Miss Wharton is physical education teacher in one of the schools at Honolulu. Mr. Skinner states that his trip was a very interesting one, and that he had a splendid time.

DIVORCE COMPLAINT IN CIRCUIT COURT

Her husband uses Copenhagen snuff and takes a bath only at "rare and infrequent intervals," Edna Cox claims in a divorce complaint filed in the Circuit Court today. She alleges that her husband, Bert E. Cox, curses and abuses her and makes false accusations against her, and also that he gambles and drinks, and refuses to take her to any social occasions. She asks for the custody of a minor child, and wants \$15 per month for support of herself and child. She is represented by Attorney Carl Wimberly.

FEAR FOR SAFETY OF BEND TRAPPER

(Associated Press Local Wire.) BEND, Ore., Feb. 24.—Fears for the safety of Charlie George, Tualuma trapper who has not been heard of for more than 30 days, were increased today when Allen Wilcox and R. W. Sawyer returned from Elk Lake and brought word that he had not been heard of there. A searching party is being organized today. While George has worked out from his cabin at Tualuma he also goes to a cabin at the foot of Broken Top, but has visited neither of these during the 30 days. Other cabins along the trail are not only hard to find in the storms which have raged in the Cascades during the last month but none of them had food enough to do for the length of time George has been missing. Anxiety for his safety was not felt until a few days ago when he failed to return to either of the cabins.

Shocks Pastor

The terpsichorean antics of "Dancing Dolly" Moore, one of the disciples of jazz who entertained at the annual banquet of the American Legion Post at Rockville, Md., so shocked the Rev. Nolan D. Harman, Jr., chaplain of the post, that he resigned immediately from his position.

Is Undaunted

Even wading knee-deep through flooded streets does not seem to "keep the trusted messengers from their appointed rounds." But everyone else suffered with the letter carrier in Syracuse, N. Y., when the Onondaga Creek overflowed its banks and inundated the countryside.

TODAY AT THE STATE LEGISLATURE

HIGH FEE RATE ON TRUCKS AND BUSES.

(Associated Press Local Wire.) STATEHOUSE, Salem, Oregon, Feb. 24.—In the face of opposition from the house roads and highways committee, the house today by a vote of 24 to 23 voted to concur in senate amendments to house bill 413 levying a high fee rate on buses and trucks operated as common carriers. The senate raised the millage rate of three cents of a cent a mile per passenger seat on buses and per ton capacity on trucks to three quarters of a mill on buses and one mill on trucks. The senate also amended the law so as to exclude all peddlers, trucks, oil trucks, grocery and bakery trucks and others running outside of corporate cities from provisions of house bill 413 raising their rates. Senator Joseph's Joint resolution number 7 proposing a constitutional amendment whereby the state to engage in hydro-electrical development was killed in the senate today. Joseph's joint resolution number 16, providing for a change in the recall provision of the state constitution was adopted. The Joseph amendment provides that in recall elections no candidates for the office shall be voted on and in the event the official is recalled, his successor would be appointed by the appointive power. Only Senators Dunn and Taylor voted against the resolution. Representative Hurlburt's joint resolution providing for a constitutional amendment whereby the legislature could curb the power of the governor to grant paroles and pardons was indefinitely postponed. Oregon is not to get a divided session of the legislature or increased pay for members of the legislature, the senate today killing by indefinite postponement the house resolutions 13 and 17, providing respectively for those amendments to the constitution. House joint resolution 16, providing for consolidation in state government was indefinitely postponed. Other measures killed by indefinite postponement in the senate included: H. B. 355, Carlin—Allowing appeal to board of control from tax levies made by counties and municipal corporations. S. B. 252 (Substitute for S. B. 262) regulating automobile mechanics. The house today passed H. B. 510 permitting railways to acquire water rights for necessary operating purposes. The bill is a substitute for H. B. 152, passed but vetoed by the governor as he deemed it inimical to the interests of land and water owners of the state. The former bill gave the railroads wide water rights powers. The amended bill, which is said to be satisfactory to the governor specifies that not more than 10 cubic feet of water per second may be acquired by condemnation proceedings. House bill 416 providing for a classification of denuded lands for reforestation was passed yesterday afternoon by the house with 16 dissenting votes. The measure was voted down last week, but ordered reconsidered.

ATEMPT TO SNEAK GOV. OF POWER IS FAILURE.

(Associated Press Local Wire.) STATEHOUSE, Salem, Oregon, Feb. 24.—The attempt of a group in the house to shear the governor of appointive power on the fish commission ended in failure yesterday afternoon, when the house by a vote of 31 to 27 adopted the minority report of the judicial committee calling for indefinite postponement of the bill. "The governor will veto the bill and there is nothing to be gained by continuing this wrangle," declared Representative Graham of Forest Grove. Over the protest of tobacco dealers, who were heard by the ways and means committee last night, the committee reported out favorably a bill to tax tobacco in all forms. Fees paid by motor buses operating on the Oregon highways are increased from about \$27,911 to \$27,211 and fees paid by trucks from \$28,721 to \$17,230 under the bus bill, a house measure that passed the senate late yesterday. With only three negative votes, house bill number 87, which provides for the re-establishment of the Ashland normal school, passed the senate late yesterday. Those voting against the bill were Bruyer, Taylor and Zimmerman. The bill was passed after several members, led by Ritter, had made a determined effort to have it recommitted. So that the referendum clause might be attached. Senator Dunn led off with a speech in favor of the bill, pointing to the need for an additional normal school both geographically and educationally. The senate passed house bill No. 259, which increases the salaries of the secretary of state, the state treasurer and the attorney-general. The two former are increased from \$4500 to \$5400 each and the latter from \$4,000 to \$5,000. The senate passed house bill 261, H. B. 264, regulating use of spotlights and headlights on motor vehicles. H. B. 435, by Douglas delegation, providing for closing of certain estuary known as Rainbow Basin. H. B. 36, Gordon—appreciating money for W. C. T. U. farm home near Corvallis. Among bills signed by Governor Pierce are: H. B. 200, by committee on judiciary—Granting to the city of Medford authority to use the waters of the Hitt Butte creek. S. B. 22, by Ritter—To permit irrigation districts under contract with the United States to cancel assessments levied to pay charges. S. B. 773 by Upton—To require adjustment of water claims under the Carey act.
