FARM BUREAU COOPERATIVE EXCHANGE

ROSEBURG—OAKLAND

BUYING AGENCY IS PLANNED BY STATE CO-OP CONCERNS

At a meeting held at the Douglas National Bank yesterday the farmers cooperative of southern Oregon discussed and took steps leading to the formation of a consolidated purchasing agency. The proposed agency would handle a volume of over a million dollars a year calculated on the present business of the firms represented.

The meeting was called by C. E. Banning, manager of the Douglas County Farm Bureau Cooperative Exchange, and was attended by E. E. Morrison, manager of the Lane County Farmers' Union; Mr. Spencer, manager of the Grangers' Eugene Warehouse; Mr. Gordon, manager of the Josephine Farmer's Cooperative Association; Mr. Daugherty, manager of the Jackson County Farm Bureau Cooperative Exchange; Mr. Jordan, secretary of the Lane County Farmers' Union.

All present were decidedly favorable to the proposed agency, and Mr. Morrison was selected as chairman of a committee to prepare a plan for submission to the directors of the different cooperatives.

The representatives also discussed the extension of the cooperative activities in the state and also went on record as favoring the 10 per cent fiber dairy law, a law which provides for a standard of dairy food.

Sassafras Bark and Sulpur and Cream of Tartar Lozenges at the "Pioneer Drug Store," Lloyd Crocker.

GLIDE GRANGE WILL HOLD FAIR IN SEPTEMBER

The regular meeting of the Glide Grange was held Saturday evening with a large attendance. The Master appointed the following officers of the 1925 Community Fair to be held at Glide in September: General Chairman John Alexander; Directors, B. J. Strum, P. S. Hinkley, Mrs. Lillie Everts and J. C. Hovinsalon. Plans are being laid for the biggest and best fair yet held in this district.

After a lively discussion of the rapid increase of digger squirrels in the country and the damage done by them a committee consisting of O. G. King, John Alexander and Ed. Everts was instructed to confer with the County Agricultural Agent and organize a poisoning campaign to commence the first of March and cover a district large enough to remove all danger to the growing crops of this community.

Following the suggestion of the Teachers Association at their Zone Meeting in Roseburg, the Grange singers under the leadership of Albert Everts, are trying out the various Oregon songs to determine what, in their opinion, would be the most appropriate for adoption as the official State song.

An interesting program was prepared by the Lecturer which included a number of recitations by the children of the Grange and a roll-call to which the women responded by giving quotations from Washington and the men by telling anecdotes and stories of Lincoln.

Old fashioned bread and milk both incorporated in a nut brown loaf. GRIMM BROS. MILK BREAD, Phone 133.

WELCOME A CONFERENCE.
(Associated Press Leased Wire.)
LONDON, Feb. 19.—The Daily Sketch says that foreign Secretary Chamberlain if he wished, might have added to his statement in the House of Commons yesterday that American Ambassador Kellogg was taking a message from Mr. Chamberlain to President Coolidge, stating that Great Britain would welcome American initiative in calling a new armament conference.

This message, the paper adds, suggests that the government recognize that the Geneva protocol and its corollary, the proposed armament conference under the auspices of the league of nations, are to all intents dead.

For concrete work call Taylor, 113 No. Flint St. Tel. 225-R.

One Wife on Approval

by VIOLET DARE

WHO'S WHO AND WHAT'S HAPPENED

CYNTHIA LELAND'S husband, Jim, has gone to Honolulu shortly after their marriage, following a misunderstanding with his wife, and has taken his mother with him, leaving Cynthia to face the disapproval of her sister-in-law.

LOUELLA, and all her world, Cynthia turns to. CECILIE MALCOLM, leader of the town's gayest set, and accepts the friendship of.

NOEL GARDNER, the town's black sheep, going with them to a mid-winter house party at Cecilie's mountain cabin.

TODAY'S INSTALMENT
XLIV—A CRUEL SHOCK

CYNTHIA arrived in San Francisco late in the afternoon. She had not realized that there would be no one to meet her at the station, riding across the bay in the ferry she had somehow expected that her husband would welcome her.

Of course, he had said that he was in the hospital—yet she had thought that possibly he might be able to meet her; if he had been seriously ill surely he would have informed his family of the fact.

But there was no Jim to single her out of the crowd of arriving passengers. Made doubly lonely by the fact that all about her other people's friends and families were welcoming them, she gave her hat to a porter and followed him to a taxi.

"St. Peter's Hospital," she told the driver, and sank back in a corner of the seat, to stare out at the unfamiliar streets through which they passed.

She was eager to see Jim and find out what he wanted to do about the situation that had arisen between them since his departure for Honolulu. Over and over she told herself that it must be his mother who was ill—that it couldn't be Jim or his family would have known. His mother would have let them know, even if Jim hadn't wanted to. And yet—

Hospitals had always frightened Cynthia, as she stepped out of the cab she looked up at the grim white walls that she had waded through in her heart. If it should be Jim who was sick—what would she do then?

She went slowly up the steps across the hall and into the waiting room. Perhaps Jim would be there. She had never had a bad time of the time of her arrival.

Not there was no Jim; only a painfully competent young woman who looked at her questioning.

"I want to see—that is, Mr. James Leland a patient here?" she asked.

The young woman glanced at a book that lay on her desk.

"Yes—here in room 709," she answered.

"Is he—may I see him?" It was Jim, then, who was ill!

Just a moment! Jim was ill—then, she had waded down the desk, and down expertly to the switchboard. Cynthia's heart sank.

PROMISE A LOAN TO AID FRENCH

(Associated Press Leased Wire.)

PARIS, Feb. 19.—Promise of a \$100,000,000 loan for the improvement of French finances and the devastated region to be floated in the United States as soon as the budget is definitely balanced and voted, was one of the remedies for France's troubled financial and economic situation advanced by Finance Minister Clementel in an address before the Chamber of Deputies today.

M. Clementel gave no details and refrained from saying whether or assurance of the loans which through the Morgau group which handled all the French financing operations in the United States.

He limited himself to the simple declaration: "M. Loucher, (former French minister of commerce) has advocated a foreign loan. We have the promise that when our budget is definitely and finally voted and balanced, one loan of \$100,000,000 for the French treasury and another of \$50,000,000 for the devastated regions will be issued in the United States."

GRIMM BROS. MILK BREAD delivered to all parts of the city. One loaf for you and no other will satisfy. It's wholesome. It's pure. It costs no more. Phone 133.

NOTICE TO EXTERMINATE GROUND SQUIRRELS

Every person, firm, copartnership, company and corporation owning, leasing, occupying, possessing or having charge of or dominion over any land, place, building, structure, wharf, pier or dock which is infested with ground squirrels, or as soon as the presence of same shall come to his, their or its knowledge at once proceed and continue in good faith to exterminate and destroy such rodents by poisoning, trapping or other appropriate and effective means.

The following poison for the extermination and destruction of such ground squirrels is hereby recommended, to-wit: Strychnine (Alkaloid) used on either barley or wheat, (barley preferred), mixed according to the following formula and manner:

Barley, clean grain 16 quarts; Strychnine (Alkaloid) 1 ounce; Bicarbonate of soda (baking soda) 1 ounce; thin starch paste 3-4 pint; Heavy corn syrup 1-4 pint; Glycerine 1 tablespoonful; Saccharine 1-10 ounce.

Mix thoroughly the 1 ounce of powdered strychnine (Alkaloid) and 1 ounce common baking powder. Stir this into 3-4 pint of this hot paste and stir to a smooth creamy mass. (The starch paste is made by dissolving 1 heaping tablespoonful of dry glucose starch in a little cold water, which is then added to 3-4 pint of boiling water. Boil and stir constantly until a clear thin paste is formed.) Add 1-4 pint heavy corn syrup and 1 tablespoonful of glycerine and stir thoroughly. Add 1-10 ounce of saccharine and stir thoroughly. Pour this mixture over 16 quarts of clean barley and mix well so that each grain is coated.

From March 1st until May 31st will be the most effective time to poison and destroy the digger squirrels as they have recently emerged from their hibernation and will take the bait readily.

The county agent, cooperating with the county court has a quantity of the poison bait prepared and same is now on sale to the farmers or persons interested at actual cost, and this bait may be had by applying at his office in the federal building, Roseburg, Oregon, or at other central points in each community.

If any person shall, within thirty (30) days from the first publication of this notice, fail to begin in good faith to exterminate, eradicate, and destroy, according to the method aforesaid, or by any other effective means said ground squirrels herein designated, the county court of Douglas county, Oregon, will appoint a person or persons to proceed with the extermination and eradication of such ground squirrels, and the cost thereof incurred will be assessed to such land, building, wharf or dock, and unless paid, will become a lien against the same, for the extermination of said ground squirrels.

This notice is published pursuant to the statute in such case made and provided that publication shall be had for two consecutive weeks or three issues, and all persons described therein are required to take notice thereof.

Dated and first published this 12th day of February, 1925.
B. W. CONNEY,
County Agent of Douglas County, Oregon.

NEW PROPELLER IS BEING DEVELOPED

(Associated Press Leased Wire.)
SEATTLE, Wash., Feb. 19.—Development at the University of Washington of a new type of propeller that may revolutionize marine and aircraft propulsion was announced here today by F. W. Kirsten of the university faculty.

Professor Kirsten said the propeller has undergone tests for three years. The device was described as resembling an old fashioned waterwheel, consisting of a number of blades projecting from a central club. In marine use these blades project vertically from the bottom of the craft and

their angle changes automatically as they revolve so that they are always at an angle of greatest efficiency.

Advantages of the new type of propeller in marine use insure greatest efficiency, increased ease in maneuvering and greater protection for fighting ships attacking under fire of coast artillery, according to Professor Kirsten, for aircraft it means greater ease in rising and landing and, on dirigibles, the propeller should enable the airships to enter and leave hangars without aid, he said.

GLORIA SWANSON OUT OF DANGER

(Associated Press Leased Wire.)
PARIS, Feb. 19.—Unless complications set in Gloria Swanson, motion picture star, is out of danger, her doctors said today. Operated on Tuesday night, she is progressing favorably and may be able to leave the hospital within a week.

Marquise de la Palaz de la Courdry, her husband, was cheered by reports from the bedside and said he hoped they would be able to leave for New York on March 4.

She is said to have narrowly escaped acute peritonitis, the substitution of a common drink in time.

NOW DOES ALL HER WORK

Has No Backache, No Bad Feelings Because Lydia E. Pinkham's Vegetable Compound Drove Her Illness Away

Milwaukee, Wisconsin.—"I was in a badly run-down condition and I would get weak spells and terrible headaches. I felt so badly last year that I could not do any housecleaning. The minute I would lift or stoop it seemed as if I was going to fall to pieces. I told a neighbor how I felt and she said that Lydia E. Pinkham's Vegetable Compound was surely the right thing for me. I took four bottles then and in the fall of the year I took three. I had been treated by a doctor but he gave me an iron tonic and that did not help me. It seemed that the tonic did not have in it what the Vegetable Compound did. That gave me the strength and ambition I need and I have gained in weight. This year before I started to clean house I got four bottles of the Vegetable Compound and am taking it right along. I tell all my friends about it and how much good it does me. They can notice it because I have gained in weight. I weigh 118 now and do all my work myself again." Mrs. EMIL O. BRANDENBURG, 651 37th Street, Milwaukee, Wisconsin.
