephen P. Chadwick, Addison R. Flint, Hardy C. Stanton, Virgil Conn, William C. Winton, Dr. S. Hamilton, Robert Booth, John Alken, Aaron Rose, J. F. Watson, and Harrison Rice.

During the first year the post office issued 595 money orders. During the month of December of that year there are 11 money orders issued, while ten years later there were 810 money orders during the year. These figures are interesting in comparison with present day business of the office.

During 1923 the Roseburg post office issued 21,902 money orders and during 1924 a total of 24,943, a gain of 2,040. The daily average is in excess of 320.

During the month of December 1923, the post office issued 2,358 money orders amounting to \$22,026.02, and at the same time paid 750 orders amounting to \$11,346.79. In December 1924, there were 2,683 money orders issued, totalling \$23,087.67 and 767 orders paid, amounting to \$10,611.85. Twenty of these money orders were for foreign countries, and these totalled \$432.19.

Mr. Hehlman's report for the month of January this year, shows \$19,325.00 worth of war savings stamps redeemed.

The report for the past year, which has just been completed, shows that the Christmas rush in 1924 was the biggest in the history of the office.

Between Dec. 15 and 31 the office stamped 84,814 letters and cards, not including the odd sized ones which had to be stamped by hand.

Between the 15th and the 18th, the average number of letters and cards amounted to about 4,200 daily. On the 19th there were 4,799 cancelled, and on the 23rd this had jumped to 21,323. The biggest day was the 31st with 25,698.

During this same time the office was handling thousands of letters and cards, not counted, because they were cancelled by hand, instead of being put through the cancelling machine.

The package mail during the past Christmas rush was also the heaviest ever known.

**THIS WOMAN'S REMARKABLE RECOVERY**

Entirely Due to Lydia E. Pinkham's Vegetable Compound

Forest City, Iowa.—"My first child lived only a short time and I was sick for a year after. When I became over and raised myself up again I could almost scream with pain in my back. One day I was so bad that I had to leave my washing and get ready to go to the doctor. He gave me medicine but it did no more good than if I drank just water. Once when we had been in town a little back I told about Lydia E. Pinkham's Vegetable Compound was left in our car. I have taken five bottles of the Vegetable Compound now and I do all my housework and help with the milking and taking care of chickens and garden. Besides I have a fine baby girl eight months old, just the picture of health and I am feeling fine myself. You may use this letter as a testimonial and I will answer any letters asking about the Vegetable Compound."—Mrs. OSCAR F. BOGELIN, Route No. 3, Forest City, Iowa.

goodly number have been cleaned up, filled up, and built up in the most holy faith of the gospel. The Army believes in the "old time religion" that deals with the practical as well as the spiritual needs of humanity. Yesterday a mother and her little children came to get clothing and shoes and incidentally were fed at the Army table and sent on their way rejoicing. But the great work of the Army, according to its leaders, is to get men and women into the experience of real salvation through faith in Jesus' cleansing blood. The meetings are being greatly blessed of God. Last night the Army was graced with the presence of the Rev. Joseph H. Knott, pastor of the First M. E. Church. At the close of the message by S. W. Scott, the Scotch evangelist, a young lady, and a man and wife knelt at the mercy seat. The audience was not so large as it has been but a good attendance is expected tonight to hear the message, "How to Become a Son of God."

**KING GEORGE HAS ATTACK OF THE FLU**

(Associated Press London Wire.) LONDON, Feb. 17.—A bulletin issued at Buckingham Palace this afternoon said that King George was suffering from an attack of bronchitis due to influenza. Despite a restless night, it added, his general condition was satisfactory.

The bulletin was signed by Lord Dawson, physician extraordinary to the King, Sir Milson Rees, and Sir Frederick Stanley Hewitt. The fact that they visited the Palace this morning raised fears that the King's illness was worse than had been thought. It was pointed out, however, that these physicians invariably have a consultation when the King's condition is anything but normal, and the issuance of the bulletin allayed the uneasiness.

It is understood the indisposition is taking its normal course and the fact that Queen Mary has decided to attend the concert at Albert Hall this evening to hear Paderewski, who is playing for the British Legion, is taken to indicate that there is nothing seriously the matter with his majesty.

The Prince of Wales came into town from the hunting center of Melton Mowbray, visited the palace and remained for luncheon.

**NAMES**

You meet Mr. Howard and Mr. Walters in a gathering. Their names are to you but two of many you hear.

A few days later you meet Mr. Howard again. And again. He becomes a friend, and perhaps an intimate in your social as well as business life.

Mr. Howard's name grows to mean a lot to you. Mr. Walters is rarely seen again and soon forgotten.

In this newspaper are other names—names of advertised products. Day after day you see them. They are like old friends—to be trusted. Their names mean economy, full value and integrity.

The unadvertised products—perhaps you see one in a store—or in a friend's home. Soon the name is forgotten—a stranger about whom you know little.

Fill your medicine closet, your pantry, your wardrobe with products whose names are guarantees of their integrity—advertised products. Like intimate friends—you know what they are and will do.

READ THE ADVERTISEMENTS TO KNOW THE NAMES THAT ARE WORTH KNOWING IN THE MARKET PLACE.
