Allowed Damages

FOR CARELESS FIRE

(Associated Press Local Wire.) MEDFORD, Ore., Feb. 18.—In findings filed in the circuit court by Circuit Judge Walter H. Evans of Multnomah county, M. D. Olds, timber capitalist and former owner of the Medford logging railroad, is allowed \$2500 damages against William Von der Helten, contractor, and Eugene Metz, truck driver. The damage suit grew out of the burning of the Seale Point depot August 13th, 1922. Von der Helten used the depot as the storage place for oil and gasoline for work on the Trail-Blaze section of the Crater Lake Highway. Negligence on the part of Von der Helten and Metz was charged by Olds, who in the original complaint sued the state highway commission, the state engineer and three other truck drivers.

HOUSE DETECTIVE

INJURED IN FALL

(Associated Press Local Wire.) SPOKANE, Wash., Feb. 19.—Mrs. Anna Galusha, house detective for a large department store here, was reported by her physicians today as having good chances for recovery from injuries she received last Wednesday when she was thrown or fell down a flight of stairs in the store following an altercation with a supposed woman shoplifter. Her injuries are not so serious as first reports indicated, the doctor said.

Police detectives assigned to the case today discredited the theory that Mrs. Galusha was thrown down the stairs, as women clerks in the store believed. The officers said they believed the detective slipped and fell, and that the woman under suspicion probably had not touched her at all.

The police were without a clue in the suspected shoplifter, except for a description given them by store employees which they said might fit any number of women.

MOONSHINERS AND HIJACKERS BATTLE

EVERETT, Wash., Feb. 19.—As the result of what the authorities term as a battle between moonshiners and hi-jackers, Albert Kimball of Anacortes is dead and a brother, Dean Kimball of Anacortes and Roy Thompson are in a Sackholm hospital seriously wounded. The shooting affray took place at midnight last night on a farm three miles from Sackholm occupied by Thompson and a companion. The county coroner who investigated, says the place contains a large still.

PORTLAND, Ore., Feb. 19.—The advance in the egg market has been checked temporarily. Prices on the exchange today range from a half to one point lower on all grades. Extras are back to 20 cents; firsts are quoted at 23 cents and pullets at 25 cents. Current receipts are down to the 25 cent level only.

Storage operations to date have been limited with most of the operations planning on putting stocks in the coolers at 27 to 28 cents. There is a good demand for fancy eggs at this time, although receipts continue liberal.

Weakness in outside markets with a narrower shipping outfit is partly responsible for the decline today.

The local butter market continues firm at the recent advance. Most of the butter makers can handle more cream than is being shipped and holding in the country for late in season. Prices are high as 46 and 47 cents are reported as compared to a 44 cent quotation for butter fats delivered at Portland.

Cases are steady on the exchange with standards quoted a half cent higher than extras at 42 cents. The half cent advance on standards is the only change on the local board.

Live heavy hogs are hard to move. The trade seems to be pretty well filled up and commission houses are disposing of their heavy hogs to the packers at 21 cents. Light hogs continue in brisk demand at 17 to 18c. Other lines of poultry are unchanged.

U. OF O. CANCELS WITH S. CALIFORNIA. UNIVERSITY OF OREGON, Eugene, Feb. 18.—(Special)—The basketball game between University March 2, was called off today, it was announced by Jack Benefield, graduate manager. Two outstanding factors necessitated the action, Benefield explained. In the first place, when the game was first scheduled, it was not realized that it would be within the period when all social activities and athletic games are banned on week nights because of proximity to examination time. That period starts on a Monday two weeks before the exams. Recently there has been strong objection from some members of the faculty to having games on week nights. In fact, a motion was introduced by one of its members to bar all athletic events on any night except Friday or Saturday. It was felt by the students that should the game be played with Southern California it would serve to add support to the proponents of the measure; especially as it would come within the banned examination period.
