DETECTIVE W. J. CONLEY AND THE FORMER SPYMASTER

COTTON STATES TO OPPOSE TAX BILL

(Associated Press Leased Wire.) ATLANTA, Ga., Feb. 19.—Several other southern states are expected to join Georgia, Florida, North and South Carolina today in a concerted opposition to the passage of several western and middle western states of legislation alleged to be discriminatory against cotton-seed oil products.

A call for governors of ten southern states to cooperate in presenting a solid front against the passage of measures, which it is said would tax oleomargarine and other cottonseed oil products in a manner which would be discriminatory, has been sounded by Governor Angus W. McLean of North Carolina.

Governor Walker of Georgia announced upon receipt of a message from Governor McLean that he expected to confer with the Georgia commissioner of agriculture to determine what steps would bring best results, and offered the suggestion that if they boycott us, we might retaliate by boycotting them.

Governor Martin of Florida called upon the Florida delegation in Washington to aid in urging senators and representatives from the states in which such legislation is said to be pending, to use their influence to prevent its passage.

The passage of such measures, he felt, would interfere with the cordial relationship between the cotton producing states and those of the west and mid-west in addition to the bringing of economical hardships to the southern states.

Wisconsin, California, Idaho, Indiana, Missouri, Nebraska, Oregon and Utah are named as the states in which such legislation is pending.

Spelman, varsity line coach, resigned, at a meeting of the athletic committee last night.

The appointment of Williams as varsity line coach leaves a vacancy in the position of freshman mentor. Among the men mentioned as possible candidates for that position are Moe Sax, former Oregon star and coach of the sensational Lincoln high school team in Portland last year; Spike Leslie, former Oregon line man and present coach of the Eugene high school team; and Prince (Pink) Callison, former Oregon center, coach at Medford high school.

Banker's Wife Advises Roseburg People

"I had stomach trouble so bad everything I ate soured and formed gas. Was miserable until I tried Adierka. This helped the first day." Adierka helps any case gas on the stomach unless due to deep-seated causes. The QUICK action will surprise you. Because Adierka is such an excellent intestinal evacuant it is wonderful for constipation—it often works in one hour and never gripes. Nathan Fullerton druggist.

TRYING TO MATCH HERMAN-NICHOLS

(Associated Press Leased Wire.) ST. PAUL, Minn., Feb. 19.—Efforts are being made to match Babe Herman, Pacific coast fourth-weight title contender, and Jack Nichols, of St. Paul, it was announced here today by Jack Reddy, fight promoter.

Reddy wishes to have them box here March 2.

Herman meets Bobby Garcia in New York, Friday night, and then expects to go to the far west.

CHOOSING THE RIGHT HAT VERY IMPORTANT

Mrs. C. H. Davies of The Vogue, who has just returned from Portland reports that she has never seen so bewitching an array of beautiful hats.

Whatever thought we apply to the term "millinery" must in the case of millinery become exquisitely artful, for now as never before the wares of the milliner are indeed those lovely bits of finery which long ago won the heart of woman and now that of man as well.

Mrs. Davies says that the term "millinery" comes from the word Milanese, an inhabitant of Milan, and was originally used to designate one who imported women's finery. The term applies as well to the one who deals in hats and bonnets, but with the real beauty to be found in the present day shop windows, we may include all within this scope.

That modern millinery is feeling the influence of the great masters, we find on every turn for now the designer—that group who decree to remain amid the grind and the din of sky scrapers, but they have sought out the art galleries here and abroad for inspirations.

It so happens that this season bids us wear those shades of Spanish and Moorish beauty, and that this might have an authentic value, there has been months and months of study of the collections of the Spanish museums.

It so happens that this season bids us wear those shades of Spanish and Moorish beauty, and that this might have an authentic value, there has been months and months of study of the collections of the Spanish museums.

Mrs. Davies truly says that time was when a hat was a hat—now it is a study. And while the head covering has been of interest to the wearer and she who beheld it, there is today a definite value in the artistic worth of the milliner's production.

The great importance of women's more thoughtful dressing today, has been a great stimulus to better millinery, for the hat which once met the need of every hour of the day and evening is now quite obsolete.

The truly well-dressed woman should have a sport hat for sports clothes, then a larger hat for town and receptions, and a clever smaller hat for dinner, dances and so on.

The milliner who is a real artist has in this day a vast opportunity for expression, for with the varying types of faces which must be fitted, the hat "made" a hat for each individual and something entirely different from the one before—a hat which in truth will be the crowning glory of the woman's costume.

Spring and summer millinery on display at The Vogue Thursday, Feb. 19. The Vogue Pattern Hats will be a feature in the showing of spring and summer millinery at The Vogue, Thursday, Feb. 19.

A \$10 Tax On Motor Oil

That's what you pay each year—purely for prejudice—you who prefer eastern to western motor oil.

The only difference between the two is that of price. The western product costs less for two reasons: First, volume production. Second, low freight rates.

All motor oils have one thing in common—carbon. There are two kinds of carbon. All motor oils deposit one kind or the other.

One is hard and gritty. It clings and stays. It is an abrasive. It causes wear and loss of power. It requires frequent removal which means lost time and expense.

Not so with Aristo Motor Oil—a product from the finest western crude.

The residue from Aristo is soft and fluffy. Most of it blows out with the exhaust. It cannot scratch or wear. Your motor runs thousands of extra miles without a sign of carbon if you use it. Users testify to 10,000,—20,000—50,000 miles.

Aristo is a perfect lubricant—the product of one of the largest and best equipped refineries in the world. That is quality insurance.

Use Aristo regularly if you want protection, and less carbon trouble, at a minimum of cost. You can pay twice as much for "Eastern," and not get as good an oil.

Union Oil Company of California Also Producers of Union Gasoline ARISTO Motor Oil BEST ALL WAYS

KING GEORGE IS GREATLY IMPROVED

(Associated Press Leased Wire.) LONDON, Feb. 19.—A bulletin issued from Buckingham palace this morning said: "His Majesty passed a better night. His progress, though slow, is satisfactory."

It is understood that no further announcement regarding the king's condition will be made today.

Confidence that his illness from bronchitis is progressing normally and that there is no ground for anxiety was expressed. Everything which can be learned supports the official statement that the present medical supervision is largely precautionary and that the king's condition is not serious.

Getting Too Fat? Try This—Reduce

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating on or readily convertible, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., General Motors Bldg., Detroit, Mich. By doing this you will be able to reduce steadily and easily and pleasantly, without starvation diet or strenuous exercise. Start taking them today and get slender.

DRAIN NEWS

Mrs. J. Hantish has been ill with grippe.

SPLENDID SALVATION ARMY SERVICES CONTINUE

In spite of the many worldly attractions to lead the inhabitants of Roseburg away from God, there are still a goodly number of people attending the Salvation Army Revival to hear G. W. Scott, the Scotch singing evangelist, sing and preach the "old time Bible salvation" from all sin through Jesus' cleansing blood. The sermon last night was the most powerful of the entire series of good sermons, and as on the preceding evening, at the close of the message, a young man, a soldier, came to Jesus. The sermon tonight should be of unusual interest to the ladies as the subject will be "What a Certain Woman Did." The men will be admitted to this service if they will be willing to take "a back seat." A record attendance is expected. There will be a special solo. The two o'clock Bible lectures continue to be a blessing to all who attend. All are requested to come early and get a good seat. CORRESPONDENT.
