HEAR BETSY LANE SHEPHERD MAR. 6

Among the American singers who have come into prominence in recital halls and have, by the artistry of their songs, proved that our nation is capable of producing and training splendid vocalists, few have met with such widespread recognition as Betsy Lane Shepherd who appears in a recital at Antlers theatre on the evening of Friday, March 6th.

Gifted soprano, here is an case of singing that captivates the hearers, the bird-like notes coming forth in prodigal fullness. There is delicacy in the beauty of her tone, fine expression in her interpretation, and when demanded a splendid strength and power. A natural voice, she has trained this instrument until it is adequate for all demands of sustained lyrics and florid passages.

Miss Shepherd was born in Pennsylvania, of parents who were musicians of exceptional ability. The musical environment in which she lived, together with her diligent study and untiring energy, have brought her musicianship to the present state of perfection.

The many and separated parts of this country that have heard her are agreed that her recitals are ever welcome delights. They alike praise her winning personality, clear expression, and her talented interpretation of unusual and varied programs. Not alone in recitals, but as soloist with oratorio societies and orchestras is her thorough training visible. She is unusually versatile and the wide range of her voice encompasses either dramatic or coloratura roles with equal facility and art.

It is expected that this concert will undoubtedly prove one of the outstanding features of the musical season here.

Admittance will be by card of introduction only, which may be secured from Ott's Music Store.

Our reputation is at stake. We would not dare misrepresent. You of GRIMM BROS. MILK BREAD and you cannot fail to agree.—Phone 133.

MEETING AT GLIDE ON FRIDAY, MARCH 6

At the request of Glide Grange, Mr. B. W. Cooney, county agricultural agent, will outline a campaign against the digger squirrels, at a meeting to be held in the Glide school building, Friday evening, March 6th.

This Grange has been active in promoting plans for the complete extermination of these and other rodent pests in this district and the community as a whole, is entering heartily into Mr. Cooney's campaign. While desultory poisoning has been practiced at odd times by most of the farmers no cooperative effort has yet been made to clean out the diggers and they are rapidly becoming more and more a menace to the crops.

It is estimated by experts that a single squirrel will consume or destroy at least one dollar's worth of farm products each year and considering their increase at the rate of thousands per year the damage they do is becoming a serious matter. They are, to a certain extent, migratory and poisoning on one ranch will not be effective if they are to be permitted to breed undisturbed on the ranch adjoining.

The grange will be very glad to have any property owners adjoining this district meet with Mr. Cooney Friday evening and help plan for cooperative action on as big a scale as possible.

Don't Fuss With Mustard Plasters!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia).

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

SCHAEFER VICTOR OVER WILLIE HOPPE

(Associated Press Leased Wire.)

CHICAGO, March 4. — A new King reigns in the realm of 18.2 balkline billiards.

He is young Jake Schaefer, the scion of a royal billiard family, who wears the crown by virtue of his defeat of Willie Hoppe 400 to 173 in eight innings in the closing match of the eleventh international tournament. It was Hoppes' second defeat by Schaefer in 17 years.

Schaefer's record showed five straight victories and no defeats. Edouard Horemans, the Belgian champion, who eliminated Hoppe from title consideration Monday won second honors.

The new champion was off stroke in the early innings of his match last night and trailed until the final inning, when he went out with a run of 296, playing with perfect technique. Hoppe congratulated his conqueror and said he deserved the defeat, having passed up numerous chances to win by being off stroke.

With the title goes $3,000 and the diamond medal, emblematic of the championship.

Winners of other sums were Ho[illegible]ns, second $1,500; Hagenlach[illegible] third, $1,000; Hoppe, fourth, $750; and Welker Cochran, fifth, $250; Kamekichi Suzuki, the Japanese who lost every game did not figure in the prize money.

LADIES ORCHESTRA COMING SATURDAY

A fine musical entertainment is scheduled for Saturday evening, March 7, when the Columbia Ladies Concert Orchestra appears at the high school auditorium under the auspices of the high school student body association. This organization is composed of a group of musicians of more than ordinary ability and they have been making a decided hit with music lovers wherever they have appeared. The young ladies, under the direction and leadership of Francis Knight, a well known musician of Portland, have been making a tour of the state, just returning from Coos Bay, where they played several concerts in Marshfield, North Bend and other points.

Each member of the company is an accomplished soloist, and individual numbers will be presented in addition to the concert and symphony selections. A vocalist also accompanies the orchestra, and vocal solos are interspersed with with the instrumental numbers.

A program will be given in the afternoon for school children, and in the evening the entertainment will be open to the public, a very nominal admission fee being charged.

HARRY WILLS TO GET A CHANCE AT THE CHAMPIONSHIP

(Associated Press Leased Wire.)

NEW YORK, March 4.—Harry Wills, negro native of New Orleans is one of the boxing games greatest characters, but has never had a championship.

A year ago fame and fortune appeared to be within the grasp of the giant stevedore for he conquered Luis Angel Firpo, famous product of the Argentine, the man who had knocked the champion, Jack Dempsey, out of the ring.

Will's strategy completely baffled the "Wild Bull", the negro waving a "red flag" in the form of a right hand body blow, taunting and taunting.

When Wills and Firpo eatered the ring that night a battle with the champion was reported to be the prize. Today the negro faces another preliminary test before he can hope to meet Dempsey. His challenge is in the hands of the New York State Athletic Commission which proposes to take some action Friday. Other papers, signed by Tommy Gibbons of St. Paul, are before the commission and the result may be a stipulation by the New York boxing body that Wills and Gibbons meet for the right to fight the champion.

Wills first came to light in 1911, and has defeated such fighters as Battling Taylor, Sam McVey, Sam Langford, Jeff Clark, Bill Tate, Battling McCreary, Gunboat Smith, Kid Norfolk, Tud Jackson, Homer Smith, Bartley Madden and Firpo.

Only one knockout has come to Harry, that at the hands of the mighty Sam Langford of Boston after 19 rounds in 1916.

Standing six feet, three inches, of marvelous physique the 42 year old Wills still looks forward to capturing first honors but fears his brittle hands.
