## WOMAN DRINKS LYSOL TRYING TO END HER LIFE

### North Roseburg Woman Attempts Suicide in Fit of Despondency.

#### CONDITION IS SERIOUS

Effort to Break Old Habit  
Caused Nervousness and  
Depression According  
to Husband.

Mrs. Sam Heinken, a resident of East 6th street, today attempted suicide in a fit of despondency. According to her husband Mrs. Heinken has been endeavoring to break herself of the habit of using snuff, and the ending of the habit caused her to become nervous and despondent. This morning she drank a large quantity of lysol, and became unconscious within a few minutes. Although efforts to save her life were promptly made, it is feared that she will not survive the suicide attempt.

According to Mr. Heinken his wife has been a user of snuff for several years, and that she has made frequent attempts to break herself of the habit. On each occasion, however, she has been left nervous and despondent. She has also been subject to spells of heart trouble and sickness, so that these spells of despondency became of a serious nature.

This morning, he states, she appeared to be suffering from greater mental depression than usual.

"Sam, I wish you would stay home today," Mr. Heinken says his wife requested.

Mr. Heinken is employed at the Roseburg Ice company plant and has worked only every other week, so that he says he felt that he could not afford to stay at home.

"I was just getting ready to leave the house," the husband said, "when I heard a peculiar cough and gasp. Then I saw her (Mrs. Heinken) holding a cup in her hand and kind of weaving back and forth. I knew what she had done and got her in on the bed and then tried to get help."

Mr. Heinken called Mrs. Phillips, who resides next door, and she immediately responded, and together they gave antidotes, to counteract the poison until the arrival of Dr. Hoover, who at once took steps to remove as much of the poison as possible, and give remedies to save the woman's life if possible.

Although suffering intensely this morning, Mrs. Heinken still insisted that she wanted to die, and during periods of consciousness begged those attending her not to attempt her cure.

The poison burned her very severely, Dr. Hoover reported and except for the prompt work of her husband and the neighbors she doubtless would have died before he reached her.

Her condition is very critical and she may not survive the attempt, it is stated.

Mrs. Heinken's daughter, Mrs. George Berry, has been called from Cottage Grove where she has been employed since leaving this city a few months ago.

#### DECISION IS REVERSED

(Associated Press Leased Wire.)  
WASHINGTON, Feb. 24.—By a vote of 5 to 1 the house military aircraft committee today reversed its decision of last Saturday and decided to reopen hearings next Thursday. The only explanation of today's action given by committee members related to committee finances. It was said that instead of having emptied its war chest, as previously supposed, the committee was found to have more than \$2,000 left for expenses.

## Alaskan Towns Are Shaken by a Series of Earthquakes Which Do Great Deal of Damage Along Line

(Associated Press Leased Wire.)  
ANCHORAGE, Alaska, Feb. 24.—Towns along 468 miles of the Alaska Railroad were rocked yesterday by one of the most severe earthquakes ever experienced by Alaskan pioneers, according to reports received last night and today. Chimneys were wrecked, water pipes were broken and a Seward to Valdez cable cut in two by the tremors.

Two distinct shocks were felt here, the second being the hardest. They were accompanied by deep rumbles. Dishes were broken in homes and patients in the local hospital thrown from their beds. The public school was dismissed.

At Seward, 114 miles southeast of Anchorage, at one terminus of

## EDDY SAYS MAKER IS CZAR

(Associated Press Leased Wire.)  
STATE HOUSE, Salem, Feb. 24.—A fight put up by Senators Joseph and Eddy Monday caused house bill 465, by Representative Pierce, to be referred to the fisheries committee of the senate when it came up for final passage.

The measure is a code bill and among other things authorizes the employment and licensing of alien fishermen at the mouth of the Columbia River and changes the fishing season in various streams.

Eddy discovered that a change was made the Umpqua river season. He notified the committee for not consulting him about that feature of the bill and charged that the committee had listened to one voice, that of Carl D. Shoemaker, asserting that Shoemaker was a czar who insisted that his voice should be the law.

Senator Staples, chairman of the committee, said the Umpqua fishermen had been heard and that Shoemaker did not appear.

Senator Rittner moved that the bill be re-referred so that Eddy might be heard.

## YONCALLA MAN IS HIT BY AUTO

### George Gowan Struck by Car Driven by Leverage Dryburgh.

#### TAKEN TO HOSPITAL

Found to Be Suffering From  
Internal Injuries as Well  
as Gashed Ear and  
Bruises.

George M. Gowan, of Yoncalla, was badly injured this morning, when he was struck by an auto driven by Mrs. Leverage Dryburgh, of this city.

Unless the internal injuries received by Mr. Gowan are more serious than is now expected, he will recover from the accident.

Mrs. Dryburgh was traveling south on Jackson street in front of the Umpqua hotel, when Mr. Gowan, according to witnesses, stepped out from between two cars and started across the street directly in front of the oncoming machine. He apparently became confused and was unable to dodge the car. He caught at the front light, but was thrown underneath the machine.

He was carried to the office of Dr. H. B. Stewart, where it was found that one ear had been torn and that his head had been gashed, and that he was suffering from internal injuries. He was removed later to Mercy hospital, where he will be cared for until the extent of his injuries has been determined.

It is believed that his internal injuries are not serious, although in a man of his age he may be more seriously hurt than now thought.

He came to Roseburg this morning with his son-in-law, B. B. Fleckenstein, of Portland. He formerly resided in Portland, but now lives at Yoncalla about a year ago. He is a veteran of the Civil war.

#### APPOINTED SECRETARY.

(Associated Press Leased Wire.)  
WASHINGTON, Feb. 24.—John H. Edwards, former speaker of the Indiana house of representatives, has been selected by President Coolidge as assistant secretary of the interior.

The Alaska Railroad, chimneys of residents were wrecked and water pipes were broken. Residents scurried into the streets for safety.

The large damage was the breaking of the Seward end of the United States Signal Corps cable to Valdez, 200 miles northeast of Seward, at the northern end of Prince William Sound.

Midway between Seward and Anchorage the Alaska Railroad's water tanks at Morraine were damaged by the tremors.

At the other terminus of the railroad, Fairbanks, no damage was reported although office buildings and homes were rocked.

The tremors lasted for a half minute at Seward to a minute at Fairbanks.

## CAST OF JUNIOR PLAY SAID TO BE WELL SELECTED

High School Class to Present  
Interesting Comedy  
Thursday, Feb. 26.

#### PLOT IS CLEVER

Humorous Lines and Situations  
Combine to Make  
"The Hottentot" Mirth-  
Provoking Production.

According to those in charge of its staging "The Hottentot", which is to be presented by the Junior Class on Thursday, Feb. 26, it is particularly adapted to high school production.

It is a wholesome, up-to-date, American comedy, written by Victor Mapes. Its many clever lines and humorous situations are mirth provoking throughout the entire play.

There is nothing of the risqué about it. It is a play that the young thoroughly enjoy, as well as the person of mature mind, hence it is acted in a live, appreciative way.

The scene of "The Hottentot" is laid in a fashionable hunting community in New Jersey, where, in this automobile-crazed age, the love of good horses and race track still prevails as an all-absorbing interest.

Among these race enthusiasts are the Gilford, and Peggy Fairfax, a sister of Mrs. Gilford. Mrs. Chadwick and Sam Harrington come as house guests to the Gilfords. Peggy and Sam have met before in the west and had become deeply interested in one another. Peggy has read of Sam Harrington the great steeple chaser rider, and has jumped to the conclusion that this noted personage and her friend is the same person. Believing so she greatly admires and idolizes him.

Mrs. Chadwick, whose family has long been friends of the Harringtons, aids in strengthening the mistaken idea that their guest, Sam Harrington, is a wonderful rider, just because she wants them all to think well of him. As a matter of fact, Sam is very much afraid of horses, due to an accident he has experienced. Noted as being the fastest and most vicious race horse in the vicinity is "The Hottentot." How the perturbed Sam through desire to please his host and later for love of Peggy, is repeatedly forced to ride the Hottentot, is the story of the play.

Morrill Ritter as "Sam Harrington", carries the heavy leading role in capable manner, while Thelma Olmstead as "Peggy" Fairfax, portrays charmingly the vivacious, sports-loving American girl. The entire cast is striving to make the play a successful production. The play is being produced by special arrangement with Samuel French of New York, and royalty is paid by the Junior class for the right to use the play.

#### YOUNG WOOD IS IN NEED OF CASH

(Associated Press Leased Wire.)  
BIARRITZ, France, Feb. 24.—Osborne C. Wood, who turned up at San Sebastian, Spain, recently after a stop here on his way from Paris, where his unexplained departure last week had mystified his friends for a time, is making an effort from San Sebastian to arrange some financial matters which his friends here say have given him temporary annoyance but which they report the ex-army officer as expecting to adjust shortly.

Mr. Wood, they say came to the frontier near here Saturday and has had a talk with persons who went there from Biarritz and whom he asked to tell those interested that he was expecting funds from America to set himself solidly on his feet again.

PARIS, Feb. 24.—A dispatch to the Havas news agency from Biarritz this evening stated that a formal complaint has been lodged with the Biarritz police against Osborne C. Wood, son of Governor General Wood of the Philippines, in connection with the alleged issuance of a worthless check. It was added that the complaint would be transmitted to police department headquarters at Bayonne tonight and that it was expected a warrant would be issued there tomorrow or Thursday.

#### BURSUM DENIES CHARGES

(Associated Press Leased Wire.)  
WASHINGTON, Feb. 24.—Senator Bursum, republican, New Mexico, denied in the senate today charges now under investigation by the department of justice that he improperly used his influence before a government agency in connection with efforts to sell American cattle in Mexico in 1923.

## TRY TO ANNUL OIL CONCESSION

(Associated Press Leased Wire.)  
MOSCOW, Feb. 24.—The supreme economic council has entered suit in the Moscow district court for annulment of the Sinclair Oil concession in Saghalien on the ground of alleged non-fulfillment by the American company of the conditions of the contract.

Among the allegations, the government complaint declares the Americans failed to spend certain sums of money development purposes within the specified time. The case will be heard on March 1.

Replying to a statement made by D. Pyatt Koff, chairman of the Soviet concessions commission, the Sinclair representative, Soper, was quoted in a Moscow dispatch last Sunday as declaring that his company had not failed to observe the terms of the agreement, but that it was prevented from undertaking the work on Saghalien Island because of the unforeseen presence there of Japanese troops.

The Sinclair company, he added, intended to press its claims and select for development and oil outside that granted to the Japanese in the recent Russo-Japanese treaty.

## WIFE THREW ACID IN HUSBY'S FACE

(Associated Press Leased Wire.)  
HOLLYWOOD, Cal., Feb. 24.—Mrs. Darby Day today was unconscious from the effects of poison self-administered, her sister said, following the throwing of acid on the face of her husband Darby Day, Jr., at Beverly Hills yesterday. Her chances for recovery are very poor, hospital nurses said.

Day, son of the president of the Underwriters of America today was at the home of his mother in Beverly Hills with his face seared with acid but his condition was declared by his mother to "be satisfactory."

The acid throwing and poison dose yesterday followed a meeting of the couple which Mrs. Day's sister said she believed was for the purpose of effecting a reconciliation.

CHICAGO, Feb. 24.—Darby A. Day, Sr., father of Darby Day, who is threatened with blindness at Hollywood, Cal., as the result of his wife having thrown acid in his face, has called an airplane into service in his rush to be at his son's side.

He will go by airplane to Kansas City, Mo., where he hopes to connect with a fast western train and continue his journey to the coast by rail.

HOLLYWOOD, Cal., Feb. 24.—Darby Day, Jr., son of the millionaire president of the Underwood Writers of America and well known in Chicago, socialist, is in a Hollywood hospital suffering from acid burns which police say was thrown into his face by his wife, while physicians are attempting to save the life of his wife, who swallowed poison after throwing the acid. It is thought probable that Day will lose his eyesight.

According to police, the couple had been estranged for several weeks and when they met last night at the home of Day's mother, it was believed to be a move toward reconciliation.

Mr. Calkins Visits—  
S. M. Calkins arrived here Monday from Portland and spent the day on business. Mr. Calkins also visited with a few friends here. He returned to Portland this morning.

## JACK DEMPSEY MAY PUT GLOVES AWAY IN MOTH-BALLS AND LET SOMEONE ELSE WEAR HIS CROWN

(Associated Press Leased Wire.)  
NEW YORK, Feb. 24.—Apparently absorbed in the gentle arts of matrimony, movies and memoir writing, Jack Dempsey is giving less of his thought in the defense of his heavyweight boxing championship than an industrious group of promoters headed by Tex Rickard.

The latest shift in the program finds Rickard preparing to match Tom Gibbons and Harry Wills for a bout in the spring, to determine an opponent for the champion in September, but there is a growing feeling that Dempsey, or Mrs. Estelle Taylor Dempsey, has decided he will put away the gloves for good. If he adhered to schedule Dempsey would put his crown at stake this season, for he has risked his laurels in outstanding bouts at two year intervals regularly since he toppled Jess Willard from the throne at Toledo in 1919.

He fought Billy Miske and Bill Brennan before making his "big battle of the century" with Georges Carpentier in 1921 at Boyles Thirty Acres, and then was idle until 1923 when he defeated but failed to knock out Tom Gibbons in the

Montana boom town, Shelby, before the drama with Luis Firpo at the Polo Grounds. That was Dempsey's last fight and the one that will be remembered the longest.

Dempsey's most spectacular fights were with Willard, Carpentier and Firpo.

Willard hung on until the start of the fourth round, although knocked down seven times in the opener. Carpentier's famous right connected, once with Dempsey's jaw but the gallant Frenchman was stretched on the canvas in the fourth round of a battle that set a new record for receipts and attendance. Firpo knocked down seven times in the first round, rallied and sent the champion through the ropes with a terrific right, but was finished quickly in the second round.

If Dempsey is persuaded to defend his title once more this year there is little doubt it will be his last win of glory. Financially well off, the champion is known to have a desire to "settle down" and forego the rigors of another training stage.

## CONFERENCE OPENS METHODIST CHURCH

The Portland District Conference of the Methodist church south started here this afternoon. Only a few of the delegates have arrived as yet, but it is expected that there will be more than 75 present representing churches at Portland, Corvallis, Williams, Myrtle Creek, Franklin and Medford. Bishop Dubose of Winston-Salem, North Carolina, is the presiding officer. Bishop DuBoise is the founder of the Epworth League, and the meeting tonight is especially for young people, and all of the young people of the city are invited to attend. The delegates to the conference are being entertained in the homes of local members of the church, and luncheons and dinners are served by the ladies in the banquet room.

## DENY RUMOR OF GLORIA'S DEATH IN PARIS TODAY

Husband of Famous Film  
Actress Says Patient  
Shows Improvement.

TO SAIL FOR U. S.

Officers of Famous Players-  
Lasky Company Deny  
the Report of Her  
Death.

(Associated Press Leased Wire.)  
PARIS, Feb. 24.—Gloria Swanson, the film star who underwent an operation here last week passed a better night, her husband told friends this afternoon. He added, however, that the doctors did not yet consider her out of danger. Her husband, the Marquis De Falaise de la Couray, is in constant attendance at her bedside.

NEW YORK, Feb. 24.—An erroneous report that Gloria Swanson, motion picture actress, had died in Paris today, was uncredited in New York this morning.

A man representing himself as secretary of Adolph Zukor, president of the Famous Players Lasky Corporation informed the Associated Press that a cable had been received announcing her death at noon. Eugene Zukor, treasurer of the corporation, however flatly denied the story, and said that the actress was improving.

The supposed secretary said he had been instructed by Adolph Zukor, whom he represented as being with him in the offices of the Famous Players Lasky Corporation, to inform the Associated Press and newspapers of the death of the actress.

The cablegram, he said, stated Miss Swanson had died at noon and was signed by the physician in attendance. He promised to furnish the text of the cablegram, but when the Zukor officers were called a few moments later and this was requested, it was discovered that the story was false.

Eugene Zukor, stated that Adolph Zukor was abroad and that no cablegrams had been received at the corporation's offices announcing the death. A cablegram was received from Paris, however, saying that Miss Swanson was improving and it was hoped that she would sail for America March 15.

Chinese Teller  
Admits Thefts

(Associated Press Leased Wire.)  
PORTLAND, Ore., Feb. 24.—Paul Wong, Chinese teller at the Northwestern National bank who disappeared a month ago, and who was indicted by a federal grand jury charged with defalcation, surrendered today to the United States marshal. He confessed to defalcations totaling \$5049. United States District Attorney Cooke announced. His bail was set at \$5000.

Mrs. R. A. Hercher was a visitor here this morning from points south of town. Mrs. Hercher resides at Dillard, and was here visiting and shopping.

## KIWANIANS ENJOY MUSIC DAY PROGRAM

Guests on the top floor of the Hotel Umpqua made vicarious complaints to the desk clerk on duty during the noon hour today of the noise and racket caused by a bunch of wild-eyed Kiwanians joyously engaged in celebrating a Music Day program. The Indian room of the Hotel Umpqua may have to be re-plastered and many a Kiwanian ear drum was still vibrating late this afternoon. It was undoubtedly the noisiest meeting ever held by the local club.

Lyman Spencer started the fireworks with a solo with piano and cello accompaniment by Mrs. Lintott and Mr. Canada. He was forced to respond with an encore. The prize contest was a unique stunt arranged by Mrs. Lintott. Ten musical numbers were played and the one possessing the nearest number of titles correct received the prize. Bill Whipple walked away with honors. Bill Ott and Jimmy Goodman played two duets with violin and saxophone which were roundly applauded. Prof. Kazoo and his band shook the rafters for ten minutes, concluding with a march number that would have made John Phillip Sousa blush with envy. Dr. Edgar S. Tullar, of Chicago, Ill., spoke for four minutes, concerning his work in establishing Methodist hospitals. Dr. Tullar has traveled all over the world and is a most interesting speaker. He complimented the Roseburg Kiwanians highly for the lively club they have and stated that it was the best club he has visited on his trip around the nation.

Junior Brunst played two marimba solos and made such a hit that he had to play an encore.

Browns Here Today—  
Mr. and Mrs. O. C. Brown were here today from their ranch near Dixonville. They spent the afternoon visiting and transacting business.

J. M. Myers was here from Hoasleg for a few hours this morning looking after business matters.

## HARTH GETS OFFICE

(Associated Press Leased Wire.)  
PORTLAND, Ore., Feb. 24.—H. H. Sleeb, Portland, was elected president of the Oregon Retail Clothiers and Furnishers Association late yesterday. William Isaacs, of Medford was elected vice-president; Arthur Jones, of Portland, secretary; Gus Kuhn, Portland, treasurer; Henry Harth, Roseburg, national director. The convention closed with a banquet last night. Business generally showed improvement during the past year, dealers declared.

## I. W. W. ATTORNEY DISBARRED TODAY

(Associated Press Leased Wire.)  
OLYMPIA, Wash., Feb. 24.—The supreme court today barred Elmer S. Smith, Centralia attorney on charges of having advocated and approved sabotage, syndicalism and general violation of laws as a means of social reform.

A majority of the judges signed two opinions—two dissenting.

The charges are based principally on speeches which Smith allegedly to have made in 1919, in which he is said to have advocated a general strike to "paralyze all the industries of the state" in order to secure freedom for certain prisoners in state penitentiary.

The majority opinion quoted a number of excerpts from certain literature said to be sponsored by the industrial workers of the world and said to have been distributed at gatherings before which Smith spoke. Referring to the literature the court said:

"In his public addresses, of which he has delivered a great number throughout the state, under the auspices of the industrial workers of the world, the literature of the industrial workers of the world, and said to have been distributed at gatherings before which Smith spoke. Referring to the literature the court said:

"In his public addresses, of which he has delivered a great number throughout the state, under the auspices of the industrial workers of the world, the literature of the industrial workers of the world, and said to have been distributed at gatherings before which Smith spoke. Referring to the literature the court said:

"The opinion denounced the I. W. W. literature. "This literature is vile," the opinion said. "It advocates many serious crimes as the means of carrying out the purposes of the organization and ways are pointed out how the act can be accomplished with the least possibility of detection."

Smith violated his oath as an attorney, the court declared, in advocating these principles.

The findings of the state board of law examiners were filed in the supreme court more than a year ago, January 24, 1924, and the case was heard on appeal by the supreme court June 6, 1924. Judge Mackintosh wrote the majority opinion which was signed by Judges Main, Bridges, Fullerton, Mitchell and Heleomb.

Judge Parker wrote a dissenting opinion, which was concurred in by Chief Justice Tolman, who declared they could not "read in this record any language ever spoken by Smith conveying such sinister meaning as the brethren joining in the majority opinion see therein."

## UNDERWOOD BILL MAY MEET DEATH

(Associated Press Leased Wire.)  
WASHINGTON, Feb. 24.—Belief that the Underwood bill for leasing Muscle Shoals would die in conference was expressed today by Representative Longworth, the republican leader, who said he saw little possibility of senate and house conferees reaching an agreement before the senate would accept before adjournment March 4.

Spends Day in City—  
T. H. Hill, superintendent of the Rock Creek hatchery, spent the day in Roseburg attending to business matters.

## Phantom Finn, Paavo Nurmi, Is Still Running Spectacular Races But Is Not Burning Himself Out

(Associated Press Leased Wire.)  
BALTIMORE, Feb. 24.—Paavo Nurmi, goes his conquering way, but the tireless Finn has no intention of "burning himself out" before the completion of his campaign in this country. A large crowd saw the famous Finn stride easily to triumph last night in a two mile race at the Johns Hopkins Fifth Regiment games, but though Nurmi was credited with a somewhat doubtful record for 3,000 yards on the way to the finish, he took matters rather easily.

At no time did he extend himself. Nurmi's time was 3:18 4-5 more than 20 seconds slower than his own world's record. His 3,000 yard time was 7:54 3-5. Nurmi left immediately after the race for

## EBERT SUFFERS OPERATION FOR APPENDICITIS

President of German Re-  
public Seriously Ill but  
Is Rallying.

#### OPERATION SUCCESS

Herr Ebert Refused to Take  
Rest and Condition  
Gradually Grew  
Worse.

(Associated Press Leased Wire.)  
BERLIN, Feb. 24.—President Ebert underwent an operation for appendicitis early today in the West Sanitarium.

In a statement his surgeons said that the operation was successful and that the president's condition was satisfactory.

The operation was performed by Professor August Bier of Berlin University, one of the most eminent surgeons in Germany.

The president had not been in good health for the last two weeks, being confined to his bed most of the time. He was supposed to be suffering from influenza, but found himself able to attend the presidential farewell luncheon for the departing American ambassador, Mr. Houghton, last Tuesday.

Subsequently he grew worse and was compelled to cancel all engagements. The attack of appendicitis came on top of gallstone trouble from which the president has also suffered.

The surgeons gave no details beyond stating that Herr Ebert was under the anesthetic for an hour and that he had "passed a satisfactory night." A similar statement was made by the president's secretary.

The doctors have repeatedly urged Herr Ebert to take a long rest and seek a cure, but he has refused, as he felt that his official duties required his presence in Berlin.

The patient's temperature rose very high immediately after the operation, but toward 4 o'clock it sank to 39 centigrade (102.2 Fahrenheit).

Frau Ebert went to the sanitarium to see her husband at 9 o'clock and about an hour afterward the announcement was made that his condition was satisfactory.

The Socialist newspaper Vorwaerts expresses uneasiness about possible unrest which President Ebert's illness may cause in the political situation, and adds:

"It is to be hoped that the surgeon will succeed in preserving Herr Ebert's life, but he has refused, and vital importance not only to his family and friends, but to the entire German people."

BERLIN, Feb. 24.—An official bulletin issued at 12:45 o'clock this afternoon reads:

"President Ebert's condition is satisfactory. The fever, which rose very high during the night, has receded. His convalescence is expected to take three or four weeks."

#### FORMER PREMIER DIES

(Associated Press Leased Wire.)  
STOCKHOLM, Feb. 24.—Hjalmar, former premier, died shortly after noon today.

#### LLOYD GEORGE BETTER

(Associated Press Leased Wire.)  
BIRMINGHAM, England, Feb. 24.—The condition of former Premier Lloyd George who was taken ill with a sore throat here Saturday was improved today. His temperature is normal.

#### New York to compete there tonight in a benefit meet for the Cathedral of St. John The Divine.

(Associated Press Leased Wire.)  
BALTIMORE, Feb. 24.—Paavo Nurmi's rapidly growing American literary is "practically certain" to include a trip to the Pacific Coast the last week of April, according to Hugo Quist, the phantom Finn's trainer and advisor.

Invitations for both indoor and outdoor meets in the next few months have been received, but he will accept only a small percentage of them. They have come from Washington and California, Texas, Georgia, Iowa, Kansas, Illinois and Ohio.
